The Little Book of Second Mentions Juliet & Matthew Maguire, 2025-08-19 To avoid repetition journalists often try to be creative when referencing something for the second time in a news article for example Boris Johnson at the first mention could become the blond buffoon at the second mention while Donald Trump could become

the bloviating billionaire with extra points for alliteration Once you see one you start seeing them everywhere and it becomes addictive This grammatical tool christened elegant variation is used by journalists trying to avoid making their articles boring through repetition but its use is not an exact science and the results can sometimes be hilarious Every day the Second Mentions team is sent examples of these spotted by journalists who are keen to point out shining examples used by their fellow writers or sometimes claiming responsibility for their own efforts and non journalists who enjoy the simple pleasure of happening upon these second mentions while reading news articles And so from distended dachshunds to marine marauders and from 5ft 1in nonagenarians to pear shaped money guzzlers The Little Book of Second Mentions is the perfect gift for everyone with an inventive passion for the English language from those with a general interest in current affairs to those working in the media

Digital Etiquette For Dummies Eric Butow,Kendra Losee,Kelly Noble Mirabella,2022-04-26 Mind your online P s and Q s with this expert digital manners guide Conducting yourself online can be challenging It sometimes seems like the web and social media is tailor made to cause upset and anger But with the right guide anyone can learn how to be a beacon of civility and politeness online In Digital Etiquette For Dummies a team of online communication experts share their combined insights into improving your presence on social media writing emails that exude positivity and clarity behaving correctly in virtual meetings and much more You ll become a paragon of politeness as you learn to apply the timeless rules of etiquette to the unique environment of the web social media email Zoom and smartphones In this book you ll also Learn near universal etiquette rules for email social media cellphones and more Discover ways to make sure that your polite attitude isn t being lost in the text only context of a business email Avoid common social media pitfalls and digital faux pas that can trip up even the most careful communicators A great handbook for anyone who uses digital communication in business or in their personal life so pretty much everyone Digital Etiquette For Dummies also belongs on the reading lists of those trying to improve their online interactions on social media
