New Orleans In Photographs:

Die Balkone von New Orleans Nadine Klopfer, 2014-03-15 Nicht erst seit Hurrikan Katrina gilt New Orleans als Ausnahmeerscheinung unter den amerikanischen Städten. Karneval und kreolische Küche, Voodoo und Jazz gehören ebenso zur Stadt wie koloniale Architektur und Plantagen, Sklaverei und Moskitos. Das Image als alte exotische Stadt des Südens ist allgegenwärtig und das Ergebnis heftiger Debatten um die Identität von New Orleans im Konzert moderner amerikanischer Städte. Die ihre Bewohner um 1900 entzweiten. Ausgehend vom Streit um die berühmten gusseisernen Balkone der Stadt entfaltet Nadine Klopfers Studie ein faszinierendes Panorama historischer Diskussionen um öffentlichen Raum und lokale Identität. Ein einzigartiger Beitrag zur historischen Raum- und Stadtforschung.

Encyclopedia of Nineteenth-Century Photography John Hannavy, 2013-12-16 The Encyclopedia of Nineteenth Century Photography is the first comprehensive encyclopedia of world photography up to the beginning of the twentieth century. It sets out to be the standard definitive reference work on the subject for years to come. Its coverage is global, an important first in that authorities from all over the world have contributed their expertise and scholarship towards making this a truly comprehensive publication. The Encyclopedia presents new and ground-breaking research alongside accounts of the major established figures in the nineteenth century arena. Coverage includes all the key people, processes, equipment, movements, styles, debates and groupings which helped photography develop from being a solution in search of a problem when first invented to the essential communication tool, creative medium and recorder of everyday life which it had become by the dawn of the twentieth century. The sheer breadth of coverage in the 1200 essays makes the Encyclopedia of Nineteenth Century Photography an essential reference source for academics, students, researchers and libraries worldwide.

Pioneer Photographers from the Mississippi to the Continental Divide Peter E. Palmquist, Thomas R. Kailbourn, 2005 This biographical dictionary of some 3 000 photographers and workers in related trades active in a vast area of North America before 1866 is based on extensive research and enhanced by some 240 illustrations, most of which are published here for the first time. The territory covered extends from central Canada through Mexico and includes the United States from the Mississippi River west to but not including the Rocky Mountain states. Together this volume and its predecessor *Pioneer Photographers of the Far West: A Biographical Dictionary 1840-1865* comprise an exhaustive survey of early photographers in North America and Central America, excluding the eastern United States and eastern Canada. This work is distinguished by the large number of entries, by the appealing narratives that cover both professional and private lives of the subjects, and by the painstaking documentation. It will be an essential reference work for historians, libraries and museums, as well as for collectors of and dealers in early American photography. In addition to photographers, the book includes photographic printers, retouchers and colorists, and manufacturers and sellers of photographic apparatus and stock. Because creators of moving panoramas and optical amusements such as dioramas and magic lantern performances often fashioned their works after photographs, the people behind those exhibitions are also

Images of Sex Work in Early Twentieth-Century America Mollie LeVeque, 2019-04-18 Storyville was the infamous red light district of New Orleans It was a world where normative social values didn't apply and was shrouded in mystery and myth until the photographs of E J Bellocq were rediscovered Bellocq's depictions of Storyville's sex workers have typically been treated as tragic ominous and emblematic of New Orleans singularity Yet such interpretations have projected gendered stereotypes of frailty and victimhood onto the women they portrayed In Images of Sex Work Mollie LeVeque interrogates these glib readings and argues that sex work was a routine aspect of life in a modern city She supports this theory by examining a range of cultural forms such as crime fiction illustrations and paintings from contemporary urban centres like Paris London and New York In doing so she advances the new argument that Bellocq humanised his subjects de-sensationalised sex work and gave these women the dignity they were all too often denied
