Netflix Price:

The ^ARight Price Peter J. Neumann, Joshua T. Cohen, Daniel A. Ollendorf, 2021-05-06 The Right Price provides an accessible guide to pharmaceutical markets and analytic techniques used to measure the value of drug therapies It unveils why the pricing of drugs continues to be so challenging and how public and private officials can create more informed policies to achieve the right balance between drug pricing and value

Netflix's Speculative Fictions Colin Jon Mark Crawford, 2020-12-10 Netflix's Speculative Fictions Financializing Platform Television argues that Netflix's scaled expansion has hinged upon its ability not only to create but more importantly to communicate new forms and flows of potential value in platform capitalism wherein capital is mobilized not only from direct revenue streams but also the new value assigned to inputs and investments of data debt attention behavior taste time sociality and speculation To interpret and critique these new communications and projections of value Colin Jon Mark Crawford performs a discursive analysis of the platform television industry leader Netflix and its investor lore the multi sited narrative of value found in the company's investor relations materials and corporate communications such as letters to shareholders financial earnings reports executive interviews press releases and blog posts Netflix best represents the increasingly ubiquitous nexus of culture tech and finance industries that is platform television To better understand the emergent financial logics of this relatively new media industry we must first understand the speculative narratives and discourses of value which organize it Scholars of media studies television studies technology studies and economics will find this book particularly useful

Netflixed Gina Keating, 2012-10-11 Netflix has come a long way since 1997 when two Silicon Valley entrepreneurs Marc Randolph and Reed Hastings decided to start an online DVD store before most people owned a DVD player They were surprised and elated when launch day traffic in April 1998 crashed their server and resulted in 150 sales Today Netflix has more than 25 million subscribers and annual revenues above 3 billion Yet long term success or even survival is still far from guaranteed Journalist Gina Keating recounts the absorbing fast paced drama of the company's turbulent rise to the top and its attempt to invent two new kinds of business First it engaged in a grueling war against video store behemoth Blockbuster transforming movie rental forever Then it jumped into an even bigger battle for online video streaming against Google Hulu Amazon and the big cable companies Netflix ushered in such innovations as DVD rental by mail a patented online queue of upcoming rentals and a recommendation algorithm called Cinematch that proved crucial in its struggle against bigger rivals Yet for all its success Netflix is still a polarizing company Hastings is often heralded as a visionary he was named Business Person of the Year in 2010 by Fortune even as he has been called the nation's worst CEO Netflix also faces disgruntled customers after price increases and other stumbles that could tarnish the brand forever The quest to become the world's portal for premium video on demand will determine nothing less than the future of entertainment and the Internet Drawing on extensive new interviews and her years covering Netflix as a financial and entertainment reporter Keating makes this tale as absorbing as it

Options for everybody Stefan Deutschmann,2019-05-15

There are many offers within the financial world that promise you great wealth or want to make you a professional in a short time Let s not kid ourselves 99% of it is complete nonsense and brings you nothing except empty bags than you already had before Books are often outdated or simply no longer up to date and seminars are expensive pleasures but in the end they don t tell you a secret In this country hardly anyone talks about trading options I am well aware that the German has no great interest in the capital markets especially not in equities What is this book and what is it not Will this book make you a millionaire Certainly not it takes a lot more than just reading a few lines There has to be so much honesty Nevertheless it

should help you to provide a sound and wide ranging insight into the world of options It is essential that you always remain curious and interested A single book cannot teach everything there is to teach and know in this area Not even 1 000 pages would be enough However care has been taken to ensure that everything is addressed that you need in order to set up your first trades and to obtain your first experiences of success However it is still a reference book so you will probably not be able to read it like a novel in one piece For learning a friendly relationship paired with some wit and numerous examples is more suitable than hours of frontal teaching This book should satisfy this demand The main goal must be for you to understand what you have read and to be able to apply it No one will be helped if you end up depressed and peppering this book in the corner instead of seriously dealing with the future Don t worry about it it s all the same to everyone no master has fallen from heaven yet Be ambitious and curious and you will be opened a wonderful world full of possibilities

Post-cinema José Moure, Dominique Chateau, 2025-10-01 Post cinema designates a new way of making films It is time to ask whether this novelty is complete or relative and to evaluate to what extent it represents a unitary or diversified current The book proposes to integrate the post cinema question within the post art question in order to study the new ways of making filmic images The issue will be considered at three levels the impression of post art on regular films the relocation Casetti of the same films that can be seen using devices of all kinds in conditions more or less removed from the dispositif of the theater the integration of cinema into contemporary art in all kinds of forms of creation and exhibition parallel to the integration of contemporary art in regular cinema
