Nice Book Developing Socially Responsible Sustainable Leadership:

Sustainable Development, Leadership, and Innovations Dalia Streimikiene, Asta Mikalauskiene, Remigijus Ciegis, 2019-12-06 This book deals with the main challenges of sustainable development and the role of sustainable business and corporate social responsibility in implementing these challenges through sustainable leadership and innovations. It includes the economic, social, and environmental dimensions of sustainability and emphasizes the importance of achieving a socio-environmental balance in society. The theoretical frameworks and insights from sustainable development implementations on macro and micro levels, as well as the practical examples and case studies provided, to introduce the concept of sustainable leadership and its impact on sustainable business development are a scientific novelty in the field of sustainability. The book is comprised of six interconnected chapters that sequentially reveal the principal provisions of sustainable development, corporate social responsibility, and sustainable leadership together with their correlations. Features: Provides cutting-edge examples and case studies of sustainable leadership viewed as the most significant means for the creation of sustainable organizational culture. Includes case studies on the economic, social, and environmental dimensions of sustainability. Addresses scientific aspects of sustainable development and its challenges. Discusses issues of sustainable development at different scales ranging from macro to micro levels. Provides policy implications for sustainable business development. The theoretical framework and practical case studies presented in *Sustainable Development Leadership and Innovations* make it an invaluable resource and guide to both the academic and business communities. Business leaders, policy makers, and other professionals, as well as academics and graduate students, will all benefit greatly from this text.

Research Anthology on Developing Socially Responsible Businesses Management Association, Information Resources, 2022-03-04 In today's world of global change, it has never been more critical for businesses to adapt their strategies, management styles, and policies to match that of the surrounding environment. Consumers are increasingly becoming more aware of the impact that businesses and product consumption have on environmental health. Thus, businesses have had to alter their production workflows to better suit a more environmentally conscious customer base. As society faces numerous issues related to the environment, health, poverty, and social justice, the need for socially responsible businesses is crucial to develop and improve the overall landscape of the business field. *The Research Anthology on Developing Socially Responsible Businesses* discusses the best practices, challenges, opportunities, and benefits of creating socially responsible businesses and provides a context of why these business models are needed. This essential text also considers how society has changed over time and how businesses must adjust their ideals and practices in order to survive in a changing world. Covering a range of topics such as accountability, environmental issues, and human rights, this major reference work is ideal for business owners, managers, policymakers, academicians, researchers, scholars, practitioners, instructors, and students.

Responsible Business in a Changing World Belén Díaz Díaz, Nicholas Capaldi, Samuel O. Idowu, René

Schmidpeter,2020-05-11 This book explores the current state of Corporate Social Responsibility CSR from an international perspective the goal being to share ideas and visions for a sustainable future and to provide useful guidelines for academics practitioners and policymakers in the context of the 2030 Agenda for Sustainable Development released by the United Nations Research on CSR has evolved considerably over the last three decades However there are still many unanswered questions concerning the sustainability of business in an increasingly changing world for example If most companies consider CSR to be valuable to their organizations why do only 15% of them systematically implement Social Responsibility initiatives If CSR has been found to be profitable for companies why are they so reluctant to develop an active internal CSR policy Why are there such significant differences in CSR adoption from country to country Why does it take a huge crisis to make politicians react and regulate certain core CSR issues This contributed volume answers these questions presenting a wealth of case studies and new approaches in the process *Social Responsibility - Sustainability, Education and Management*
