Palmer, 2025-09-18 An invaluable refreshing return to the essentials of marketing a great and useful read Sophie Devonshire CEO of The Marketing Society Whether you're in a huge business a start up or have a side hustle marketing matters Strength

of brand marketing is most frequently cited by business analysts at 79% as critical to a firm's success. But marketing is in a state of chaos. Most people with marketing in their job title have never studied it. Meanwhile in too many media posts and agencies pseudo experts cherry pick opinions and peddle marketing misinformation to give a snake oil pitch that marketing is all about keeping up with change. Grasping marketing shouldn't induce scepticism, fear or confusion. Mark Palmer acts as your trusted and experienced guide demystifying the jargon, cutting through the clutter and helping you navigate your own refreshing journey towards what smarter and better marketing can be. The Work Smarter series provides shortcuts, tips and life hacks for the development of essential business skills. The books bring together accomplished industry experts who have learned their trades at the coalface. They teach the skills ambitious businesspeople need in order to tip the playing field in their favour. It is the pirate equivalent of business advice, the antidote to conventional wisdom: smarter practice over best practice.

Events Management Glenn Bowdin, Johnny Allen, Rob Harris, Ian McDonnell, William O'Toole, 2012-05-23. Events Management is the must-have introductory text providing a complete A-Z of the principles and practices of planning, managing and staging events. The book introduces the concepts of event planning and management, presents the study of events management within an academic environment, discusses the key components for staging an event, covering the whole process from creation to evaluation, examines the events industry within its broader business context, covering impacts and event tourism, provides an effective guide for producers of events, contains learning objectives and review questions to consolidate learning. Each chapter features a real-life case study to illustrate key concepts and place theory in a practical context, as well as preparing students to tackle any challenges they may face in managing events. Examples include the Beijing Olympic Games, Google Zeitgeist Conference, International Confex, Edinburgh International Festival, Ideal Home Show and Glastonbury Festival. Carefully constructed to maximise learning, the text provides the reader with a systematic guide to organizing successful events, examining areas such as staging, logistics, marketing, human resource management, control and budgeting, risk management, impacts, evaluation and reporting. Fully revised and updated content including new chapters on sustainable development and events, perspectives on events and expanded content on marketing, legal issues, risk and health and safety management.
