Hollywood Genres and Postwar America Mike Chopra-Gant, 2005-10-28 This is a clear and engrossing account of how popular films in America just after the close of the Second World War played out America's mood at that crucial time It is also a revisionist challenge to received scholarly understanding of this mood which has tended to be seen as characterized by an abiding pessimism most clearly manifested in the films noir of the period Chopra Gant makes here an important contribution to film genre which proposes that the noir and Zeitgeist reading is based on the retrospective promotion of

selected movies He turns to the top box office successes of the period including Best Years of our Lives The Jolson Story and Two Years Before the Mast finding that these films emphasise rather the triumph of American beliefs in democracy classlessness and individualism They deploy positive performative masculinities and the pleasures of male friendships and celebrate the traditional American family while recognising the problems of momism and absent fathers Within Our Gates Alan Gevinson,1997 These volumes are endlessly absorbing as an excursion into cultural history and national memory Arthur Schlesinger Jr **Passionate Love and Popular Cinema** Erica Todd,2013-12-16 This book analyses the romantic drama and the way that passionate love is presented as the central storyline in popular cinema drawing upon genre studies and sociology Exploring the passionate love story as a cinematic form it also contributes through comparison to research on the romantic comedy **The Guide to United States Popular Culture** Ray Broadus Browne,Pat Browne,2001 To understand the history and spirit of America one must know its wars its laws and its presidents To really understand it however one must also know its cheeseburgers its love songs and its lawn ornaments The long awaited Guide to the United States Popular Culture provides a single volume guide to the landscape of everyday life in the United States Scholars students and researchers will find in it a valuable tool with which to fill in the gaps left by traditional history All American readers will find in it one entry at a time the story of their lives Robert Thompson President Popular Culture Association At long last popular culture may indeed be given its due within the humanities with the publication of The Guide to United States Popular Culture With its nearly 1600 entries it promises to be the most comprehensive single volume source of information about popular culture The range of subjects and diversity of opinions represented will make this an almost indispensable resource for humanities and popular culture scholars and enthusiasts alike Timothy E Scheurer President American Culture Association The popular culture of the United States is as free wheeling and complex as the society it animates To understand it one needs assistance Now that explanatory road map is provided in this Guide which charts the movements and people involved and provides a light at the end of the rainbow of dreams and expectations Marshall W Fishwick Past President Popular Culture Association Features of The Guide to United States Popular Culture 1 010 pages 1 600 entries 500 contributors Alphabetic entries Entries range from general topics golf film to specific individuals items and events Articles are supplemented by bibliographies and cross references Comprehensive index Transatlantic Crossings Sarah Street,2002-06-27 Transatlantic Crossings is the first major study of the distribution and exhibition of British films in the USA Charting the cross cultural reception of many British films Sarah Street draws on a wide range of sources including studio records film posters press books and statistics While the relative strength of Hollywood made it difficult for films that crossed the Atlantic Street s research demonstrates that some strategies were more successful than others She considers which British films made an impact and analyzes conditions that facilitated a positive reception from critics censors exhibitors and audiences Case studies include Nell Gwyn 1926 The Private Life of Henry VIII 1933 The Ghost Goes West
