Science Equipment and Materials Albert Piltz, William John Gruver, 1963 Developing and Sustaining STEM Programs Across the K-12 Education Landscape Spott, Jessica L., Sobehrad, Lane J., Hite, Rebecca L., 2023-08-30 Locally or individually STEM programs provide additional opportunities to engage K 12 students including those from marginalized groups with the support of STEM outreach organizations through the co construction and implementation of STEM activities during school out of school at home and in the community Research suggests that community engaged partnerships forge relationships that can enhance and sustain K 12 STEM education efforts between K 12 districts and the scholarly community There is a need to highlight community engaged teaching and scholarship produced from partnerships between K 12 school districts and STEM outreach organizations Developing and Sustaining STEM Programs Across the K 12 Education Landscape describes the purpose of the collaboration between K 12 school districts and STEM outreach organizations the STEM activities that participating K 12 students engage in and the impacts on STEM learners that emerge from the partnership Covering topics such as continuous program improvement school industry partnerships and student success this premier reference source is an excellent resource for educational leaders and administrators pre service and in service educators teacher educators researchers and academicians Values in Science Education Deborah Corrigan, Cathy Bunting, Angela Fitzgerald, Alister Jones, 2020-05-18 In 2007 the Monash Kings College London International Centre for the Study of Science and Mathematics Curriculum edited a book called The Re emergence of Values in Science Education This book reflects on how values have been considered since this original publication particularly in terms of socio cultural economic and political factors that have impacted broadly on science technology and society and more specifically on informal and formal science curricula Hence the title of this book has been framed as Values in Science Education The shifting sands As in the first book this collection focuses on values that are centrally associated with science and its teaching and not the more general notion of values such as cooperation or teamwork that are also important values in current curricula Such values have indeed become more of a focus in science education This may be a response to the changing global context where technological changes have been rapid and accelerating In such complex and risky environments it is our guiding principles that become the important mainstays of our decisions and practices In terms of science education what is becoming clearer is that traditional content and traditional science and scientific methods are not enough for science and hence science education to meet such challenges While shifts in values in science education continue tensions remain in curriculum development and implementation as evidenced by the continued diversity of views about what and whose values matter most *Miller's Antiques Handbook & Price Guide 2022-2023* Judith Miller, 2022-04-07 Miller's Antiques Handbook Price Guide remains the essential and trusted guide to the antiques market It has earned the reputation of being the book no dealer collector or auctioneer should be without Compiled by Judith Miller world renowned antiques expert and co founder of the book the

guide features more than 8 000 antiques Comprehensive sections cover Ceramics Asian Antiques Furniture Glass Silver and Metalwares Jewellery and objets de vertu Clocks and Watches Books Textiles Toys Decorative Arts and Modern Classics Special features explain why one piece is worth more than another show how to value an item and teach you to be your own valuer Biographies of designers and factories give the background information you need to help date and value objects while special Judith Picks sections give fascinating background and valuation details for particularly interesting or unusual objects
