The Voice Catchers Joseph Turow, 2021-05-18 Your voice as biometric data and how marketers are using it to manipulate you Only three decades ago it was inconceivable that virtually entire populations would be carrying around wireless phones wherever they went or that people's exact locations could be tracked by those devices We now take both for granted Even just a decade ago the idea that individuals' voices could be used to identify and draw inferences about them as they shopped or interacted with retailers seemed like something out of a science fiction novel Yet a new business sector is emerging to do exactly that The first in depth examination of the voice intelligence industry The Voice Catchers exposes how artificial intelligence is enabling personalized marketing and discrimination through voice analysis Amazon and Google have numerous patents pertaining to voice profiling and even now their smart speakers are extracting and using voice prints for identification and more Customer service centers are already approaching every caller based on what they conclude a caller's voice reveals about that person's emotions sentiments and personality often in real time In fact many scientists believe that a person's weight height age and race not to mention any illnesses they may have can also be identified from the sound of that individual's voice Ultimately not only marketers but also politicians and governments may use voice profiling to infer personal characteristics for selfish interests and not for the benefit of a citizen or of society as a whole Leading communications scholar Joseph Turow places the voice intelligence industry in historical perspective explores its contemporary developments and offers a clarion call for regulating this rising surveillance regime

Never Lose a Customer Again Joey Coleman, 2018-04-03 Award winning speaker and business consultant Joey Coleman teaches audiences and companies all over the world how to turn a one time purchaser into a lifelong customer Coleman's theory of building customer loyalty isn't about focusing on marketing or closing the sale It's about the First 100 Days after the sale and the interactions the customer experiences While new customers experience joy euphoria and excitement these feelings quickly shift to fear doubt and uncertainty as buyer's remorse sets in Across all industries somewhere between 20% 70% of newly acquired customers will stop doing business with a company within the first 100 days of being a new customer because they feel neglected in the early stages of customer onboarding In Never Lose a Customer Again Coleman offers a philosophy and methodology for dramatically increasing customer retention and as a result the bottom line He identifies eight distinct emotional phases

customers go through in the 100 days following a purchase From an impulse buy at Starbucks to the thoughtful purchase of a first house all customers have the potential to experience the eight phases of the customer journey If you can understand and anticipate the customers emotions you can apply a myriad of tools and techniques in person email phone mail video and presents to cement a long and valuable relationship Coleman s system is presented through research and case studies showing how best in class companies create remarkable customer experiences at each step in the customer lifecycle In the Acclimate stage customers need you to hold their hand and over explain how to use your product or service They re often too embarrassed to admit they re confused Take a cue from Canadian software company PolicyMedical and their challenge of getting non technical users to undergo a complex installation and implementation process They turned a series of project spreadsheets and installation manuals into a beautiful puzzle customers could assemble after completing each milestone In the Adopt stage customers should be welcomed to the highest tier of tribal membership with both public and private recognitions For instance Sephora s VIB Rogue member welcome gift provides a metallic membership card private recognition and a members only shade of lipstick for public display In the final stage Advocate loyal customers and raving fans are primed to provide powerful referrals That s how elite entrepreneurial event MastermindTalks continues to sell out their conference year after year with zero dollars spent on marketing By surprising their loyal fans with amazing referral bonuses an all expenses paid safari they guarantee their community will keep providing perfect referrals Drawing on nearly two decades of consulting and keynoting Coleman provides strategies and systems to increase customer loyalty Applicable to companies in any industry and of any size whether measured in employee count revenue or total number of customers implementing his methods regularly leads to an increase in profits of 25 100% Working with well known clients like Hyatt Hotels Zappos and NASA as well as mom and pop shops and solo entrepreneurs around the world Coleman s customer retention system has produced incredible results in dozens of industries His approach to creating remarkable customer experiences requires minimal financial investment and will be fun for owners employees and teams to implement This book is required reading for business owners CEOs and managers as well as sales and marketing teams account managers and customer service representatives looking for easy to implement action steps that result in lasting change increased profits and lifelong customer retention

Streetlight People Charlene Thomas, 2025-10-07 A twisty thrilling novel of growing up in and out of a small town with a huge secret For most Streetlight is a dot on the map you pass on your way to somewhere else But if you live there you re either a Have Not like Kady or a Have Lot like her boyfriend Nik who also happens to be a member of the exclusive social club The IV Boys Known for their powerful families and the coveted ball they host for a selective guest list The IV Boys have always refused to accept Kady regardless of how much Nik loves her All the Boys except for Aaron who didn t grow up in Streetlight and is one of the few who knows that life real life exists outside of it But his stepmom has the kind of wealth and power even IV Boys can t resist With Nik at college Aaron stands by Kady s side But all

Kady really wants is Nik and when a chance encounter on Halloween hands her the power to twist and hold time she doesn't hesitate. Now she can keep Nik close for as long as she wants. While Kady tries to relive her best moments with Nik, the IV Boys have her in their sights. A rumor's spreading that Kady and Aaron are much more than friends and not even twisting time is enough to defend against the power that the Boys were born with. The more Kady changes the clock, the more dizzying reality becomes until she stumbles upon a truth darker than anything she could have imagined. Streetlight is filled with monsters and maybe she's always been one too.

Take Control of Find My and AirTags, 4th Edition Glenn Fleishman, 2025-09-29

Track your stuff, find your friends, and safely share your location. Version 4.0 updated September 29, 2025. This book takes you inside Apple's Find My ecosystem, a robust privacy-protecting way to track your things, share your location, and see others with their permission, and aid in recovery of lost and stolen devices. Find My lets you and someone else arrange to meet and see your live updated ETA, figure out where you left your iPad, was it on a flight, and know that your bicycle remains firmly in place where you locked it. Apple has matured Find My into a robust ecosystem that encompasses people, hardware, and compact trackers. Along the way, Find My has baked in increasing amounts of privacy protection to ensure that this level of real-time tracking isn't used for stalking or other crimes. Take Control of Find My and AirTags takes you through the many parts of the Find My world so you can configure and refine how you and your stuff is tracked and shared. You can use native Find My apps on an iPhone, iPad, Mac, or Apple Watch, or to a limited extent at iCloud.com to track any of those devices or the people carrying them, as well as to see where AirTags and third-party Find My network items are, such as a tag in your car, on a backpack. You can even securely and temporarily give an airline tracking info for an AirTag in your location so you know when it arrives with you at a destination or help them find it when it's gone astray. This book looks at the three different kinds of tracking available from Apple: People, Learn how to share your location safely, follow others who let you, and send and receive notifications about arrivals and departures. Also, prevent being tracked when you don't want to be. Devices, See the whereabouts of your and Family Sharing group members' devices and audio hardware. Get to know the ins and outs of enabling Find My and taking remote actions, from playing a sound to wiping your data from a device. Items, Find out how AirTags make use of the crowdsourced network of other people's Apple devices to help you find a lost or forgotten purse, backpack, or even car, and about the many third-party devices licensing the technology from Apple. Learn how to share your items with up to five other people. While the book focuses on the latest Apple operating systems, iOS 16, iPadOS 16, macOS 14, and watchOS 9, it looks back as far as iOS 13, iPadOS 13, and macOS 10.15 for nearly every feature and sometimes back even years before those releases so you can best use your mix of Apple devices of all vintages. Get an overview into how Find My works. Turn on tracking on every device: iPhone, iPad, Mac, and Apple Watch. Find out the difference between device-based Find My tracking and the Find My network. Figure out whether your Apple or Beats audio hardware can be tracked just over Bluetooth nearby or also via the Find My Network. See the place in Apple's ecosystem for third-party

Find My tracking from nearly a dozen companies that make bike bag and general stuff trackers some with extra alarms Understand Activation Lock which protects devices from being reused even if someone has erased them and Find My Lock which keeps Find My items from being reset and taken over Discover buried controls for configuring exactly how Find My updates your device's location including when power runs low Develop an understanding of your Apple Watch's three distinct Find My features to use them effectively on the go Learn about sharing your location and that of your devices and items Get to know presence the way you define which of your devices indicates where you are to other people Use Messages to share your location for an hour a day or indefinitely Start sharing AirTags and other items with up to five other people Learn how to share an AirTag or other Find My item with an airline to help them locate your baggage Get help finding missing items and devices Lost a single earbud Apple may have you covered by playing a sound out of it or providing nearly pinpoint tracking Experience the joy of playing a sound over the internet or nearby to help find a missing device or item Learn about the capability to track an iPhone or iPad even after it's been erased Help family members find lost and stolen gear through Find My's Family Sharing support Understand how to use Precision Tracking when you're close to a missing object Be alerted to and block unwanted tracking Learn about Apple's efforts and those of the broader industry to prevent Find My from being used for stalking and unwanted tracking Spot Google and Apple trackers near you or traveling with you that aren't yours and aren't Apple Find My items shared by others with you including audio alerts and warnings on your iPhone iPad or an Android device Control and monitor the way you let others track your whereabouts
