Adaptation Online Lyndsay Michalik Gratch,2017-09-05 *Adaptation Online* Creating Memes Sweding Movies and other Digital Performances explores how traditional notions of the processes and products of creative adaptation are evolving

online Using a performance lens and a shift in terminology from the metaphor of the cultural meme to the framing that adaptation affords Lyndsay Michalik Gratch considers online adaptations in terms of creative process and human agency rather than merely as products This book offers a glossary of strategies for online adaptation that is useful not only for scholars in performance studies but also for scholars of cinema communications and new media studies

The Famous Feud Project Casian Anton,2024-01-12 In the history of human nature there are conflicts with a happy ending or with a tragic ending The Famous Feud in general seems to have a happy ending with one winner Taylor Swift From my point of view the Famous Feud ended in July 2016 In June 2017 I was convinced that Taylor Swift was the victim for the second time of Kanye West In October 2023 after I have updated the entire research on the Famous Feud the original conclusion did not change I created this edition to include everything I wrote about the Famous Feud It is an edition for people interested in reading the entire Famous Feud story from A to Z The Famous Feud Project report has two parts Part 1 Music in Black and White A Journey Behind the Musical Notes Part 2 On the Famous Feud Enjoy your reading

Black and White Music Casian Anton,2021-08-21 In Black more precisely I investigated the contribution and the artistic merit greater or lesser of black artists 0 03% and white artists 0 05% in the production and writing of their albums The artists investigated in this report are Taylor Swift Kanye West Beyonc Kendrick Lamar Macklemore to achieve this aim I added contribution and artistic merit into one bubble of research and treated the two concepts with the same meaning then I divided the bubble into 8 points of research the second level is about using the findings from the eight points of research to offer a response to three conventional wisdom advanced by black artists and their supporters against the rules and awards offered by The Recording Academy Black in these pages there is an advanced comparative analysis of the music released by famous artists that was never done before Black also it is for future artists waiting to be discovered and what they need to expect once they are part of the music industry Second Edition July 2023

Queere Geschichte(n) Jara Schmidt, Clara Rosa Schwarz, 2025-03-27
Mit interdisziplinären Zugriffen und aus internationalen Perspektiven fokussieren die Beiträge in der Vergangenheit Gegenwart und Zukunft von trans-lesbischer und queerer Literatur. Erstmals rücken sie dafür Leslie Feinbergs Roman *Stone Butch Blues* ins Zentrum und versammeln anlässlich seines 30. Publikationsjubiläums wissenschaftliche ebenso wie künstlerische Studien. Diese widmen sich unter anderem Femme-Butch-Dynamiken und Identitäten queerer Potenzialitäten bei Erst- und Neubearbeitungen von Feinbergs Roman sowie queerem Rhythmen die online/offline im Text und in Utopien Gestalt finden und so Gemeinschaft ermöglichen.

Power, Surveillance, and Culture in YouTube™'s Digital Sphere Crick, Matthew, 2016-01-18
Over the last several years YouTube has become a public forum for creative, informative, and political endeavors around the globe. As the website's influence and appeal continues to grow, questions regarding the legal usage of material, as well as potential governance issues regarding surveillance and political sway, are becoming more relevant. *Power, Surveillance, and Culture in YouTube's Digital Sphere* examines the imaginative, socioeconomic, and innovative features of the video-sharing community of YouTube and how these areas traverse the digital world. Highlighting theoretical concepts and empirical research, as well as in-depth discussions on cultural studies, participatory experience, and media theory, this publication will appeal to professionals, practitioners, researchers, and students interested in the use of video sharing as a means of surveillance, communication, or personal promotion.

Affective Intensities and Evolving Horror Forms Adam Daniel, 2020-02-03
Horror cinema is a genre that is undergoing constant evolution, from the sub-genre of found footage to post-cinematic new media forms such as YouTube horror, horror video games, and cinematic virtual reality horror. By investigating how these new forms alter the dynamics of spectatorship, this book charts how cinema's affective capacities have shifted in relation to these modifications in the forms of cinematic horror. It applies a rich theoretical synthesis of

phenomenological and Deleuzian approaches to a number of case studies including films like The Blair Witch Project Paranormal Activity and Creep as well as video games such as Alien Isolation and new media forms such as Youtube horror and virtual reality horror

New Media and Society Deana A. Rohlinger, 2019-02-05 A sociological approach to understanding new media's impact on society We use cell phones computers and tablets to access the Internet read the news watch television chat with our friends make our appointments and post on social networking sites New media provide the backdrop for most of our encounters We swim in a technological world yet we rarely think about how new media potentially change the ways in which we interact with one another or shape how we live our lives In New Media and Society Deana Rohlinger provides a sociological approach to understanding how new media shape our interactions our experiences and our institutions Using case studies and in class exercises Rohlinger explores how new media alter everything from our relationships with friends and family to our experiences in the workplace Each chapter takes up a different topic our sense of self and our relationships education religion law work and politics and assesses how new media alter our worlds as well as our expectations and experiences in institutional settings Instead of arguing that these changes are good or bad for American society the book uses sociological theory to challenge readers to think about the consequences of these changes which typically have both positive and negative aspects New Media and Society begins with a brief explanation of new media and social institutions highlighting how sociologists understand complex changing relationships After outlining the influence of new media on our identities and relationships it discusses the effects new media have on how we think about education practice our religions understand police surveillance conceptualize work and participate in politics Each chapter includes key sociological concepts engaging activities that illustrate the ideas covered in the chapter as well as links films and references to additional online material

Work That Body Jamie Hakim, 2019-10-16 Work That Body Male Bodies in Digital Culture explores the recent rise in different types of men using digital media to sexualise their bodies It argues that the male

body has become a key site in contemporary culture where neoliberalism's hegemony has been both secured and contested since 2008. It does this by looking at four different case studies: the celebrity male nude leak, the rise of young men sharing images of their muscular bodies on social media, RuPaul's Drag Race body transformational tutorial, and the rise of chemsex. It finds that on the one hand, digital media has enabled men to transform their bodies into tools of value creation in economic contexts where the historical means they have relied on to create value have diminished. On the other, it has also allowed them to use their bodies to form intimate collective bonds during a moment when competitive individualism continued to be the privileged mode of being in the world. It therefore offers a unique contribution not only to the field of digital cultural studies but also to the growing cultural studies literature attempting to map the historical contradictions of the austerity moment.

Storytelling to Accelerate Climate Solutions Emily Coren, Hua Wang, 2024-05-27. The climate is changing faster than our cultural practices are adapting to it. This Open Access volume, co-edited by Emily Coren, a science communicator, and Hua Wang, a communication scientist, presents a survey of the latest in agency-focused climate storytelling. Together, practitioners and scholars across different fields shared their knowledge, experience, and insight about how stories can be designed and told to engage, enable, and empower individuals and communities in climate communication and action. You will learn a wide range of narrative strategies and exemplary applications of climate storytelling in terms of professional practices, e.g., education, literature, journalism, popular media genres, and formats, e.g., drama, comedy, fiction, media platforms, e.g., television, radio, mobile, and communication modalities, e.g., text, visual, audio, multisensory. Entertainment education has been proven over decades to be an effective tool for social and behavior change in the public health sphere and has not yet been applied at scale to the massive, ongoing climate-related disasters that we need to solve now, fast. There is an urgent need to rapidly apply and adapt public engagement tools for climate communication to speed up our response times for climate change mitigation and adaptation. This book takes a snapshot of where climate storytelling is currently at, describes where it fits within a climate communication landscape, and supports the next steps of its development. It facilitates the creation of climate storytelling efficiently by sharing and amplifying what is working well and building collaborations between practitioners and researchers. This is an open access book.

Satire, Humor, and Environmental Crises Massih Zekavat, Tabea Scheel, 2023-05-15. Satire, Humor, and Environmental Crises explores how satire and humor can be employed to address and mitigate ecological crises at individual and collective levels. Besides scientific and technological endeavors, solutions to ecological crises must entail social and communicative reform to persuade citizens, corporations, organizations, and policymakers to adopt more sustainable lifestyles and policies. This monograph reassesses environmental behavior and messaging and explores the promises of humorous and satiric communication therein. It draws upon a solid and interdisciplinary theoretical foundation to explicate the individual, social, and ecospheric determinants of behavior. Creative works of popular culture across various modes of expression, including *The Simpsons*, *Last Week Tonight with John Oliver*, and

The New Yorker cartoons are examined to illustrate the strong if underappreciated relationship between humor and the environment This is followed by a discussion of the instruments and methodological subtleties involved in measuring the impacts of humor and satire in environmental advocacy for the purpose of conducting empirical research More broadly the book aspires to participate in urgent cultural and political discussions about how we can evaluate and intervene in the full diversity of environmental crises engage a broad set of internal and external partners and stakeholders and develop models for positive social and environmental transformations This book will be of great interest to students and scholars interested in environmental humanities communication science psychology and critical humor studies It can further benefit environmental activists policymakers NGOs and campaign organizers
