Neighbourly Nat Cuddington,2022-05-24 Isla doesn t want a boyfriend She s almost 30 and her last breakup took a lot out of her She ll just keep working at a fancy pizza restaurant with her friend Claire and selling clay sculptures on Etsy But there s a big romance movie being filmed in her town and Logan Jackson star of the popular TV show Neighbourly is in it And Isla gets a job bringing pizza to the set Claire listens in fascination as Isla tells her about her experience dealing with Logan Jackson but Isla s mortified She can t seem to form proper sentences around him or even keep food in her mouth while in his presence What s even worse is they keep running into each other outside of the movie set and Isla suddenly forgets how to act like a human being every time Logan doesn t notice anything strange though and they start to form a friendship A friendship that

everyone in town sees as something more When Logan asks Isla to keep up the charade for the media she agrees to play along on the grounds that they don't kiss or touch each other's butts Because like Isla said she doesn't want a boyfriend Not even if it's Logan Jackson Of course she doesn't , [DSLR Fundamentals](#) Brent G. Betz,2012-08-10 DSLR Fundamentals An Introduction To Photography is written specifically for the beginning photographer The book uses text images tables diagrams video and reference material to explain and teach a variety of concepts such as setup shooting technique processing and sharing The volume covers setting up your DSLR how to shoot properly exploring predefined shooting modes learning manual settings aperture shutter speed ISO basic equipment needs composition and technique image storage and organization image editing software sharing syncing and backing up reference materials and more **Privacy in the Age of Big Data** Theresa Payton,Ted Claypoole,2023-03-15 A thorough update to a classic in the field of privacy and big data We have a global privacy problem The average person provides more information about themselves to more outsiders than any time in history Corporations governments and even our neighbors can know where we are at times can quickly learn our preferences and priorities and see who we meet The past decade has brought deep changes in the collection of our private information the regulation of that collection and in people's sensitivity to loss of privacy The nascent privacy threatening technology trends of a decade ago have blossomed into relentless data capturing systems that police and companies have come to rely on To address the expansion of personal data capture entire data regulatory regimes have arisen throughout the world with new regulations added each year People are more concerned regulators are more aggressive yet data collection continues to increase with consequences around the world Social media use has fragmented in the past five years spreading personal information over dozens of platforms Even most of our new televisions have started collecting second by second information about our households recently and some of those televisions can recognize the individuals watching and the devices they carry Amazon just activated a new worldwide network using bandwidth from personal wifi of Echo devices and Ring security systems The beat of new intrusions never seems to end These data trends are relentless and yet response to the pandemic accelerated them Rapid development of contactless everything became the norm Contact tracing apps became acceptable QR codes for everything from menus to contact information were created quickly Businesses are faced with hybrid in office and remote workforces More people are dependent on online and mobile technologies for food medicine and even human connection And each of these contacts can be captured somewhere and logged in a file for marketing or surveillance People want to keep their lives private but they don't know how The second edition of Privacy in the Age of Big Data addresses the significant advances in data driven technology their intrusion deeper in our lives the limits on data collection newly required by governments in North America and Europe and the new security challenges of world rife with ransomware and hacking This thoroughly updated edition demonstrates personal privacy vulnerabilities and shows ways to live a safer more private life Other privacy books tend to focus deeply on the evils of large tech companies or more academic

and technical concerns But Privacy in the Age of Big Data second edition helps regular people understand the privacy threats and vulnerabilities in their daily lives and will provide solutions for maintaining better privacy while enjoying a modern life Unlike other books this one shows what you can do to make a difference to understand your current digital footprint and what you need to do to claw back your privacy and secure it in the future While PRIVACY IN THE AGE OF BIG DATA will have cross sectional appeal to many demographics working adults 25 60 and CEOs and Boards of businesses are the primary demographic young enough to know we need to do something to protect privacy and old enough to remember what happens when we haven't in the past With down to earth prose and examples pulled from daily life the writing style will attract buyers of all education levels
