Life Goes Both Ways Willy Vil,2024-08-05 The story Life Goes Both Ways is a true story that is about a twenty year old who just finished high school from abroad and moved to the USA without his mom dad and friends Due to the speech impediment life was too difficult for him When he left he made lots of commitments to his family In the start he felt that everything was going to be easy to the point where he was going to maintain a reasonable life right away Shortly he discovered that things didn t work like that in the United States of America Some types of items ought to be done sooner before you could get yourself situated At foremost he was living with his brother J but things didn t work out nicely between the two of them In a brief time in the country he was out of his brother s home with no place to stay Luckily an elder companion of his promised him to stay in his place until he gets his life in order Therefore he jumped back and forth from position to position until he chose to go to school to construct some modifications in his life He attempted to go to school but it didn t work out for him It wasn t until he met a professor who used to teach French at a university in Paris who showed him some methods about how to write essays in the English language Ever since he observed he was doing very well in school He managed to get his associate s in business entrepreneurship but then quit going to college After a few years he met his wife and they had three boys together and bought a house Due to union obligations and taking care of the children he couldn t afford to go back to school His life was focused on the children s education and work After the children graduated from college and had successful careers he decided to go back to school to finish what he started After fifty plus years during COVID time he went back to school and managed to graduate with honors He went to Purdue University Global where he got himself a degree in business administration He was an exceptional student too Information in the book showcased that life went both ways At certain times in life there would be no way out other times things would be floating smoothly At first the future didn t appear very good for the young man in this country With hard work commitment and the support of a few good people he managed to adjust certain things and at last create an exorbitant life for himself Things were challenging at the beginning but he turned a bunch of negative stuff into positive ones Nevertheless I think that we need good tutors to teach us about the facts of life In that case our parents are the ideal ones After all I believe very strongly that we should listen to our mom and dad more often because their words contain valuable lessons to teach us

Don't Travel without iPhone Jimmy Chang, *Let's Not Do That Again* Grant Ginder,2022-04-05 Hilarious suspenseful and whip smart Cynthia D Aprix Sweeney Meet the Harrisons A mother running for Senate a son running from his problems and a daughter running straight into trouble From Grant Ginder the author of *The People We Hate at the Wedding* comes a poignant funny and slyly beguiling novel which proves that like democracy family is a messy and fragile thing perfect for fans of *Veep* s biting humor the family drama of *Succession* and the joys of Kevin Wilson s *Nothing to See Here* Nancy Harrison is running for Senate and she s

going to win goddamnit Not that that s her slogan although it could be She s said all the right things Passed all the right legislation Chapped her lips kissing babies There s just one problem her grown children Greta and Nick Harrison are adrift Nick is floundering in his attempts to write a musical about the life of Joan Didion called Hello to All That And then there s his little sister Greta Smart pretty and completely unmotivated allowing her life to pass her by like the shoppers at the Apple store where she works One morning the world wakes up not to Nancy making headlines but her daughter Greta She s in Paris With extremist protestors Throwing a bottle of champagne through a beloved bistro s front window In order to save her campaign not to mention her daughter Nancy and Nick must find Greta before it s too late Smart funny and surprisingly tender Let s Not Do That Again shows that family like politics can hurt like a mother

Virtual Training Jeb Blount, 2021-06-09 Remote learning has been around since the 18th century Caleb Phillips began advertising correspondence courses in the Boston Gazette in 1728 allowing people for the first time to learn new skills no matter where they lived For the past 300 years virtual training in its various formats has been meandering into shore on an inevitable yet slow building tide And then just like that everything changed A global pandemic Social distancing Working from home In an instant the tide became a tsunami The global pandemic accelerated the broad adoption of virtual instructor led training along with awareness that classroom based training is often expensive inefficient and fails to deliver a fair return on investment While it is certainly more challenging to re create the collaborative environment of the physical classroom in a virtual setting virtual training combines the structure accountability and social learning benefits of classroom training with speed agility and significant cost savings Simply put virtual training enables organizations to rapidly upskill more people while generating a far higher return on the training investment Virtual training is also green Studies indicate that virtual training consumes nearly 90% less energy and produces 85% fewer CO2 emissions than classroom training Still the biggest challenge with virtual training and the reason there has been so much resistance to it is historically the experience has been excruciating Not the quality of the curriculum or content Not the talent of the trainer The learning experience There are few people who haven t had the pleasure of sitting through agonizing virtual training sessions Death by voice over PowerPoint delivered by a disengaged instructor has an especially bitter flavor It is the way virtual training is delivered that matters most When the virtual learning experience is emotionally positive Participants are more engaged embrace new competencies and knowledge sticks Participants are more likely to show up to class and be open to future virtual training Trainers enjoy their work and gain fulfillment from making an impact Leaders book more virtual training Organizations more readily blend and integrate virtual training into learning development initiatives This is exactly what this book is about Virtual Training is the definitive guide to delivering virtual training that engages learners and makes new skills and behavioral changes stick Jeb Blount one of the most celebrated trainers and authors of our generation walks you step by step through the seven elements of effective engaging virtual learning experiences Trainer Mindset Emotional Discipline Production Technology Media Visuals Virtual
