Discussion Materials Bill Keenan, 2020-03-31 Why aren't you using LTM EBITDA for credit metrics asked the managing director who sat across from me his widow's peak clearly visible as he inspected the sheet in front of him His spacious office looked out onto New York Harbor Bust said the vice president who was a slightly younger douchier version of Widow's Peak He slashed his red ballpoint pen across the sheet and flipped to the next page Walk me through the debt paydown and your interest rate assumptions continued the VP Pretty dovish view Maybe the Fed knows what they're doing after all said Widow's Peak He shot a glance at the VP They shared a chuckle at what I couldn't tell you This question about interest rates I knew Dovish I thought Doves fly south for the winter so dovish is downwards low interest rates We're running short on time said Widow's Peak He flipped to the cover page of my presentation One final point all pitch decks should have the same title Since this presentation was geared towards an LBO analysis I was thinking No thinking All decks same title

fashionable dress and appearance less western centric Supporting this premise Hang Ups argues that purposeful and permanent change within the fashion industry and fashion education is more likely if it is understood how the contemporary industry became western centric To institute effective change it is necessary to revert to first principles and understand how the fashion industry developed into what it is today During a period when the concepts of fashion history and culture are being intensely scrutinized and with suggestions they are reaching their nadir the imperative to understand the extent to which they relate and facilitate the presentation of people s fashionable bodies is urgent Hang Ups explores the origins and consequences of the fashion industry s western centrism by focusing on nine binaries defined in the crucible of empire that continue to be sites of negotiation as the west s traditions and ideals are contested by different cultural perspectives and changing global realities
