As a globally watched quadrennial mega event the Winter Olympics is unique from both summer sport festivals and other winter festivals such as the Winter X Games. This book explores the impacts, issues and legacies of the past century of the Olympic Winter Games. Grounded in sport history, the chapters in this volume draw on the disciplines of cultural history, diplomatic history, global history, environmental history and media history to analyze the continued allure of the Winter Olympics a century after its origin and in light of the sustained and significant problems facing the Olympic movement. Host cities' efforts to create positive and lasting legacies are analyzed to highlight the challenges and complexities that have plagued the Olympic movement throughout the last century. The Olympic Winter Games at 100 is essential reading for any researcher, advanced student or scholar with an interest in Olympic Studies, sports development, sport policy and history. The culmination of the Super Series was reigning Soviet League champion HC CSKA Moscow's face off against the defending NHL champion Flyers in Philadelphia on January 11, 1976. Known as the Red Army Club, HC CSKA hadn't lost a game in the series. Known as the Broad Street Bullies, the Flyers were determined to bring the Red Army team's winning streak to an end with their trademark aggressive style of play. Based largely on interviews, Ed Gruver's book tells the story of this epic game and series as it lays out the stakes involved: nothing less than the credibility of the NHL. If the Red Army team had completed its series sweep by defeating the two-time Stanley Cup champion Flyers, the NHL would no longer have been able to claim primacy of place in professional level hockey. The Stanley Cup, the most famous trophy in sports.

would be devalued if the Flyers fell to the Soviets Gruver also describes how the game and series affected the styles of both Russian and NHL teams The Soviets adopted a more physical brand of hockey while the NHL increasingly focused on passing and speed
