How to Create Selling eCommerce Websites Smashing Magazine, 2012 Designing and developing e-commerce websites is a puzzle with thousands of pieces. Not only are the layout and structure of your Web store important, but you also have to keep the user experience and conversion rates in mind. These are what, in the end, really convince your clients/customers to click that shiny Buy now button. In this eBook, you will be studying the universal principles for successful e-commerce websites, which include improving your checkout process and making your product displays more attractive. In reality, optimizing your conversion rates takes little effort. Find out how to resolve small usability issues to immense effect. Are you familiar with A/B and multivariate testing? Use them to figure out how customers respond to minimal changes in design, content, structure, and check-out convenience. Customers decide whether to stay on a page in just a few milliseconds, so you better make them count. Only outstanding articles have made it into the book, according to Smashing Magazine's high quality standards. Our authors are professionals, and their careful research figures largely in the book. Take the advice of experts who know exactly what they are writing about.
