

New Religious Movements A Documentary Reader

Sylvester A. Johnson, Steven Weitzman

New Religious Movements A Documentary Reader:

New Religious Movements Dereck Daschke, W. Michael Ashcraft, 2005-06-17 An original collection of primary documents conveying the wide array of ideas connected to new religious movements New Religious Movements is a highly unique volume bringing together primary documents conveying the words and ideas of a wide array of new religious movements NRMs and offering a first hand look into their belief systems Arranged by the editors according to a new typology the text allows readers to consider NRMS along five interrelated pathways from those that offer new perceptions of existence or new personal identities to those that center on relationships within family like units to those movements that highlight the need for recasting the social order or anticipate the dawn of a new age The volume includes original documents from groups such as the Unification Church Theosophy Branch Davidians Wicca Jehovah's Witnesses Santeria and Seventh Day Adventists as well as many others Each section is prefaced by a contextual introduction and concludes with a list of sources for further reading New Religious Movements offers a rare inside look into the worldviews of alternative religious traditions

The Bloomsbury Companion to New Religious Movements George D. Chryssides, Benjamin E. Zeller, 2014-01-02 The Bloomsbury Companion to New Religious Movements covers key themes such as charismatic leadership conversion and brainwashing prophecy and millennialism violence and suicide gender and sexuality legal issues and the portrayal of New Religious Movements by the media and anti cult organisations Several categories of new religions receive special attention including African new religions Japanese new religions Mormons and UFO religions This guide to New Religious Movements and their critical study brings together 29 world class international scholars and serves as a resource to students and researchers The volume highlights the current state of academic study in the field and explores areas in which future research might develop Clearly and accessibly organised to help users quickly locate key information and analysis the book includes an A to Z of key terms extensive guides to further resources a comprehensive bibliography and a timeline of major developments in the field such as the emergence of new groups publications legal decisions and historical events

New Religious Movements Dereck Daschke, Michael Ashcraft, 2005-06-17 An original collection of primary documents conveying the wide array of ideas connected to new religious movements New Religious Movements is a highly unique volume bringing together primary documents conveying the words and ideas of a wide array of new religious movements NRMs and offering a first hand look into their belief systems Arranged by the editors according to a new typology the text allows readers to consider NRMS along five interrelated pathways from those that offer new perceptions of existence or new personal identities to those that center on relationships within family like units to those movements that highlight the need for recasting the social order or anticipate the dawn of a new age The volume includes original documents from groups such as the Unification Church Theosophy Branch Davidians Wicca Jehovah's Witnesses Santeria and Seventh Day Adventists as well as many others Each section is prefaced by a contextual introduction and concludes with a list of sources for further reading New Religious

Movements offers a rare inside look into the worldviews of alternative religious traditions *New Age, Neopagan, and New Religious Movements* Hugh B. Urban, 2015-09-15 *New Age Neopagan and New Religious Movements* is the most extensive study to date of modern American alternative spiritual currents Hugh B Urban covers a range of emerging religions from the mid nineteenth century to the present including the Nation of Islam Mormonism Scientology ISKCON Wicca the Church of Satan Peoples Temple and the Branch Davidians This essential text engages students by addressing major theoretical and methodological issues in the study of new religions and is organized to guide students in their learning Each chapter focuses on one important issue involving a particular faith group providing readers with examples that illustrate larger issues in the study of religion and American culture Urban addresses such questions as Why has there been such a tremendous proliferation of new spiritual forms in the past 150 years even as our society has become increasingly rational scientific technological and secular Why has the United States become the heartland for the explosion of new religious movements How do we deal with complex legal debates such as the use of peyote by the Native American Church or the practice of plural marriage by some Mormon communities And how do we navigate issues of religious freedom and privacy in an age of religious violence terrorism and government surveillance *A Historical Introduction to the Study of New Religious Movements* W. Michael Ashcraft, 2018-02-02 The American public's perception of New Religious Movements NRMs as fundamentally harmful cults stems from the anticult movement of the 1970s which gave a sometimes hysterical and often distorted image of NRMs to the media At the same time academics pioneered a new field studying these same NRMs from sociological and historical perspectives They offered an interpretation that ran counter to that of the anticult movement For these scholars in the new field of NRM studies NRMs were legitimate religions deserving of those freedoms granted to established religions Those scholars in NRM studies continued to evolve methods and theories to study NRMs This book tells their story Each chapter begins with a biography of a key person involved in studying NRMs The narrative unfolds chronologically beginning with late nineteenth and early twentieth century perceptions of religions alternative to the mainstream Then the focus shifts to those early efforts in the 1960s and 1970s to comprehend the growing phenomena of cults or NRMs using the tools of academic disciplines The book's midpoint is a chapter that looks closely at the scholarship of the anticult movement and from there moves forward in time to the present highlighting themes in the study of NRMs like violence gender and reflexive ethnography No other book has used the scholars of NRMs as the focus for a study in this way The material in this volume is therefore a fascinating viewpoint from which to explore the origins of this vibrant academic community as well as analyse the practice of Religious Studies more generally *Race and New Religious Movements in the USA* Emily Suzanne Clark, Brad Stoddard, 2019-08-08 Organized in chronological order of the founding of each movement this documentary reader brings to life new religious movements from the 18th century to the present It provides students with the tools to understand questions of race religion and American religious history Movements covered include the Church of

Jesus Christ of Latter day Saints Mormonism the Native American Church the Moorish Science Temple the Nation of Islam and more The voices included come from both men and women Each chapter focuses on a different new religious movement and features an introduction to the movement including the context of its founding two to four primary source documents about or from the movement suggestions for further reading *Religion in America* Julia Corbett Hemeyer, 2016-02-19 Religion in America 7th Edition provides a comprehensive yet concise introduction to the changing religious landscape of the United States Extensively revised and updated to reflect current events and trends this new edition continues to engage students in reflection about religious diversity Julia Corbett Hemeyer presents the study of religion as a tool for developing appreciation of communities of faith other than one's own and for understanding the dynamics at work in religion in the United States today **Race and New Religious Movements in the USA** Emily Suzanne Clark, Brad Stoddard, Organized in chronological order of the founding of each movement this documentary reader brings to life new religious movements from the 18th century to the present It provides students with the tools to understand questions of race religion and American religious history Movements covered include the Church of Jesus Christ of Latter day Saints Mormonism the Native American Church the Moorish Science Temple the Nation of Islam and more The voices included come from both men and women Each chapter focuses on a different new religious movement and features an introduction to the movement including the context of its founding two to four primary source documents about or from the movement suggestions for further reading **Introduction to New and Alternative Religions in America** William M. Ashcraft, Eugene V. Gallagher, 2006-10-30 Most new or alternative religious are gravely misunderstood by members of the religious mainstream Labeled cults or sects groups and their members are often ridiculed or otherwise disregarded as weird and potentially dangerous by the populace at large Despite their efforts at educating the general public the various anti and counter cult activists have in fact promoted much more mis understanding than accurate understanding of the religious lives of some of their fellow citizens Consequently they have helped to create a very hostile environment for anyone whose religious practices do not fit within a so called mainstream This set rectifies the situation by presenting accurate comprehensive authoritative and accessible accounts of various new and alternative religious movements that have been and are active in American society and it addresses ways of understanding new and alternative religions within a broader context Determining what actually constitutes a new or alternative religion is a subject of constant debate Questions arise as to a new faith's legitimacy beliefs methods of conversion and other facets of a religious movement's viability and place in a given culture How a religion gains recognition by the mainstream which often labels such new movements as cults is fraught with difficulty tension and fear Here experts delineate the boundaries and examine the various groups beliefs movements and other issues related to new faiths and alternative beliefs Readers will come away with a fuller understanding of the religious landscape in America today Volume 1 History and Controversies discusses the foundations of new and alternative religions in the United States and

addresses the controversies that surround them This volume helps readers better understand what makes a new or alternative belief system a religion and the issues involved Volume 2 Jewish and Christian Traditions explores the various new religions that have grown out of these two Abrahamic faiths Groups such as the Shakers the People s Temple the Branch Davidians Jehovah s Witnesses and others are examined Volume 3 Metaphysical New Age and Neopagan Movements looks at Shamanism Spiritualism Wicca and Paganism among other movements as they have developed and grown in the U S These faiths have found new and devoted followers yet are often misunderstood Volume 4 Asian Traditions focuses on those new and alternative religions that have been inspired by Asian religious traditions From Baha i to Soka Gakkai from Adidam to the Vedanta Society contributors look at a full range of groups practicing and worshiping in the U S today Volume 5 African Diaspora Traditions and Other American Innovations examines the various traditions linked to the African diaspora such as Rastafarianism Santeria and the Nation of Islam alongside traditions that are truly American incarnations like Scientology UFO religions and Heaven s Gate Some of the new and alternative religions covered in these pages include Shamanism Wicca Black Israelites Santeria Scientology Elan Vital Hare Krishna Soka Gakkai and many more

Yearbook of International Religious Demography 2015, 2015-06-29 The Yearbook of International Religious Demography presents an annual snapshot of the state of religious statistics around the world Every year large amounts of data are collected through censuses surveys polls religious communities scholars and a host of other sources These data are collated and analyzed by research centers and scholars around the world Large amounts of data appear in analyzed form in the World Religion Database Brill aiming at a researcher s audience The Yearbook presents data in sets of tables and scholarly articles spanning social science demography history and geography Each issue offers findings sources methods and implications surrounding international religious demography Each year an assessment is made of new data made available since the previous issue of the yearbook The 2015 issue highlights both global and local realities in religious adherence from the demographics of the world s atheists to the emigration of Christians from the Middle East Other case studies include inter religious marriage patterns in Austria Muslim immigration to Australia and methodological challenges in counting Hasidic Jews

The Oxford Handbook of Millennialism Catherine Wessinger, 2016-07 Seventh Day Adventists Melanesian cargo cults David Koresh s Branch Davidians and the Raelian UFO religion would seem to have little in common What these groups share however is a millennial orientation the audacious human hope for a collective salvation which may be either heavenly or earthly The Oxford Handbook of Millennialism offers readers an in depth look at both the theoretical underpinnings of the study of millennialism and its many manifestations across history and cultures

Asian American Religious Cultures Jonathan H. X. Lee, Fumitaka Matsuoka, Edmond Yee, Ronald Y. Nakasone, 2015-09-01 A resource ideal for students as well as general readers this two volume encyclopedia examines the diversity of the Asian American and Pacific Islander spiritual experience Despite constituting a fairly small proportion of the U S population roughly 5 percent Asian Americans are a widely diverse

group with equally heterogeneous religious beliefs and traditions This encyclopedia provides a single source for authoritative information on the Asian American and Pacific Islander religious experience addressing South Asian Americans such as Indian Americans and Pakistani Americans East Asian Americans including Chinese Americans Japanese Americans and Korean Americans and Southeast Asian Americans whose ethnicities include Filipino Americans Thai Americans and Vietnamese Americans Pacific Islanders include Hawaiians Samoans Marshallese Tongan and Chamorro The coverage includes not only traditional eastern belief systems and traditions such as Buddhism Confucianism and Hinduism as well as Micronesian and Polynesian religious traditions in the United States but also the culture and religious rituals of Asian American Christians

The Making of a Salafi Muslim Woman Anabel Inge, 2017 Salafism often called Wahhabism is widely seen as a fundamentalist interpretation of Islam that subjugates women yet growing numbers of young British women many of them converts or from less conservative Muslim backgrounds are actively embracing it With unprecedented access to Salafi women's groups in the UK Anabel Inge provides the first in depth account of their lives probing the reasons for their conversion and their subsequent dilemmas and difficulties

The Religions of Canadians Jamie S. Scott, 2012-01-01 The Religions of Canadians draws on the expert knowledge and personal insights of scholars in history the social sciences and the phenomenology of religion to introduce the beliefs and practices of nine religious traditions

The Oxford Handbook of Digital Religion Campbell, 2023-11-15 Digital Religion refers to the contemporary practice and understanding of religion in both online and offline contexts and how these contexts intersect with each other Scholars in this growing field recognize that religion has been influenced by its engagement with computer mediated digital spaces including not only the Internet but other emerging technologies such as mobile phones digital wearables virtual reality and artificial intelligence The Oxford Handbook of Digital Religion provides a comprehensive overview of religion as seen and performed through various platforms and cultural spaces created by digital technology The text covers religious interaction with a wide range of digital media forms including social media websites gaming environments virtual and augmented realities and artificial intelligence and highlights examples of technological engagement and negotiation within the major world religions i.e Buddhism Christianity Hinduism Islam and Judaism Additional sections cover the global manifestations of religious community identity ethics and authority with a final group of chapters addressing emerging technologies and the future of the field Because of the interdisciplinary nature of the project the Handbook is led by co editors representing the humanistic and social scientific fields of religious studies and communication though both also have experience in how those disciplines intersect

The World's Religions in Figures Todd M. Johnson, Brian J. Grim, 2013-03-25 Created by two of the field's leading experts this unique introduction to international religious demography outlines the challenges in interpreting data on religious adherence and presents a contemporary portrait of global religious belief Offers the first comprehensive overview of the field of international religious demography detailing what we know about religious adherents around the world and how we know it

Examines religious freedom and diversity including agnostics and atheists on a global scale highlighting trends over the past 100 years and projecting estimates for the year 2050 Outlines the issues and challenges related to definitions taxonomies sources analyses and other techniques in interpreting data on religious adherence Considers data from religious communities censuses surveys and scholarly research along with several in depth case studies on the global Muslim population religion in China and the religious demography of recently created Sudan and South Sudan Argues against the belief that the twentieth century was a secular period by putting forward new evidence to the contrary Provides resources for measuring both qualitatively and quantitatively important data on the world s religious situation in the twenty first century *Down in the Valley* Julius H. Bailey, 2016-04-08 African American religions constitute a diverse group of beliefs and practices that emerged from the African diaspora brought about by the Atlantic slave trade Traditional religions that had informed the worldviews of Africans were transported to the shores of the Americas and transformed to make sense of new contexts and conditions This book explores the survival of traditional religions and how African American religions have influenced and been shaped by American religious history The text provides an overview of the central people issues and events in an account that considers Protestant denominations Catholicism Islam Pentecostal churches Voodoo Conjure Rastafarianism and new religious movements such as Black Judaism the Nation of Islam and the United Nuwaubian Nation of Moors The book addresses contemporary controversies including President Barack Obamas former pastor Jeremiah Wright and it will be valuable to all students of African American religions African American studies sociology of religion American religious history the Black Church and black theology *Religion and Popular Culture* Richard W. Santana, Gregory Erickson, 2016-10-27 Often considered to be in opposition American popular culture and popular religion are connected forming and informing new ways of thinking writing and practicing religion and theology Film television music sports and video games are integral to understanding the spiritual the secular and the in between in the modern world In its revised second edition this book explores how religious issues of canonicity scriptural authority morality belief and unbelief are worked out not in churches seminaries or university classrooms but in our popular culture Topics new to this edition include lived religion digital technology new trends in belief and identification the film Noah 2014 the television series True Blood Kanye West s music the video game Fallout and media events of recent years Instructors considering this book for use in a course may request an examination copy here *The FBI and Religion* Sylvester A. Johnson, Steven Weitzman, 2017-02-07 the first to examine the fraught relationship between the Federal Bureau of Investigation and religious groups in the United States in the past century Encompassing religious organizations from established institutions to extremist groups and covering a period that includes the World Wars the Cold War the Civil Rights movement and 9 11 this book tackles questions of importance for understanding American religion the history of law enforcement and the future of religious liberty Back cover *Reflections of Amma* Amanda J. Lucia, 2014-03-14 Globally known as Amma meaning Mother Mata

Amritanandamayi has developed a massive transnational humanitarian organization based in hugs. She is familiar to millions as the hugging saint, a moniker that derives from her elaborate darshan programs wherein nearly every day ten thousand people are embraced by the guru one at a time, events that routinely last ten to twenty hours without any rest for her. Although she was born in 1953 as a low caste girl in a South Indian fishing village, today millions revere her as guru and goddess, a living embodiment of the divine on earth. *Reflections of Amma* focuses on communities of Amma's devotees in the United States, showing how they endeavor to mirror their guru's behaviors and transform themselves to emulate the ethos of the movement. This study argues that inheritors and adopters of Hindu traditions differently interpret Hindu goddesses, Amma, and her relation to feminism and women's empowerment because of their inherited religious, cultural, and political dispositions. In this insightful ethnographic analysis, Amanda J. Lucia discovers how the politics of American multiculturalism reifies these cultural differences in de facto congregations despite the fact that Amma's embrace attempts to erase communal boundaries in favor of global unity.

This is likewise one of the factors by obtaining the soft documents of this **New Religious Movements A Documentary Reader** by online. You might not require more get older to spend to go to the book introduction as without difficulty as search for them. In some cases, you likewise do not discover the message New Religious Movements A Documentary Reader that you are looking for. It will totally squander the time.

However below, considering you visit this web page, it will be appropriately entirely simple to acquire as capably as download lead New Religious Movements A Documentary Reader

It will not acknowledge many period as we accustom before. You can realize it while sham something else at house and even in your workplace. suitably easy! So, are you question? Just exercise just what we find the money for below as without difficulty as review **New Religious Movements A Documentary Reader** what you like to read!
