The Rational Animal Douglas T Kenrick, Vidas Griskevicius, 2013-09-10 Why do three out of four professional football players go bankrupt How can illiterate jungle dwellers pass a test that tricks Harvard philosophers And why do billionaires work so hard only to give their hard earned money away When it comes to making decisions the classic view is that humans are eminently rational But growing evidence suggests instead that our choices are often irrational biased and occasionally even moronic Which view is right or is there another possibility In this animated tour of the inner workings of the mind psychologist Douglas T Kenrick and business professor Vidas Griskevicius challenge the prevailing views of decision making and present a new alternative grounded in evolutionary science By connecting our modern behaviors to their ancestral roots they reveal that underneath our seemingly foolish tendencies is an exceptionally wise system of decision making From investing money to choosing a job from buying a car to choosing a romantic partner our choices are driven by deep seated evolutionary goals Because each of us has multiple evolutionary goals though new research reveals something radical there s more than one you making decisions Although it feels as if there is just one single self inside your head your mind actually contains several different subselves each one steering you in a different direction when it takes its turn at the controls The Rational Animal will transform the way you think about decision making And along the way you ll discover the intimate connections between ovulating strippers Wall Street financiers testosterone crazed skateboarders Steve Jobs Elvis Presley and you

Silvers,2013-12-31 In a nation rampant with political confusion economic upheaval societal splintering a breakdown in simple civility and the reality of fractured families its difficult to even imagine what todays young people may face in fifty to sixty years The future of our children our grandchildren and our great grandchildren rests squarely upon our shoulders In Somebody Forgot to Tell the Kids author Jeanne S Silvers examines the state of the world from the churchs perspective Through this discussion she addresses a conundrum Is the church in America largely ineffective today because of the depraved state of our society or is our society in that corrupt state because the church is largely ineffective Silvers uses personal anecdotes and stories from Scripture to present her ideas about leaving a legacy of Christian values for modern youth Somebody Forgot to Tell the Kids examines how our world has become what it has and provides solutions for turning it around and beginning to minister the grace and

compassion of Jesus to a broken nation Silvers shows how it took only one man on Mount Carmel to set a nation on a new path one faith filled man who was willing to step out from the crowd and obey the Lord Will there be one of these for America
