Bestseller A Century of America's Favorite Books is a must read The New York Times Book Review, 1976 **The Wretched Stone** Chris Van Allsburg, 1991 A strange glowing stone picked up on a sea voyage captivates a ship's crew and has a terrible transforming effect on them *Wendy Wasserstein* Claudia Barnett, 2013-06-17 Wendy Wasserstein A Casebook contains in depth discussions of the playwright's major works including her recent play 1 An American Daughter Wasserstein's plays and essays are explored within diverse traditions including Jewish storytelling women's writing and classical comedy Critical perspectives include feminist Bakhtinian and actor director Comparisons with other playwrights such as Rachel Crothers Caryl Churchill and Anton Chekhov provide context and understanding An interview with the playwright and an annotated bibliography are included **The Fiction of Hortense Calisher** Kathleen Snodgrass, 1993 Hortense Calisher is the author of eleven novels six collections of stories or novellas and two memoirs The publication of her first book of short stories In the Absence of Angels 1951 marked the debut of an important writer For the past forty years her works have been consistently and widely reviewed Calisher has long been celebrated and censured as a writer's writer a consummate stylist with an impressive range of subjects Despite that range however Calisher's works possess a thematic coherence that has eluded critical notice For more than forty years she has spun out variations on the motif of rites of passage and of extradition Her protagonists may yearn for stasis for a firmly manageable reality but finally emerge into a world where change is the only constant In The Fiction of Hortense Calisher the first book length study of Calisher's work Kathleen Snodgrass demonstrates this theme's dominance Following an introduction that provides biographical and critical background she explores similarities in the structure of Calisher's works grouping them together to illuminate both the

general motif and its distinctive variations In the first chapter Bridging the Gulf The Autobiographical Stories Snodgrass arranges Calisher s early stories into a biographically chronological order a coherent narrative emerges that dramatizes Hester Elkin s rites of passage from childhood through adolescence to early adulthood Hester Elkin is only the first of a succession of Calisher s protagonists to embrace life as an open ended journey In chapter 2 Snodgrass examines four Calisher novels that have in common tumultuous transitions from adolescence to adulthood In Calisher an essential part of that rite of passage is a coming down from the heights of theorizing and fantasy into a willingness to grapple with mundane adult realities Chapter 3 False Entries focuses on two companion novels in which the central drama is the painful transition from stasis to movement Subsequent chapters focus on two very different types of movement Solo Flights deals with characters sloughing off conventional lives like dead skins and setting off alone while Re Entries examines the opposite movement here Calisher s characters re enter what she has termed the great enclosure of the norm Later chapters discuss Calisher s two novels of space travel works in which the primary voyage is psychic rather than physical and works dealing with the voyaging life well into old age In her conclusion Calisher s Monologuing Eye Snodgrass demonstrates the inseparability of style and theme in Calisher s works Both stylistically and thematically Calisher repudiates a predictably linear progression through life If her style is as some critics have remarked dense and elliptical so too is her experience of the world She leaves it to others to duplicate a received reality choosing instead to take soundings on a world in flux
