friends who were born in the United States but haven't received a clear answer not yet This book is the collection of 51 of my short stories about Americans and the US It is more like a jigsaw puzzle than an answer I hope that one day I will find the answer Or maybe there will be no answer It is like when we love someone or somewhere we can not answer why If we could answer why then it might not be true love not yet Perhaps that like me many of you can not answer the question Who are Americans but love this country and people here Just love because love creates great things

The Punk Rock of Business Jeremy Dale, 2018-09-25 Author Jeremy Dale believes that too many businesses create an environment that encourages mediocrity and corporate norms that deliver lukewarm results at best In *The Punk Rock of Business* Dale offers a road map away from average and towards innovation through a mindset rooted in punk rock principles In this fast paced actionable guidebook readers will find Eight punk rock principles to help you redefine your place in the corporate world for the better A set of characteristics to strive for that will liberate you and accelerate your success Countless examples drawing on both the classic stories from the music genre's industry changing legacy and Dale's years of business success to illustrate these principles and characteristics in action Straightforward lessons and actions to start taking today right now to break through corporate norms and build something greater Punk rockers had a cause They aimed for authenticity and refused to conform In doing so they created a dramatic change that shook society to its core It was a much needed wake up call for the conservative part of the music industry Jeremy Dale wants you to do the same in the business world and in *The Punk Rock of Business* he gives you the tools you need to accomplish that goal

Countering the Cloud Luke Munn, 2022-11-23 How do cables and data centers think This book investigates how information infrastructures enact particular forms of knowledge It juxtaposes the pervasive logics of speed efficiency and resilience with more communal and ecological ways of thinking and being turning technical solutions back into open questions about what society wants and what infrastructures should do Moving from data centers in Hong Kong to undersea cables in Singapore and server clusters in China Munn combines rich empirical material with insights drawn from media and cultural studies sociology and philosophy This critical analysis stresses that infrastructures are not just technical but deeply epistemological privileging some actions and actors while sidelining others This innovative exploration of the values and visions at the heart of our technologies will interest students scholars and researchers in the areas of communication studies digital media technology studies sociology philosophy of technology information studies and geography

Political Communication Online Ognyan Seizov, 2014-04-24 The impact of the Internet on political communication has been significant and multifaceted it expanded the reach of political messages opened the floodgates of decontextualization and intercultural misunderstanding made room for new genres and forms and allowed for the incorporation of every previously existing communication mode into complex multilayered documents *Political Communication Online* places these developments in their social and media context covers various disciplinary backgrounds and how they can contribute to a common understanding of the evolving online media landscape and proposes a

novel methodological tool for the analysis of political communication online Seizov offers an approach that places context at the core of the theoretical and methodological discussion by discussing the traits of online communication that make it a unique communication environment The book then brings together different disciplines which have important contributions for the study of political communication online but have not been integrated for this purpose so far such as visual communication multimodal research and cognitive psychology Seizov introduces the book's main theoretical and methodological contribution to multimodal document analysis the annotation scheme Imagery and Communication in Online Narratives ICON and explores how the ICON approach works in practice Taking four distinct genres of online political communication news election campaigns NGOs and social movements the book presents the analyses of convenience samples from each of them in detail This text features a comprehensive theoretical discussion of vital current developments in online political communication places these developments in context and couples that with a practical demonstration of the novel methodology it proposes The Digital Divide United States.
