Narratives, Nerdfighters, and New Media Jennifer Burek Pierce, 2020-11-15
For decades we've been warned that video killed the radio star and more recently that social media has replaced reading
Nerdfighteria a first of its kind online literary community with nearly three million members challenges these assumptions
It is the brainchild of brothers Hank and John Green who provide literary themed programming on their website and YouTube channel including video clips from John a best selling author most famous for his young adult book *The Fault in Our Stars*
These clips not only give fans personal insights into his works and the writing process writ large they also provide unique access to the author inspiring fans to create their own fan art and make connections with one another
In the twenty first century reading and watching videos are related activities that allow people to engage with authors and other readers
Whether they turn to *The Fault in Our Stars* or titles by lesser known authors Nerdfighters are readers
Incorporating thousands of testimonials about what they read and why Jennifer Burek Pierce not only sheds light on this particular online community she also reveals what it tells us about the changing nature of reading in the digital age
In Nerdfighteria we find a community who shows us that being online doesn't mean disinterest in books

Why is crunchy food so appealing
Why is it so hard to find words for flavors and smells

Why doesn't the stomach digest itself How much can you eat before your stomach bursts Can constipation kill you Did it kill Elvis In *Gulp* we meet scientists who tackle the questions no one else thinks of or has the courage to ask We go on location to a pet food taste test lab a fecal transplant and into a live stomach to observe the fate of a meal With Roach at our side we travel the world meeting murderers and mad scientists Eskimos and exorcists who have occasionally administered holy water rectally rabbis and terrorists who it turns out for practical reasons do not conceal bombs in their digestive tracts Like all of Roach's books *Gulp* is as much about human beings as it is about human bodies
