Unintimidated Scott Walker, Marc Thiessen, 2013-11-19 Today we can sound like

conservatives and act like conservatives and still win elections Those who say we can't don't see what I see in Wisconsin and what my fellow governors in states all across America see We don't need to change our principles What we need is more courage In 2011 Wisconsin governor Scott Walker's chances of staying in office looked bleak Angry protesters furious about his collective bargaining proposal swarmed Madison camped in the capitol and attempted to block the passage of the governor's reform legislation Teachers unions accused him of sabotaging education His approval numbers fell to the basement and with the national media's descent on Wisconsin liberals denounced Dead Man Walker He found himself fighting for his reforms fielding death threats and facing an unprecedented recall election But then something happened Walker's policies began to work His constituents realized they were better off with his leadership and in June 2012 he became the first governor in American history to survive a recall attempt winning with a higher share of the vote than he had for his original election In *Unintimidated Governor Walker* tells the story of his fight to save Wisconsin from a \$3.6 billion budget deficit while simultaneously improving the state's schools and public infrastructure He describes how he stood for his convictions against enormous political pressure and personal attacks He explains how he knew his reforms would work based on his experience as a local official Speaking from the perspective earned from his resounding victory he outlines lessons conservatives on the national stage can learn from his success such as Change the polls not your principles Don't accept the false choices presented to you You can reform entitlements and survive Austerity is not the answer Never stop reforming Walker is living proof that conservatives need not move to the center to win He argues that Republicans must offer Americans big bold positive solutions for our nation's challenges and have the courage to implement them Walker has shown that even President Obama will back down when faced with reforms promoted with common sense and courage
