Pro Football Schedules Ivan Urena, 2013-12-25 This book explains how the NFL determines each team's opponents and how the league's scheduling format has evolved throughout the years. It includes a history on the evolution of the pro football schedule, explores all of the scheduling formulas used in the National Football League, American Football League, and the All America Football Conference, and presents home and away opponent charts from 1933 through the 2017 season. The Man Who Built the National Football League Chris Willis, 2010-08-19 Founded in 1920, the National Football League chose famed athlete Jim Thorpe as its first president, a position he held briefly until a successor was elected. From 1921 to 1939, Joe F. Carr guided the sport of professional football with intelligence, hard work, and a passion that built the foundation of what the NFL has become: the number one sports organization in the world. During his eighteen-year tenure as NFL President, Carr created the organization's first Constitution, implemented the standard player's contract, wrote the NFL's first ever Record and Fact Book, helped split the NFL into two divisions, and established the NFL's World Championship Game. Carr started keeping league statistics and developed the NFL Draft. But Carr's greatest achievement was creating a vision for the NFL as a big city sport. By skillfully recruiting financially capable owners to operate NFL franchises in big market cities, he created the solid foundation for the league's successful future. While the sport has grown to unheard-of heights, Carr's name and accomplishments have been lost and forgotten. The Man Who Built the National Football League Joe F. Carr captures the life and career of this pivotal figure in professional sports, chronicling the many achievements of a man whose vision helped shape what the NFL is today. With unlimited access and complete cooperation from the Carr family, including family interviews, personal letters, and family photos, as well as NFL League Minutes, Willis recounts the fascinating life and career of a man dedicated to the game. **Computerworld**, 2002-01-28 For more than 40 years, Computerworld has been the leading source of technology news and information for IT influencers worldwide. This book chronicles the backroom deals, big money power plays, poor decisions, and plain bad luck that have dogged the venerable franchise since Art Modell skipped town in 1995. Legions of loyal fans stand by, waiting for a return to past glory. How much longer must they wait? Pluto sifts through the clues from the last five seasons and looks for answers. **The Buffalo Bills** Steve Tasker, Scott Pitoniak, 2013-08-01 In eleven seasons with the Buffalo Bills, the diminutive 5 foot 9 175 pound Steve Tasker was a huge contributor as the Bills strung together an unprecedented four consecutive Super Bowl appearances in the early 1990s. Kokai,Tom Robson,2024-08-26 Writing in a time of heightened political anxiety and when accusations of nationalism authoritarianism and proto fascism have increasingly divided Americans into factions the authors use their influential performance studies based tourist as actor framework to unpack the ways that Disney parks and their guests co create performance of implicit Americanness in the 21st century This book argues that the roles that guests choose to perform accepting declining negotiating or overwriting scripts offered to them by the Disney theme park experience ultimately reveals much about the
