Research Anthology on Feminist Studies and Gender Perceptions Management Association, Information Resources, 2022-01-21

Global society has always been impacted by the perception of gender. While gender roles may differ in certain cultures, many cultures around the world have allowed for the disempowerment and objectification of women. Women today still struggle for gender equality, whether it be professionally, socially, or even legally. To examine feminism thoroughly, however, thorough analysis must be conducted on all genders and perceptions. The Research Anthology on Feminist Studies and Gender Perceptions explores the application of feminist theory and women empowerment in the 21st century and the role that gender plays in society. This book analyzes media representation, gender performativity, and theory to present a comprehensive view of gender and society. Covering topics such as masculinity, women empowerment, and gender equality, this two-volume comprehensive major reference work is an essential resource for sociologists, community leaders, human resource managers, activists, students, and professors of higher education, researchers, and academicians. **Journals of the House of Lords** Great Britain House of Lords, 1718

Building Brand Communities Carrie Melissa Jones, Charles Vogl, 2020-06-09 An authentic brand community is more than just people buying your product or working alongside one another. This book articulates the critical roles of mutual concern, common values, and shared experiences in creating fiercely loyal customer and collaborator relationships. Smart organizations know that creating communities is the key to unlocking unprecedented outcomes. But too many mistakenly rely on superficial transactional relationships as a foundation for community when really people want something deeper. Carrie Melissa Jones and Charles Vogl argue that in an authentic and enriching community, members have mutual concern for one another, share personal values, and join together in meaningful shared experiences, whether online or off. On the deepest level, brands must help members grow into who they want to be. Jones and Vogl present practices used by global brands like Yelp, Etsy, Twitch, Harley Davidson, Salesforce, Airbnb, Sephora, and others to connect in a meaningful way with the people critical for their success. They articulate how authentic communities can serve organizational goals in seven different areas.
