Joseph Young
Western New York Dermatology
123 Fictional Lane
Buffalo, NY 14202

Dear Mr. Young:

April 29, 2024

While my background might initially seem an unconventional fit for the field of aesthetic nursing, this application is an invitation to explore the depth and adaptability of my skill set, which bears significant relevance to the nuanced demands of this specialty. I see this as an opportunity to highlight how my foundational competencies and core professional values align with the multifaceted nature of aesthetic nursing despite coming from a markedly different professional landscape.

At Court Street Grocers, I embodied a leadership role that required oversight of intricate warehouse operations, commanding a team of 23 to achieve operational targets while leading efforts that resulted in a 16% reduction in operational costs through strategic process optimization. My dedication to excellence and safety not only upheld the highest standards but also fostered a culture of proactive care and diligence.

My tenure at Logistics Plus was characterized by an ethos of collaboration. I led cross-departmental teams on projects that delivered on efficiency improvements, saving the company an estimated \$226,084 annually. The ability to foster teamwork and drive towards common goals in such environments will be instrumental in the interdisciplinary approach of aesthetic nursing, promoting cohesive patient care strategies alongside diverse healthcare professionals.

Further, my engagement in developing and implementing training programs has sharpened my mentorship and educational skills, equipping me with the ability to communicate complex concepts effectively. That will be invaluable in aesthetically oriented patient consultations, where understanding and navigating patients' goals and expectations are essential for superior care delivery.

The opportunity to contribute within the realm of aesthetic nursing is one I find deeply compelling. I'm eager to discuss my fit for this role and how my diverse skill set might benefit your team and the individuals you serve. Thank you.

Sincerely,

Luca Bianchi

Stories Can Save Us Matt Tullis, 2024-06-01 Great journalism relies on a narrative arc to engage and inform the reader. *Stories Can Save Us* looks at how the best reporters and writers craft narrative literary journalism. Journalist Matt Tullis uses the material he gathered in the more than seventy-five interviews he conducted with the best narrative and literary journalists in the country through his podcast *Gangrey The Podcast* to show how these professionals conceive and write such compelling stories. Through his podcast, Tullis interviewed Pulitzer Prize winners, National Magazine Award winners, and many authors of books of narrative journalism, including New York Times best-selling authors. He also spoke with reporters of different races and backgrounds, styles, and strengths, journalists who have been published in the most prestigious newspapers and magazines, to ask: How do they find story ideas? How do they reach out to potential story subjects? What are their interview strategies? How do they conduct other information gathering? How do they come up with their amazing and enticing leads? How do they develop story structure? How does the story change in the revision process? How do they make their stories great and make them into the types of stories that people read and talk about for years? Through Tullis's conversations with these top-tier journalists, we are offered a window into their methods and practices, as well as the motivations behind great journalism and how it speaks to the cultural climate of its time. Tullis's goal was to expand the power and potential of what amazing reporting and narrative writing can do, believing that it can literally change a reader's mood and possibly a reader's life.

Check & Mate Ali Hazelwood, 2023-11-07 In this clever and swoonworthy new novel from the New York Times and Sunday Times bestselling author of *The Love Hypothesis*, life's moving pieces bring rival chess players together in a match for the heart. Mallory Greenleaf is done with chess. Every move counts nowadays after the sport led to the destruction of her family four years earlier. Mallory's focus is on her mom, her sisters, and the dead-end job that keeps the lights on. That is, until she begrudgingly agrees to play in one last charity tournament and inadvertently wipes the board with notorious Kingkiller Nolan Sawyer, current world champion and reigning Bad Boy of chess. Nolan's loss to an unknown rookie shocks everyone. What's even more confusing? His desire to cross pawns again. What kind of gambit is Nolan playing? The smart move would be to walk away. Resign. Game over. But Mallory's victory opens the door to sorely needed cash prizes, and despite everything, she can't help feeling drawn to the enigmatic strategist. As she rockets up the ranks, Mallory struggles to keep her family safely separated from the game that wrecked it in the first place. And as her love for the sport she so desperately wanted to hate begins to rekindle, Mallory quickly realizes that the games aren't only on the board; the spotlight is brighter than she imagined, and the competition can be fiercely attractive and infuriating. This novel is suitable for both young adult and adult audiences.

Karen's picture book *The Christmas Tree Wish* was shortlisted for the UK Selfies Award for best self-published children's book in 2020. Her most recent picture book *The Tell Me Tree* has received praise by parents and teachers alike and is being used in UK classrooms to help children talk about feelings. Karen has presented on children's self-publishing at conferences around the UK and is Children's Advisor at The Alliance of Independent Authors.

[Being Flawesome](#) Nicholas Matthews, 2021-01-21. A remarkable fact to reflect on: You are perfect. What we do in action and what we consider in thought remain vulnerable to imperfection. It is for this reason that we often find ourselves living in a confused state of contradiction whereby we strangely possess the capacity to surrender to the dangerous and ungrounded assumption that would say we are simply a representation of our flawed character. Or that we are not good enough, similarly that we need more. The alternative and more appealing by far is to consider our lives as being securely rooted in the grounded wisdom of having a perfected identity. The key to confidence is living from perfected identity. Jesus perfects our identity while our character remains vulnerable to imperfection. *Being Flawesome* explores the tension between flawed character and perfected identity and advocates a life of living imperfectly perfect.

Corporate Risks and Leadership Eduardo E. Mariscotti, 2020-05-13 The context of business has been changing for companies in recent years and following numerous corporate and accounting scandals many countries have increased the number of national and international regulations designed to ensure transparency and compliance with the law Because of the existence of these new regulations the level of control the severity of sanctions by governments and the amount of the fines for noncompliance have increased dramatically In parallel with the technological revolution in communications business management has become more transparent and any negative event is uploaded to social networks and shared with an indeterminate number of people This change in the regulatory sanctioning and technological context has forced large companies to rethink risks investments and budgets to deal in this more complex environment To transition to this change some companies have included ethics and compliance programs in their corporate agenda along with marketing and sales plans strategies growth targets investment plans and or talent acquisition While each industry has its particular risks in this book the author describes the essential elements that any effective ethics and compliance program should contain This book is a source of information that connects yesterday with today The author shares observations and lessons of the past to suggest corporate leaders implement effective ethics and compliance programs to protect their organizations and themselves The book covers theories of ethics but with an eye focused on practical application Risks ethics and compliance are analyzed with an overall vision connected to the reality of business life without getting bogged down in abstract thinking or in technical and regulatory details Ethics and compliance are disciplines that have increasingly achieved greater recognition in organizations Thus due to the importance of risk management in the business world and the necessary involvement of the CEO and the board of directors it seems appropriate that executives get access to a book about risks ethics compliance and human resources directed not only to compliance experts but also to any organizational leader This book is a wake up call that allows business leaders to understand the benefits of implementing an effective ethics and

compliance program that will help members of organizations to make the right decisions and act within the law If they do they can better prevent and react to the difficult obstacle course of risks dangers and threats that organizations face and that may jeopardize the sustainability resilience and survival of companies **Gender and Finance** Ylva Baeckström,2022-02-25

This book examines the world of finance and the role of gender within it It looks at the financial services industry arguably the most powerful and remunerative sector that exists and shows how it was created by men for men The author explains how historically women were excluded how minimal progress has been made and outlines how the sector still needs to change to function effectively in a modern equal opportunities world Addressing gender inequality in financial services is of utmost urgency and importance because of the extent to which it affects women in all stages of life Women s exclusion in financial services is also mirrored by how men have been excluded from parenting through a similar set of societal expectations government legislation and corporate policies The author maintains that to succeed we need to address both financial services and parenting To do so we need regulatory support Because of its power and dominance the financial services industry has the opportunity to lead this change and to champion gender equal practices These practices are economically beneficial to all participants not only female employees and consumers We all need these benefits as we rebuild our economies following the COVID 19 pandemic The book makes an important contribution to the critical and increasing awareness of gender concerns It presents insights drawn from original research and data about gender biases The book is an essential secondary text for a range of university courses including economics finance and accounting business studies and gender related courses as well as MBAs and Executive Education programmes that focus on gender in business It is also a must read for policy makers managers in financial services institutions and any other businesses that seek to attract the growing market of female consumers employees and business leaders **Legal Issues in Medical Practice** VP
