“This Is America” Katie Rios, 2021-06-10 In *This Is America Race Gender and Politics in America's Musical Landscape* Katie Rios argues that prominent American artists and musicians build encoded gestures of resistance into their works and challenge the status quo. These artists offer both an interpretation and a critique of what *This Is America* means. Using Childish Gambino's video for *This Is America* as a starting point, Rios considers how elements including clothing, hairstyles, body movements, gaze, lighting effects, distortion, and word play symbolize American dissonance. From Laurie Anderson's presence in challenging authority and playing with traditional gender roles in her works to the Black female feminism and social activism of Beyoncé, Rhiannon Giddens, and Janelle Monáe to hip hop as resistance in the age of Trump to sonic and visual variety in *Hamilton*, the subjects are as powerful as they are topical. Rios explores the ways in which artists relate to and represent underrepresented groups, especially groups that are not traditionally perceived as having a majority voice. The encoded resistances recur across performances and video recordings so that they begin to become recognizable as repeated acts of resistance directed at injustices based on a number of categories including race, gender, class, religion, and politics.

Marginality Beyond Return Lillian Manzor, 2022-07-29 This study is an exploration of US Cuban theatrical performances written and staged primarily between 1980 and 2000. Lillian Manzor analyzes early plays by Magali Alabau, Jorge Ignacio Cortiás, Mar ía Irene Fornés, Eduardo Machado, Manuel Mart ín Jr, and Carmelita Tropicana, as well as these playwrights' participation in three foundational Latine theater projects: INTAR's Hispanic Playwrights in Residence Laboratory in New York (1980-1991), Hispanic Playwrights Project at South Coast Repertory Theater in Costa Mesa, CA (1986-2004), and The Latino Theater Initiative at Center Theater Group's Mark Taper Forum in Los Angeles (1992-2005). She also studies theatrical projects of reconciliation among Cubans on and off the island in the early 2000s. Demonstrating the foundational nature of these artists and projects, the book argues that US Cuban theater problematizes both the exile and Cuban American paradigms. By investigating US Cuban theater, the author theorizes via performance ways in which we can intervene in and reformulate political and representational positionings within the context of hybrid cultural identities. This book will be of great interest to students and scholars in Performance Studies, Transnational Latine Studies, Race and Gender studies.
