Max Streaming Price:

Transnational Streaming Television Joseph Straubhaar, Swapnil Rai, Melissa Santillana, Silvia Dalben, 2025-09-29

Examining the impact of streaming on the global production and flow of television and film this book provides an innovative theoretical framework to conceptualize how asymmetric dynamics of power play out in the era of global streaming This book analyses Netflix and Amazon Prime Video two tech based digital native streamers and compares them to Disney and HBO Max Warner Bros Discovery two legacy Hollywood studios with cable TV and broadcasting operations now pursuing global streaming The book compares their different models of operation and specifically explores how these four streamers particularly Netflix are co producing and commissioning television programs and films in an increasing number of countries It also examines how this trend is creating new opportunities for independent producers and soft power for the producing nations This book further considers the direct algorithmic targeting of individuals by their genre preferences across boundaries of culture language and nation boundaries that previously protected national and regional television markets creating a new flow of data colonialism At a more local level the book also examines some of the national and regional streaming platforms emerging in some of the key players in the Global South Brazil India and Mexico This is essential reading for students researchers and academics interested in media studies global media and global television studies

De Gruyter Handbook of Media Technology and Innovation Richard A. Gershon, 2025-01-27 The De Gruyter Handbook of Media Technology and Innovation brings together scholars from around the world to provide key insights on emerging technology trends and issues related to the fields of media management information technology product design planning and digital lifestyle This handbook is about the power of good ideas It s about those business enterprises government planners educators and entrepreneurs that have harnessed the power of good ideas to become real difference makers in the world we live in Keeping pace with fast paced technology change requires ongoing assessment and reassessment of the media management and technology fields to address important questions and emerging issues A major premise of this book is that given the complex and ever changing state of media technology we have a responsibility and obligation to engage in a broader interdisciplinary dialogue whose purpose is to understand the current and future state of media technology and innovation as well as to appreciate the social impact that such technologies have on business education and the general public Forecasting the future as any weatherperson or stock broker can tell you is a risky business But in this book we use the phrase the creative next step as a way to talk about the future and what we can expect in terms of the opportunities and challenges going forward

Behavior Dynamics in Media-Sharing Social Networks H. Vicky Zhao, W. Sabrina Lin, K. J. Ray Liu, 2011-04-14 In large scale media sharing social networks where millions of users create share link and reuse media content there are clear challenges in protecting content security and intellectual property and in designing scalable and reliable networks capable of handling high levels of traffic This comprehensive resource demonstrates how game theory can be used to model user dynamics and optimize design of media sharing networks It reviews the fundamental methodologies used to model and analyze human behavior using examples from real world multimedia social networks With a thorough investigation of the impact of human factors on multimedia system design this accessible book shows how an understanding of human behavior can be used to improve system performance Bringing together mathematical tools and engineering concepts with ideas from sociology and human behavior analysis this one stop

guide will enable researchers to explore this emerging field further and ultimately design media sharing systems with more efficient secure and personalized services

Big Data Management Fausto Pedro García Márquez, Benjamin Lev, 2016-11-15 This book focuses on the analytic principles of business practice and big data Specifically it provides an interface between the main disciplines of engineering technology and the organizational and administrative aspects of management serving as a complement to books in other disciplines such as economics finance marketing and risk analysis The contributors present their areas of expertise together with essential case studies that illustrate the successful application of engineering management theories in real life examples

Illegal Online File Sharing, Decision-Analysis, and the Pricing of Digital Goods Michael I. C. Nwogugu, 2016-11-03 Illegal online file sharing costs companies tens of billions of dollars of lost revenues around the world annually and results in lost productivity various psychological issues and significant reduction of incentives to create and innovate Legislative technical and enforcement efforts have failed This book presents psychological theories about why people illegally share files online analyzes and characterizes optimal sanctions for illegal online file sharing introduces new models for pricing of network access and digital content to help reduce illegal online file sharing introduces new content control and P2P systems and explains why game theory does not work in pricing of network access

Seriality in the Streaming Era Lene Heiselberg, Bo Kampmann Walther, Jakob Isak Nielsen, Rasmus Rønlev, 2025-09-12 Seriality in the Streaming Era explores the dynamic transformation of serialized storytelling in the digital era where platforms like Netflix Disney and Apple Podcasts have redefined how narratives are created consumed and experienced This book examines the profound impact of streaming technologies on both fictional and nonfictional series offering an in depth analysis of how these formats have evolved Drawing from case studies across a wide range of media from television to podcasts and social media platforms like Facebook and Snapchat this book highlights how serialized storytelling has adapted to diverse formats and consumption habits The authors explore key trends such as platform specific narrative structures audience engagement and the blending of genres in both entertainment and journalism With a focus on both the aesthetic and functional shifts in seriality the book offers theoretical insights into the future of storytelling in a media landscape increasingly shaped by data driven strategies and audience participation Furthermore the book tackles how seriality navigates the delicate balance between creativity and commercial demands As a significant contribution the book features interviews with key industry professionals in the field of serial media production Seriality in the Streaming Era is an essential resource for scholars students and industry professionals as well as anyone curious about the evolving role of serialized narratives in shaping modern media culture

Wireless Network Pricing Jianwei Huang, Lin Gao, 2022-06-01 Today s wireless communications and networking practices are tightly coupled with economic considerations to the extent that it is almost impossible to make a sound technology choice without understanding the corresponding economic implications This book aims at providing a foundational introduction on how microeconomics and pricing theory in particular

can help us to understand and build better wireless networks The book can be used as lecture notes for a course in the field of network economics or a reference book for wireless engineers and applied economists to understand how pricing mechanisms influence the fast growing modern wireless industry This book first covers the basics of wireless communication technologies and microeconomics before going in depth about several pricing models and their wireless applications The pricing models include social optimal pricing monopoly pricing price differentiation oligopoly pricing and network externalities supported by introductory discussions of convex optimization and game theory The wireless applications include wireless video streaming service provider competitions cellular usage based pricing network partial price differentiation wireless spectrum leasing distributed power control and cellular technology upgrade More information related to the book including references slides and videos can be found at ncel.ie.cuhk.edu.hk/content/wireless-network-pricing **Media**

Libraries in an Age of Unending Consumption Mike Van Esler, 2023-10-24 As the home video market upended traditional film industry models media libraries emerged as important sources of ancillary revenue The inflection point for media library exploitation came in 2007 when Netflix launched its streaming service relying on extensive licensing of film and television libraries to grow its subscriber base In this book Mike Van Esler examines how media libraries and business models have evolved since the home video era with particular emphasis placed on the streaming age of the past fifteen years Van Esler argues that media libraries have grown beyond their usages from the pre home video era to become central to today's corporate media strategy By studying the ways in which media library exploitation has scaled up since the turn of the new millennium the author identifies insights into larger media industry trends Ultimately this book explores the intersection of corporate media independent distributors private equity tech companies and audiences Scholars of media studies business and sociology will find this book of particular interest **The Technology, Business, and Economics of Streaming**

Video Eli Noam, 2021-01-29 Along with its interrelated companion volume The Content Impact and Regulation of Streaming Video this book covers the next generation of TV streaming online video with details about its present and a broad perspective on the future It reviews the new technical elements that are emerging both in hardware and software their long term trend and the implications It discusses the emerging media cloud of video and infrastructure platforms and the organizational form of such TV **InfoWorld**, 1989-01-23 InfoWorld is targeted to Senior IT professionals Content is segmented into Channels and Topic Centers InfoWorld also celebrates people companies and projects *My TV for Seniors*
