The Power of Sports Michael Serazio, 2019-04-23 A provocative must read investigation that both appreciates the importance of and punctures the hype around big time contemporary American athletics In an increasingly secular fragmented and distracted culture nothing brings Americans together quite like sports On Sundays in September more families worship at the altar of the NFL than at any church This appeal which cuts across all demographic and ideological lines makes sports perhaps the last unifying mass ritual of our era with huge numbers of people all focused on the same thing at the same moment That timeless live quality impervious to DVR evoking ancient religious rites makes sports very powerful and very lucrative And the media spectacle around them is only getting bigger brighter and noisier from hot take journalism formats to the creeping infestation of advertising to social media celebrity schemes More importantly sports are sold as an oasis of community to a nation deeply divided They are escapist apolitical the only tie that binds In fact precisely because they appear allegedly above politics sports are able to smuggle potent messages about inequality patriotism labor and race to massive audiences And as the wider culture works through shifting gender roles and masculine power those anxieties are also found in the experiences of female sports journalists athletes and fans and through the coverage of violence by and against male bodies Sports rather than being the one thing everyone can agree on perfectly encapsulate the roiling tensions of modern American life Michael Serazio maps and critiques the cultural production of today s lucrative ubiquitous sports landscape Through dozens of in

depth interviews with leaders in sports media and journalism as well as in the business and marketing of sports The Power of Sports goes behind the scenes and tells a story of technological disruption commercial greed economic disparity military hawkishness and ideals of manhood In the end despite what our myths of escapism suggest Serazio holds up a mirror to sports and reveals the lived realities of the nation staring back at us *Technology for Education and Learning* Honghua Tan,2012-02-15 This volume contains 108 selected papers presented at the 2012 international conference on Technology for Education and Learning ICTEL 2012 Macau China March 1 2 2012 The conference brought together researchers working in various different areas of Technology for Education and Learning with a main emphasis on technology for business and economy in order to foster international collaborations and exchange of new ideas This proceedings book has its focus on Technology for Economy Finance and Education representing some of the major subareas presented at the conference **A Brief History of Basketball in the Mediterranean - From Shore to Court** Luckey Helms,2024-07-26 Dive into the rich history and cultural significance of basketball in the Mediterranean with A Brief History of Basketball in the Mediterranean This book explores how basketball has flourished in this diverse and historically rich region from its introduction in the early 20th century to its current status as a beloved sport that unites communities and fosters regional pride Read about key moments and influential figures that have shaped Mediterranean basketball including the rise of early professional clubs and the success of players important players Discover the unique blend of styles and strategies in the region and learn about the cultural significance of basketball in fostering community and identity Through detailed research and engaging storytelling A Brief History of Basketball in the Mediterranean highlights the sport s evolution and its impact on the region s social and cultural landscape This book is an essential read for basketball enthusiasts historians and anyone interested in the intersection of sports and society in the Mediterranean **DK Essential Internet Guide** Brian Cooper,Annalisa Milner,Tim Worsley,2001-04-30 This book is an easy to follow guide to using your PC to explore the Internet with explanations of everything from modems and browsers to search engines and metatags Pounding the Rock Marc Skelton,2019-03-12 Welcome to Fannie Lou Hamer Freedom High School in a working class corner of the Bronx where a driven coach inspires his teams to win games and championships and learn Russian history and graduate and go on to college In 2006 the Fannie Lou Hamer Panthers basketball team was 0 18 Since 2007 the year Marc Skelton a New Hampshire native took over as head coach the Panthers record has been 228 68 and they ve won three Public School Athletic League championships and one statewide championship This tiny 400 student school has become a powerhouse on the basketball court as well as a public education success story and a symbol of the regeneration of its once blighted neighborhood In Pounding the Rock Marc Skelton tells the thrilling story of the 2016 2017 season as the Panthers seek to redeem an early exit from the playoffs the year before But this is far more than a basketball story It s a profile of a school that against the odds educates kids from the poorest congressional district in the country and sends the majority of them to college of an unusual coach who studies the
