Includes Self Publishing in the 2020s and Marketing Your Book to Libraries. Your Construction and Marketing Blueprint.

Spies, Lies & Red Tape Amit Bagaria, 2019-10-09 The Gang of Six were clinching their fists under the 21 seater oval teak table in the PMO in New Delhi. How could their Prime Minister speak to them like that? How does the Constitution of India allow such people with just 35 seats out of 543 in the Lok Sabha to become the PM? The Indian PM's aircraft took off from Islamabad Airport at 7:45 am IST and was scheduled to land at the Indira Gandhi International Airport (IGIA) in New Delhi at 9:10 am IST. When the aircraft started deviating from its scheduled route there was panic at the IGIA air traffic control tower. By 9:15 am IST the aircraft was seen heading south when it became out of range of the radars at IGIA. Had the PM's aircraft been hijacked? Was it headed to Sri Lanka or the Maldives? The defence minister, external affairs minister and the

NSA had accompanied the PM to Islamabad In their absence the best men to contact the Indian Air Force Chief were the cabinet secretary or the defence secretary Both men tried to get hold of him but to no avail He was not answering his office or mobile phone They tried the Vice Chief and got no response either What in hell was going on By 9 45 am IST Indian Army soldiers in battle gear began arriving in army trucks at North and South Block and at various other ministry buildings spread across Lutyens Delhi Hundreds of soldiers also arrived at the residences of the union ministers in the 28 7 km² Lutyens Bungalow Zone At 9 45 pm Pakistan Time about five hours after the Indian generals had finished the press conference in New Delhi and about two hours after millions had started demonstrating on roads across fifty plus Indian cities Prime Minister Irfan Khan chaired a meeting of Pakistan s National Security Council A plan of action was framed

Book Wars John B. Thompson, 2021-03-04 This book tells the story of the turbulent decades when the book publishing industry collided with the great technological revolution of our time From the surge of ebooks to the self publishing explosion and the growing popularity of audiobooks Book Wars provides a comprehensive and fine grained account of technological disruption in one of our most important and successful creative industries Like other sectors publishing has been thrown into disarray by the digital revolution The foundation on which this industry had been based for 500 years the packaging and sale of words and images in the form of printed books was called into question by a technological revolution that enabled symbolic content to be stored manipulated and transmitted quickly and cheaply Publishers and retailers found themselves facing a proliferation of new players who were offering new products and services and challenging some of their most deeply held principles and beliefs The old industry was suddenly thrust into the limelight as bitter conflicts erupted between publishers and new entrants including powerful new tech giants who saw the world in very different ways The book wars had begun While ebooks were at the heart of many of these conflicts Thompson argues that the most fundamental consequences lie elsewhere The print on paper book has proven to be a remarkably resilient cultural form but the digital revolution has transformed the industry in other ways spawning new players which now wield unprecedented power and giving rise to an array of new publishing forms Most important of all it has transformed the broader information and communication environment creating new challenges and new opportunities for publishers as they seek to redefine their role in the digital age This unrivalled account of the book publishing industry as it faces its greatest challenge since Gutenberg will be essential reading for anyone interested in books and their future
