levels of union membership In *What Went Wrong* George R Tyler a veteran of the World Bank and the Treasury Department
takes the reader through an objective and data rich examination of the American experience over the last 30 years He

Austria Belgium Denmark France Germany the Netherlands and Sweden Over the last 30 years they have outperformed the
U S economy by the only metric that really matters delivering better lives for their citizens The policies adopted by the family
capitalist countries aren't socialist or foreign They are the same policies that made the U S economy of the 1950s and 1960s
the strongest in the world *What Went Wrong* describes exactly what went wrong with the American economy how countries
around the world have avoided these problems and what we need to do to get back on the right track **Check List of the
