Marketer** Andrew W. Pearson,2019-04-15 We seem to be living in the age of A I Everywhere you look companies are touting their most recent A I machine learning and deep learning breakthroughs even when they are far short of anything that could be touted as a breakthrough A I has eclipsed Blockchain and Crypto as the buzzword of today Indeed one of the best ways to raise VC funding is to stick AI or ML at the front of your prospectus and ai at the end of your website Separating fact from fiction is more important than it has ever been The A I Marketer breaks down A I machine learning and deep learning into five unique use cases sound time series text image and video and also reveals how marketing executives can utilize this powerful technology to help them more finely tune their marketing campaigns better segment their customers increase lead generation and foster strong customer loyalty Today Personalization the process of utilizing mobile social geo location data web morphing context and even affective computing to tailor messages and experiences to an individual interacting with them is becoming the optimum word in a radically new customer intelligence environment The A I Marketer explains this complex technology in simple to understand terms and then shows how marketers can utilize the psychology of personalization with A I to both create more effective marketing campaigns as well as increase customer loyalty Pearson shows companies how to avoid Adobe s warning of not using industrial age technology in the digital era Pearson also reveals how to create a platform of technology that seamlessly integrates EDW and real time streaming data with social media content Analytical models and neural nets can then be built on both commerical and open source technology to better understand the customer thereby strengthening the brand and just as importantly increasing ROI *The Routledge Handbook of Consumer Behaviour in Hospitality and Tourism* Saurabh Kumar Dixit,2017-04-07 Consumer behaviour is one of the most explored topics in tourism and hospitality marketing interchangeably denoted by the terms traveller behaviour tourist behaviour or guest behaviour Consumer behaviour acts as an origin for every tourism and hospitality marketing activity It offers an understanding of why people tend to choose certain products or services and what sort of factors influence them in making their decision The decision process of buying tourism products or services takes time because they

are mostly intangible in nature due to which there are many risks involved in their buying process The Routledge Handbook of Consumer Behaviour in Hospitality and Tourism aims to explore and critically examine current debates critical reflections of contemporary ideas controversies and pertinent queries relating to the rapidly expanding discipline of consumer behaviour in hospitality and tourism The Handbook offers a platform for dialogue across disciplinary and national boundaries and areas of study through its diverse coverage It is divided into six parts Part I offers an overview of consumer behaviour Part II focuses on the service quality perspectives of consumer behaviour Part III deliberates on customer satisfaction and consumer behaviour linkages Part IV explores the re patronage behaviour of consumers Part V addresses the vital issues concerning online consumer behaviour and Part VI elaborates upon other emerging paradigms of consumer behaviour Although there is no dearth of empirical studies on different viewpoints of consumer behaviour there is a scarcity of literature providing conceptual information The present Handbook is organised to offer a comprehensive theoretical body of knowledge narrating consumer behaviour especially for hospitality and tourism businesses and operations It attempts to fill this research gap by offering a globalised volume comprising chapters organised using both practical and academic approaches This Handbook is essential reading for students researchers and academics of Hospitality as well as those of Tourism Marketing International Business and Consumer Behaviour

Double your Price: The Strategy and Tactics of Smart Pricing David Falzani, 2023-03-27 Getting your pricing strategy right is the difference between sustainable growth investing in product development and happy engaged customers and stakeholders Harvard Business Review research shows

that pricing has almost 4 times as much influence on a company's ability to reinvest than top line sales growth. But if you don't understand the psychology of pricing, having the wrong price can undermine your chances for success. **Double Your Price** is your practical, accessible guide on the theory, strategy, psychology, and execution of pricing. With useful tools and clear, realistic guidance on how to leverage pricing to drive business success, you'll be able to answer the following questions for your business or product: How much should we charge for our product or service? How much are our customers willing to pay? If we increase our price, will we lose customers? How can setting prices help us cover our costs? What are the benefits of a pricing strategy? Will increasing or decreasing prices help my business to succeed? Covering how pricing works, how to avoid cognitive bias, how to convince others, and many different pricing strategies, **Double Your Price** includes a practical set of insights, tools, and actionable guidance, and a Foreword by Lord Sainsbury. A well-designed and progressive pricing strategy is one of the most powerful tools available to businesses. Get yours right.

Introduction to Marketing Analytics Prof. Dr. R. Gopal, Prof. Dr. Gagandeep Kaur Nagra, Dr. Priya Vij, 2024-10-15 **Introduction to Marketing Analytics** delves into the foundational elements of marketing known as the 4Ps: Product, Price, Place, and Promotion, and expands upon them to include additional key components crucial for services marketing such as People, Process, and Physical Evidence. These elements are vital for companies to develop coherent marketing strategies that not only attract new customers but also build long-term loyalty among existing ones. The rise of digital technologies has significantly transformed how companies engage with consumers and conduct market research. Big data analytics now allows for personalized marketing efforts, creating campaigns offering organizations the ability to better understand and respond to customer journeys. Moreover, the book highlights the growing role of artificial intelligence (AI) and machine learning in modern marketing strategies. By integrating these advanced technologies, businesses can better meet their customers' evolving needs, outpacing the competition. It covers various analysis techniques such as marketing mix modelling that help organizations understand the impact of different marketing activities on sales and other key performance indicators (KPIs). Through real-life examples and case studies, this book highlights a practical guide for professionals looking to apply data-driven marketing strategies to drive growth, innovation, and sustainable success in a constantly changing market landscape.
