Geri: A Post-Pandemic LGBTQ+ Novel About Something Paul Lima,2020-10-07 Geri A Post Pandemic LGBTQ Novel About Something Geri a talented but unknown non binary stand up comedian and carpenter navigates their LGBTQ life in the city with three LGBTQ roommates The novel is in some ways a parody of the heterosexual series Seinfeld but it is its own story Geri will be published mid October 2020 Main Characters Geri Sender a non binary stand up comedian and carpenter who lives in a house flat with three LGBTQ friends Ellie Kim Geri s former lesbian lover and aspiring playwright who works part time in the box office of the Rainbow Theatre Jorge Costa a constantly employed and then unemployed gay person of color looking for love through a dating website Krystal Orbit a wacky yet outspoken trans gender person who has not yet made the transition Geri and Ellie love each other but since their break up they bicker over aspects of life and act as if they don t miss what was once a strong physical relationship Jorge is frequently unemployed and trying to establish a new relationship through a dating website Krystal is wacky but has a serious side she has come to a trans gender conclusion but has trouble walking in heels even though she likes to dress to nines *Emerging Trends in Smart Societies* Worakamol

Wisetsri,Philip Clingan,Rocky J. Dwyer,Dilrabo Bakhronova,2024-06-24 *Emerging Trends in Smart Societies* Interdisciplinary Perspectives captures the essence of the groundbreaking initiative heralded by the inaugural International Conference on Humanities for Smart Societies 2023 HMSS 23 This milestone event convenes a global cohort of scholars policymakers and thinkers transcending geographical confines via a pioneering virtual platform The book crystallizes the convergence of diverse disciplines from humanities to management fostering an exchange of innovative ideas vital for sustainable digitally transformed societies By orchestrating cross disciplinary dialogues this anthology unveils novel solutions and holistic approaches to contemporary challenges *SALES TRAINING: The art of selling to intelligent people* ,2015-11-21 How will this book benefit you Sales people often think If I m hard working and honest with my customers why do I need a better understanding of things like neuroscience the psychology of trust and reverse psychology The answer is simple there are some truly amazing sales people who go the extra mile to collect their customers at the airport entertain them at restaurants

tell funny jokes on LinkedIn and then after doing all these things to impress customers they find out that the customer bought from their competitor who did not do any of these things to impress them Sometimes the customer can even perceive dedicated sales consultants as being desperate causing them to lose the deal Other sales people still attempt to use mental strategies to persuade their customers to buy their products or services and by doing so they seem to forget that resistance to persuasion is a common reaction in all human beings This results in salespeople failing to close straightforward sales that should have been very easy to close This is precisely why salespeople need a deeper understanding of how customers think whom they trust and why they decide to buy Appreciating these concepts will give you a real edge as a salesperson you will gain the confidence and proficiency to take your sales performance to the highest level All the techniques found in this book focus on smarter sales not harder sales Hopefully by the end of this book you will have understood that sales success does not depend on your desire to sell or on how hard you try Rather it depends on your ability to understand the mechanisms that underlie the buying process You will learn to be a smarter salesperson who is confident and relaxed and can dextrously use a handful of strategies leading to success What this book is NOT about Now let s be clear about something some people think that this book is about the dark side of sales However this is not the case Au contraire if you are stuck in a pattern where you are currently using questionable sales techniques that are making good money but is bad for your reputation you re about to learn new methods that are more effective and will give you an excellent reputation instead The methods described in this book are insightful rather than dubious Who is this book for There are three groups of people who will benefit tremendously from reading this book Firstly if you already work in sales and perform well but somehow find that over time your reputation is suffering in the process Secondly if you are totally new to sales and would like to get it right from the start with this book you can learn to master the psychology of selling so that you never struggle in this profession Thirdly if you work in sales have a good reputation but you need to increase your conversion rate to see better performance this book will allow you to fine tune your selling approach Cautionary notes The tactics explained in this book are best used when selling a credible product or service to the right prospect Please don t abuse these tactics to try and manipulate buyers into spending their money on inferior products that they will regret buying After all it is your responsibility to preserve your long term reputation as a sales professional
