How Canadians Communicate V David Taras, Christopher Waddell, 2016-03-15 Fewer Canadians than ever are lacing up skates swimming lengths at the pool practicing their curve ball and experiencing the thrill of competition However despite a decline in active participation Canadians spend enormous amounts of time and money on sports as fans and followers of sporting events and sports culture Never has media coverage of sports been more exhaustive and never has it been more driven by commercial interests and the need to fuel consumerism on which corporate profits depend But the power plays now occurring in the arena of sports are by no means solely a matter of money At issue as well in the media capture of sports are the values that inform our daily lives the physical and emotional health of the population and the symbols so long central to a sense of Canadian identity Writing from a variety of perspectives the contributors to this collection set out to explore the impact of the media on our reception of and attitudes toward sports to unpack the meanings that sports have for us as citizens and consumers Some contributors probe the function of sports as spectacle the escalation of violence controversies over drug use and the media s coverage of tragic deaths while others shed light on the way in which the media serve to transform sports into a vehicle for the expression of identity and nationalism The goal is not to score points but to prompt critical discussion of why sports matter in Canadian life and culture and how they contribute to the construction of identity

Wake Up Happy Michael Strahan, 2016-10-04 Michael Strahan spent his childhood on a military base in Europe where community meant everything and life though idyllic was different. For one, when people referenced football, they meant soccer. So when Michael's father suggested he work toward a college scholarship by playing football in Texas, where tens of thousands of people show up for a weekend game, the odds were long. Yet he did indeed land a scholarship and from there a draft into the NFL, where he scaled the league's heights, broke records and helped his team win the Super Bowl, as a result of which he was inducted into the Hall of Fame. How? By developing Strahan's Rules: a mix of mental discipline, positive thinking and a sense of play. He also used the Rules to forge a successful post-pro ball career as cohost with Kelly Ripa on *Live*, a position for which he was considered the longshot and much more. In *Wake Up Happy*, Michael shares personal stories about how he gets and stays motivated and how readers can do the same in their quest to attain their life goals.

It's riveting stuff and comes with a message for everyone about how ambition can be fulfilled. I wish I'd read it 50 years ago. Patrick Barclay, football writer.
