LEARNING GENRES FANTASY

The fantasy genre is a type of fiction. Fantasy stories are set in a world that is not real. They are full of magic, dragons, wizards, and other things that do not exist in our world. They can also have a lot of action and adventure. Fantasy stories are often written for children, but they can also be written for adults. They are a fun way to escape from reality and imagine a world where anything is possible.

U.S. KIDS' LITERATURE: A Brief History writes the first contemporary children's literature and the U.S. KIDS' LITERATURE series.

"The whole idea of fantasy," said Lewis, "is that through the fantasy world, we can escape from the real world. It's a way of saying that the real world is not the only world. There are other worlds out there, and we can go to them if we want to. Fantasy is a way of saying that the real world is not the only world.
