The NBA's Global Empire Joshua K. Wright, 2025-02-21 During the 1992 Summer Olympics in Barcelona the Dream Team a collective of the National Basketball Association's top talent led by Michael Jordan Magic Johnson Larry Bird and Charles Barkley shook up the world as they amazed spectators and opponents on their way to winning gold Their success introduced the world to the NBA's charismatic superstars and their artistic brand of basketball Over the next two decades youth outside of America dreamed of becoming the next Michael Jordan Kobe Bryant and LeBron James The NBA took advantage of its popularity in China by forming lucrative television and streaming deals and opening training academies By the 2022-23 NBA season there were 109 international players from 39 countries a Canadian franchise and a league in Africa Today's best players are Africans Canadians and Europeans like Nikola Jokic and Victor Wembanyama This book presents the history of the NBA's ascension to a billion dollar global empire analyzing the globalization of American sports since the end of the Cold War and the dawn of the millennium How essential is globalization for the NBA to thrive in the 21st century Do the benefits outweigh the geopolitical controversies associated with being a global brand Is globalization responsible for a decline in American born NBA players and declining domestic popularity These questions and others are answered in this first treatment of the NBA's global reach

The Wizard of Odds Charley Rosen, 2011-01-04 In *The Wizard of Odds* renowned and best selling basketball writer Charley Rosen brings us for the first time the full life story of Jack Molinas one of the greatest basketball players of his era a man whose gambling addiction and hubris caused his ultimate demise Drawing on numerous previously unavailable first person accounts including Jack Molinas's own journal and trial transcripts Rosen presents the true saga of a man who perhaps better than anyone around him understood the weaknesses of the system in which he lived so much so that he convinced himself that he could manipulate that system to his advantage with total impunity in a life's journey that took him from NBA play to the Mafia and the pornographic film industry and to an ultimate tragic destiny

[The Basketball 100](#) The Athletic, David Aldridge, John Hollinger, 2024-11-26 A celebration of basketball by way of the 100 greatest players to ever grace the court in the history of the NBA from The Athletic's foremost basketball writers and analysts the game has to offer With a foreword by Charles Barkley Over the course of 100 luminous player profiles the best sports newsroom on the planet paints vivid portraits of the game's most compelling characters There's George Mikan who was cut from his high school team because he wore glasses then went on to become the fledgling NBA's first transcendent star Gary Payton called The Glove for his skintight defense who talked as much trash to his teammates as he did to his opponents on the court Dennis Rodman who started playing basketball at age 20 and in a few short years went from working as a janitor at the airport to being one of the strangest superstars that sport has ever known Allen Iverson who drew inspiration from hip hop for his inimitable style and swagger on and off the court Kareem Abdul Jabbar who was so dominant in the paint that they changed the rules and Steph Curry who was so dominant outside it that he seemed to expand

the very boundaries of the court The Basketball 100 edited by award winning reporters David Aldridge and John Hollinger also answers the game s toughest most important questions How should we weight championship rings versus statistical profiles versus the eye test Were the great players of yesteryear like Wilt Chamberlain and Bill Russell propelled by the inferior athleticism of their competition or would they have been transcendent in any era And of course who s the GOAT MJ or LeBron Speaking of GOATs for the book Hollinger inventor of the statistical metric PER has created a new benchmark GOAT Points Wonderfully written authoritative and full of joy The Basketball 100 is a fitting tribute to the greatest sport in the world
