How To See The British Museum In Four Visits W. Blanchard Jerrold, 2023-08-01

How to See the British Museum in Four Visits by W. Blanchard Jerrold: The British Museum is one of the world's largest and most famous museums, and it can be difficult to know where to start when visiting. This book provides a guide to seeing the museum in four visits, each focusing on a different area of the collection. The first visit focuses on the Egyptian and Assyrian collections, which include some of the most famous artifacts in the world, such as the Rosetta Stone and the Parthenon sculptures. The second visit focuses on the Greek and Roman collections, which contain a vast array of sculptures, pottery, and other artifacts. The third visit focuses on the European collections, which include paintings, sculptures, and other artifacts from a variety of countries. The fourth and final visit focuses on the Middle Eastern and Asian collections, which contain a wide range of artifacts from these regions. The book also includes a number of helpful tips for visitors, such as how to get to the museum, where to eat, and what to pack. It is an essential guide for anyone planning to visit the British Museum.

How to Compete in the Age of Artificial Intelligence Soumendra Mohanty, Sachin Vyas, 2018-09-25

Get started with artificial intelligence in your business. This book will help you understand AI, its implications, and how to adopt a strategy that is rational, relevant, and practical. Beyond the buzzwords and the technology complexities, organizations are struggling to understand what AI means for their industry and how they can start their journey. *How to Compete in the Age of Artificial Intelligence* is not a book about complex formulas or solution architectures. It goes deeper into explaining the meaning and relevance of AI for your business. You will learn how to apply AI thinking across enterprise functions, including disruptive technologies such as IoT, Blockchain, and cloud, and transform your organization. What You'll Learn: Know how to spot AI opportunities and establish the right organizational imperatives to grow your business. Understand AI in the context of changing business dynamics and the workforce skills required to succeed. Discover how to apply AI thinking across enterprise functions, from the boardroom to cybersecurity. IoT, IT operations, policies, and implement a sustainable and integrated human-machine collaboration strategy. Who This Book is For: CxOs, senior executives, mid-level managers, AI evangelists, digital leads, and technology directors.
