New Nra Guide Basics Pistol Shooting:

New Histories of Gun Rights and Regulation Joseph Blocher, Jacob D. Charles, Darrell A. H. Miller, 2023 *New Histories of Gun Rights and Regulations* contributes to the vibrant debate on American firearms law amid a landmark Supreme Court decision Its contributors including distinguished historians and legal scholars offer valuable new insight into the place of guns in American law and society

Gun Guys Dan Baum, 2013-03-05 Dan Baum is a gun fanatic He is also Jewish Democrat who grew up in suburban New Jersey In *Gun Guys* he takes us on a guided tour of gun stores and gun shows shooting ranges and festivals contests and auctions trying to figure out what draws so many of us to guns in the first place Is it just part of being American Introducing a wide cast of characters Baum shows both sides of the gun culture in America bringing an entire world vividly to life and in doing so helping to find a middle ground in the gun debate where actual conversation can take place

The Gun Dilemma Robert J. Spitzer, 2023 In *The Gun Dilemma* Robert J Spitzer examines this gun rights 20 movement in the light of a host of gun controversies assault weapons ammunition magazines silencers public gun brandishing and display and the emergent Second Amendment sanctuary movement Given the importance of actual gun law history to this debate Spitzer draws from the historical record to illuminate several contemporary and emergent gun controversies that may well make their way to the Supreme Court Revealing and illuminating as that history is he argues that we should not be straitjacketed by that history but rather informed by it as the nation struggles with how to frame its gun policies

Guns across America Robert Spitzer, 2015-04-13 In vast swathes of America the sacredness of the Second Amendment has become a political third rail never to be questioned Gun rights supporters wear tri cornered hats wave the stars and stripes and ask what would have happened if the revolutionaries had been unarmed when the British were coming They have had great success in conflating unfettered gun ownership with the Founding Fathers the Constitution and all things American even in an era of repeated mass shootings Yet the all too familiar narrative of America s gun past echoed in the Supreme Court s *Heller* gun rights decision is not only mythologized but historically wrong As Robert J Spitzer demonstrates in *Guns across America* gun ownership is as old as the nation but so is gun regulation Drawing on a vast new dataset of early gun laws reflecting every imaginable type of regulation Spitzer reveals that firearms were actually more strictly regulated in the country s first three centuries than in recent years The first gun grabbers were not 1960 s Chablis drinking liberals but seventeenth century rum guzzling pioneers and their legacy continued through strict gun regulations in the 1920s and beyond Spitzer examines interpretations of the Second Amendment the assault weapons controversy modern stand your ground laws and the so called right of rebellion to show that they play out in America s contemporary political landscape in ways that bear little resemblance to our imagined past And as gun rights proponents seek to roll back gun laws and press as many guns into as many hands as possible warning that gun rights are endangered they sidestep the central question are stricter gun laws incompatible with robust gun rights Spitzer answers this question by examining New York

State's tough gun laws where his political analysis is complemented by his own quest for a concealed carry handgun permit and construction of a legal AR 15 assault weapon Not only can gun rights and rules coexist but they have throughout American history Guns across America reveals the long hidden truth that gun regulations are in fact as American as apple pie

Adam Lanza and the Newtown Massacre Pamela Lillian Valemont, 2013-11-04 When Adam Peter Lanza just 20 years old burst into the Sandy Hook Elementary School in Newtown Connecticut armed to the teeth and wearing black battle fatigues and shot 20 small children and 6 of their teachers he created a hole so big in the heart of their grieving parents and relatives that it can never be forgotten or healed What caused this young man to commit this unspeakably horrible crime Pamela Lillian Valemont the world's first forensic numerological criminal profiler compiles a chart for Adam Lanza and compares it with some of the world's most heinous mass murderers like Adolf Hitler and the youthful Boston marathon bombers brothers Dzhokhar and Tamerlan Tsarnaev She also looks at the Preppers the band of people who included mother of Adam Lanza Nancy This ultra right wing group of fanatics believe that they must prepare for the end times when economic ruin comes and governments cannot be either trusted or relied upon to protect them from attackers and invasion of their country

Citizen-Protectors Jennifer Carlson, 2015-04-01 From gang and drug related shootings to mass shootings in schools shopping centers and movie theatres reports of gun crimes fill the headlines of newspapers and nightly news programs At the same time a different kind of headline has captured public attention a steady surge in pro gun sentiment among Americans In Citizen Protectors Jennifer

Carlson offers a compelling portrait of gun carriers shedding light on Americans complex relationship with guns Delving headlong into the world of guns Carlson participated in firearms training classes attending pro gun events and carried a firearm herself Through these experiences she explores the role guns play in the lives of Americans who carry them and shows how against a backdrop of economic insecurity and social instability gun carrying becomes a means of being a good citizen A much needed counterpoint to the rhetorical battles over gun control Citizen Protectors is a captivating and revealing look at gun culture in America and a must read for anyone with a stake in this heated debate **Notes on**

Guerrilla War Col. Virgil Ney, 2017-01-12 This book on Guerrilla War by an American Officer a student of and an operator in the field of Unconventional Warfare is most opportune and timely For the first time in many instances Principles are identified and explained by historical examples Colonel Ney holds to the belief that AMERICANS have a tradition of successful GUERRILLA WAR operations from the earliest days of the Nation s history Rogers Marion Boone Mosby Morgan Quantrill Ferguson Andrews Mackenzie Funston Pershing McCoy Fertig Volckmann Blackburn Parker Praeger Calyer McGee Cushing Anderson Calvert Ramsey Straughn Thorp McLish Childress Lapham Barnett these and others have led or countered GUERRILLAS MARX did not invent GUERRILLA WAR it was a military phenomenon centuries before his birth but it has been seized and converted into a comfortable vehicle of Cold War combat by International Communism To defeat it we must know what it is and how it works to wage it we must understand its PRINCIPLES That is why this book was written **Shooter's**

mass shootings in America a common motif stands out the perpetrators of these attacks often view themselves as vigilante saviors whose job it is to regulate society in a way that exterminates their enemies In this fascinating critique Rachel Wagner makes the case that this unfortunate phenomenon is best understood through the idea of the cowboy apocalypse She shows that across much US media from video games and blockbuster movies to novels and TV a story arc has been created that provides a complete myth about the end of the world and the future after that In these stories the cowboy messiah is envisioned as a good guy with a gun But he doesn't save the world He just saves his world he protects his family and others he deems worthy while embracing the chance to wipe the global slate clean and start fresh with survivors testing their mettle on a new frontier Wagner illuminates the links between Christian apocalypticism American gun culture and the romanticization of the white male dominated American frontier showing how the vigilante has come to be regarded as a new savior figure out to protect the world for white supremacy and patriarchy She also offers ways to respond with other powerful cultural myths making use of media to tell other stories Cowboy Apocalypse offers a new means of making sense of how guns profoundly shape American life and how we might engage with them otherwise
