The Power of Sports Michael Serazio, 2019-04-23 A provocative must read investigation that both appreciates the importance of and punctures the hype around big time contemporary American athletics In an increasingly secular fragmented and distracted culture nothing brings Americans together quite like sports On Sundays in September more families worship at the altar of

the NFL than at any church This appeal which cuts across all demographic and ideological lines makes sports perhaps the last unifying mass ritual of our era with huge numbers of people all focused on the same thing at the same moment That timeless live quality impervious to DVR evoking ancient religious rites makes sports very powerful and very lucrative And the media spectacle around them is only getting bigger brighter and noisier from hot take journalism formats to the creeping infestation of advertising to social media celebrity schemes More importantly sports are sold as an oasis of community to a nation deeply divided They are escapist apolitical the only tie that binds In fact precisely because they appear allegedly above politics sports are able to smuggle potent messages about inequality patriotism labor and race to massive audiences And as the wider culture works through shifting gender roles and masculine power those anxieties are also found in the experiences of female sports journalists athletes and fans and through the coverage of violence by and against male bodies Sports rather than being the one thing everyone can agree on perfectly encapsulate the roiling tensions of modern American life Michael Serazio maps and critiques the cultural production of today's lucrative ubiquitous sports landscape Through dozens of in depth interviews with leaders in sports media and journalism as well as in the business and marketing of sports The Power of Sports goes behind the scenes and tells a story of technological disruption commercial greed economic disparity military hawkishness and ideals of manhood In the end despite what our myths of escapism suggest Serazio holds up a mirror to sports and reveals the lived realities of the nation staring back at us *Jet*, 1984-10-29 The weekly source of African American political and entertainment news *USA Today Index*, 1995 Basketball For Dummies Richard Phelps, 2011-03-16 Basketball is the most popular participatory sport in the United States As simple as the game often seems throwing a ball through a hoop there are many aspects of the game that go unnoticed But with Basketball For Dummies Second Edition you'll get the inside scoop on hoops Whether you're a player a fan or a coach Basketball For Dummies Second Edition will get you better acquainted to the game so you can play it better coach it smarter or appreciate it more as a spectator Former Notre Dame head coach Digger Phelps begins with the fundamentals and quickly moves up court from there From playing a pick up game to watching March Madness on TV to the excitement of the NBA Playoffs Phelps has come up with a game plan that shows you how to have fun with the game while you become familiar with it By the final buzzer you'll have pulled down pointers on how to play the game how to look good on the court how to coach it how to watch it how to strategize and even how to talk trash on the playground Within these pages you'll also discover how to Suit up for the court Get into basketball shape Play effective offense and defense Use signature moves from NBA greats Shoot quality free throws Join fantasy leagues and get great stuff online From the basics to the latest coaching drills and techniques this friendly reference offers you expert advice on the plays strategies and moves on and off the court from high school to college hoops to the WNBA and beyond Perceptions of East Asian and Asian North American Athletics Steve Bien-Aimé, Cynthia Wang, 2022-09-27 This book highlights inconsistencies within the field of sports scholarship and provides an opportunity to

open up and extend conversations about the intersection of sports media and race particularly surrounding athletes of East Asian descent Despite the growing influence of East Asian and Asian American Canadian athletes they are still underrepresented in Western media and in scholarship This anthology adds much needed literature to sports popular culture East Asian and Asian American studies The prominence of sports in global popular culture makes the intersections explored in this collection a crucial addition to existing conversations about both sports and East Asian Asian American Canadian studies
