Lauren Kate,2024-07-02 A heart stoppingly romantic exploration of all the what ifs I loved it ANNABEL MONAGHAN From No 1 New York Times bestselling author Lauren Kate comes an enemies to lovers what if romance about a prom kiss that never was and one woman s magical chance to live what might have been This is not how Liv wanted to see Jake Glasswell for the first time in ten years Once her high school rival and the prom date who humiliated her now a successful TV personality he s more attractive than he has any right to be And he s her Lyft passenger Since the prom night kiss that never was Liv s life has not gone to plan She deferred Julliard to be with her mom during a crisis and now swears she s happy as a recently furloughed drama teacher going on no strings dates This weekend she s maid of honour to her best friend Masha and of course Jake is the best man But when Liv glares into Jake s eyes as Masha says I do the universe turns on its axis and Liv is suddenly living a version of her life where prom night was the beginning of her and Jake not the end and it turns out he s the love of her life The catch Her mom and Masha hate her now What s in a kiss Maybe everything A sexy and romantic delight about parallel lives what ifs and kisses that cross a multiverse ABBI WAXMAN Funny and sexy What s in a Kiss spins a slip of fate into an utterly charming romcom EMILY WIBBERLY and AUSTIN SIEGEMUND BROKA The perfect read for anyone who adores swoon worthy romance with a touch of magic LILY CHU A completely captivating heartfelt and humorous rom com that explores the ever present question of what if FALON BALLARD *The Quest for Artificial Intelligence* Nils J.

Nilsson,2009-10-30 Artificial intelligence AI is a field within computer science that is attempting to build enhanced intelligence into computer systems This book traces the history of the subject from the early dreams of eighteenth century and earlier pioneers to the more successful work of today s AI engineers AI is becoming more and more a part of everyone s life The technology is already embedded in face recognizing cameras speech recognition software Internet search engines and health care robots among other applications The book s many diagrams and easy to understand descriptions of AI programs will help the casual reader gain an understanding of how these and other AI systems actually work Its thorough but unobtrusive end of chapter notes containing citations to important source materials will be of great use to AI scholars and researchers This book promises to be the definitive history of a field that has captivated the imaginations of scientists philosophers and writers for centuries *Nudging Choices Through Media* James Katz,Katie Schiepers,Juliet

Floyd,2023-06-30 This book addresses the growing use of computerized systems to influence people s decisions without their

awareness a significant but underappreciated sea change in the way the world works To assess these systems this volume s contributors explore the philosophical and ethical dimensions of algorithms that guide people s behavior by nudging them toward choices preferred by systems architects Particularly in an era of heightened awareness of bias and discrimination these systems raise profound concerns about the morality of such activities This volume brings together a diverse array of thinkers to critically examine these nudging systems Not only are high level perspectives presented but so too are of those who use them on a day to day basis While algorithmic nudging can produce benefits for users there are also many less obvious costs to using such systems costs that require examination and deliberation This book is a major step towards delineating these concerns and suggesting ways to provide a sounder basis for future policies for algorithms It should be of interest to system designers public policymakers scholars and those who wonder more deeply about the nudges they receive from various websites and on their phones

30 Before 30 Marina Shifrin,2018-07-24 A charming relatable and hilarious collection of essays documenting a young woman s attempt to accomplish thirty life goals before turning thirty Something was nagging Marina Shifrin As a freshly minted adult with student loan payments a barely hospitable New York apartment a real job she hated that paid her enough to get by if she also worked two other jobs something needed to change Over a few bottles of Two Buck Chuck Marina and her friend each made lists of thirty things they d do before the age of thirty The first thing on Marina s list was Quit My Shitty Job So she did and just like that the List powered her through her twenties In 30 Before 30 Marina takes readers through her list and shares personal stories about achieving those goals Ranging in scope from the simple Ride A Bike Over the Brooklyn Bridge Donate Hair to the life changing Move to A Different Country Become internet Famous each story shows readers that we don t all have it figured out and that s okay But for Marina she did become internet famous a viral video of her quitting her job after moving to Asia has nearly 19 million views on You Tube and now writes for Comedy Central s hit show Midnight is also an in demand stand up and had a very popular Modern Love column published in the New York Times None of that would have happened if she didn t start her list that night Thank you Two Buck Chuck Told with humor and heart 30 Before 30 will entertain motivate and challenge readers to get out of their comfort zones and live their best lives

Monthly Entries for the Spiritual but not Religious through the Year Mark G. Boyer,2022-08-30 This is a book about spirituality for the spiritual but not religious Those who identify themselves as spiritual but not religious make up one quarter of the population in the United States This book provides 189 monthly entries based on the national and international celebrations that occur every month Each entry begins with the name of the occasion and the date when it is marked during the month A text from the Bible a US public law a presidential proclamation a United Nations declaration etc

that illustrates the day is presented The text is followed by a reflection which gleans the spirituality from the text and provides historical background on the day being celebrated Journal meditation questions follow the reflection and a prayer concludes the entry This book is for the spiritual but not religious a practice of spirituality that does not regard organized religion as a valuable means to further interior spiritual growth A section of the introduction to the book explores who the spiritual but not religious are and presents the common themes that surface from research about them Televised Presidential Debates and Public Policy Sidney Kraus,1999-10 This second edition of the book Televised Presidential Debates and Public Policy provides a comprehensive update on the research production and effects of general election debates between major presidential candidates in 1960 and 1976 through 1996 Using participant observation on site at the debates and interviews and other research methodologies Kraus discusses how debate formats came about the actions of candidate advisors including the spin media coverage of the debates polling and their impact on voters Jacket **Creativity and Data Marketing** Becky Wang,2017-01-03 The world is moving towards universal connectivity at a dizzying rate underpinning this complex system of incessant transaction connection and digital experience is an infrastructure that generates a trail of data This trail not only tells us about human behaviour but provides vital insights into market dynamics consumer behaviour as well as the relationships we value and the culture we live in Creativity and Data Marketing helps marketers access this data find meaning in it and leverage it creatively to gain a competitive advantage Creativity and Data Marketing addresses the need to analyse data creatively and in particular how balancing tangible insights with creative market influence can maximise business innovation and results The book clarifies where businesses can improve existing infrastructure processes and activities as well as finding new addressable markets ready to validate or rethink market demand By identifying how and why a consumer interacts with touch points beyond paid media for example forums blog content native advertising and word of mouth Becky Wang presents a creativity and data blueprint on how businesses can make lucrative steps forward to innovate their products services and communication strategies laying the groundwork for long term results Online resources include bonus content covering analytics methods evolving research data platforms and more and a creative brief template Cyber Persistence Theory Michael P. Fischerkeller,Emily O. Goldman,Richard J. Harknett,2022 A bold re conceptualization of the fundamentals driving behavior and dynamics in cyberspace Most cyber operations and campaigns fall short of activities that states would regard as armed conflict In Cyber Persistence Theory Michael P Fischerkeller Emily O Goldman and Richard J Harknett argue that a failure to understand this strategic competitive space has led many states to misapply the logic and strategies of coercion and conflict to this environment and thus suffer strategic loss as a result The authors show how the paradigm of deterrence theory can neither explain nor manage the preponderance of state cyber activity They present a new theory that illuminates the exploitive rather than coercive dynamics of cyber competition and an analytical framework that can serve as the basis for new strategies of persistence Drawing on their policy experience they

offer a new set of prescriptions to guide policymakers toward a more stable secure cyberspace **Loving My Actual Christmas** Alexandra Kuykendall,2017-09-05 The Christmas season is a particularly difficult time for women to slow down and relish what s right in front of them An annual marker for many it is a holiday that can often remind us how life is not going as we d planned Our family relationships remain strained our finances stretched and our schedules stuffed with too much to do in too little time Following the formula of her successful *Loving My Actual Life* Alexandra Kuykendall shares with readers her own personal experiment to be completely present in her life as it is during the holiday season Addressing the themes of Advent and Christmas she reflects on hope love joy peace and relishing the season with practical pullouts on common Christmas stressors such as finances schedules and extended family Kuykendall s signature candor helps women go easy on themselves remember what truly matters and find joy in their imperfect Christmases *Conquering the Content* Robin M. Smith,2014-09-22 Put your course online now without sacrificing pedagogical quality *Conquering the Content A Blueprint for Online Course Design and Development Second Edition* is a highly practical guide to creating online courses With guidance on incorporating learning theory into online course content as well as a host of templates learning guides and sample files this book furnishes instructors and instructional designers with the information and tools they need to design and develop their course content to better serve online students This second edition introduces relevance statements and time saving tips as well as content maps which provide a scaffold for content organization and help students anchor the topics in their memories for retrieval Readers will gain expert insight and best practices for designing within the rapidly changing online learning environment and learn to incorporate recent advances that can improve student outcomes Because the book is designed to focus on online teaching pedagogy it won t go out of date as specific tools change Nearly one third of all students in higher education are taking at least one online class and online hybrid classes are becoming more widespread Distance learning is becoming the norm but creating an online class is more complex than just posting course content on a website *Conquering the Content* demonstrates how instructors can best revamp their course content to suit the online learning environment and provides the tools and resources instructors need to transfer their effectiveness from the classroom to the online environment Learn how to Create student friendly navigation structures that support what is known about the brain and learning Organize content based on priority flow and easy navigation Create assessments that work within the parameters of an online course Chunk information to facilitate better processing Time is of the essence in getting a course online but it s important that pedagogy not get lost in the crush of new content Course design is just as critical as course content when it comes to distance learning outcomes and *Conquering the Content* provides a holistic and practical approach to effective online course development **Billboard** ,1997-05-03 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile
