Level Up Your Web Apps With Go Mal Curtis, 2015-04-27 Go is an open source language from Google that's a bit like C. Designed for programmer productivity it's got a clean syntax and emphasizes concurrency. This book gives you all you need to use Go in your web applications. You'll learn the basic concepts, language structures, the standard library, and Go tools, then tackle more advanced features like concurrency concepts, testing methodologies, and package structures. At each step you'll get advice for better coding in Go. You'll see how to structure projects, how to use concurrency effectively, and best practices for testing, as well as many valuable hints and tips gleaned from real world experience of developing web applications with Go. You'll learn: Get to grips with Go language basics, types, the standard library, tools. Use Go with HTTP. Work with images. Understand concurrency. Test effectively. Master deployment. And much more. *iPhone Game Development* Chris Craft, Jamey McElveen, 2009-10-27 New Apple Developer Series A technical and business guide to creating and selling iPhone games. If you've always wanted to develop a cool iPhone game application and sell it for big bucks, this book is for you. *iPhone Game Development* covers all technical and commercial bases from how to sign up for the Apple Development Program, master the development tools in the iPhone SDK, publish your game to the App Store, and convince people to buy it. You'll find full coverage of Cocoa Touch and other great features of the iPhone SDK, plus pages of real world examples with step by step explanations. The book also includes loads of royalty free code you can use for commercial development. Apple's iPhone is not only a mobile phone, it's also a game platform rivaling big names like Nintendo and Sony. Anyone can sign up for the Apple Developer Program and publish their works to the App Store. This hip book, written by two successful gamers with over a decade of game development experience, will teach you both the technical and business aspects of developing and publishing a game to the App Store, plus how to convince end users to buy it. Includes examples with step by step explanations of actual games and apps currently on the App Store. A Companion Web site provides royalty free code from the samples in the book, which you can use to jumpstart your own game development. Save weeks of development time with the expert guidance you'll find in *iPhone Game Development*. Note: CD, ROM, DVD, and other supplementary materials are not included as part of eBook file. *Empirical Studies on Economics of Innovation, Public Economics and Management* Mehmet Huseyin Bilgin, Hakan Danis, Ender Demir, Ugur Can, 2017-03-06 This volume presents selected papers from the 18th Eurasia Business and Economics Society EBES Conference with major emphasis placed on highlighting the latest research developments in the economics of innovation, public economics, and management. The articles in the volume also address more specialized topics such as luxury fashion, weather derivatives, health management, Islamic bonds, and life satisfaction among others. The majority of the articles focus on phenomena observed in the Middle East and North Africa (MENA) region and South Asia, representing a unique contribution to understanding contemporary research challenges from a different perspective. *Western Electrician*, 1898 *New Relic Certified Performance Pro Certification Prep Guide : 350 Questions & Answers* CloudRoar
