Quinn Kong's story of an influencer mom sued by her resentful daughter is of the moment, but its exploration of female power and privilege is timeless. Amanda Eyre Ward, New York Times bestselling author of *Lovers and Liars*. This riveting, thought-provoking novel pulls back the curtain on influencer culture to reveal a story of a mother and daughter grappling with what they owe one another as they struggle to navigate life in the glaring public eye. Influencer Whitney Golden has it all: beautiful photogenic children, a handsome new boyfriend, a gorgeous house, and designer clothes and beauty products that arrive on her doorstep every day. After spending years building her brand as a widowed mother of four, including twins, to over a million followers, the thirty-seven-year-old is at the peak of her career. But it all comes to a screeching halt when Mia, her teenaged daughter, announces she's tired of the social media life. She wants nothing more to do with her mother's online brand and demands that not just she but her siblings and their deceased father be removed from Whitney's Instagram blog and just about everywhere else on the internet. When Whitney doesn't agree, Mia does the unthinkable. She sues her mother. What started as a family spat turns into a monumental case about child privacy, individual agency, and modern parenting that shatters Mia and Whitney's relationship and wreaks havoc on both their lives. As the case ignites a media firestorm and unrelenting online bashing from a Greek chorus of internet snarkers, Whitney has to decide whether she's willing to risk everything she's built to win back her daughter. **Snap and Share** Adam Furgang, 2014-12-15 They say a picture is worth a thousand words.
