A Compelling Case for Universities Quintin McKellar, 2025-05-01 This book unapologetically celebrates the achievements of the University Major drivers of enlightenment and powerhouses of the economy universities have evolved and thrived for over a thousand years While still reflecting their beginnings in medieval knowledge sharing communities modern universities have grown exponentially in both size and number Predictions suggest global student numbers will more than double from 216 million in 2016 to 472 million in 2035 This growth has demanded new models of funding as well as many new providers who have added diversity and complexity to the traditional idea of a university The author recounts this exciting evolution before turning to the major issues with which higher education is concerned today broadly following the student journey from admission to graduation and beyond A prospective university student first needs to gain a place the process throwing up important questions about access and equity Once admitted they can benefit from not only the education on offer but a wealth of extra curricular opportunities And research suggests that once they leave the experience of university will enrich their life in numerous ways With clearheaded chapters on research and innovation and thoughtful excursions into funding and governance together with some proposals for change this is a trenchant review of today's university landscape which nonetheless concludes that the current model of higher education is both highly effective and sufficiently adaptive Whilst facing up to difficult issues which must be addressed Professor McKellar derives satisfaction from the evidence of great overall achievement

Corrections in Ink Keri Blakinger, 2025-10-16 Brave brutal a riveting story about suffering recovery and redemption Inspiring and relevant The New York Times An electric and unforgettable memoir about a young woman's journey from the ice rink to addiction and a prison sentence to the newsroom and how she emerged with a fierce determination to expose the broken system she experienced Keri Blakinger always lived life at full throttle Growing up that meant throwing herself into competitive figure skating with an all consuming passion that led her to nationals But when her skating career suddenly fell apart that meant diving into self destruction with the intensity she once saved for the ice For the next nine years Keri ricocheted from one dark place to the next living on the streets selling drugs and sex and shooting up between classes all while trying to hold herself together enough to finish her degree at Cornell Then on a cold day during her senior year the police caught her walking down the street with a Tupperware full of heroin Her arrest made the front page of the local news and landed her behind bars for nearly two years There in the Twilight Zone of New York's jails and prisons Keri grappled with the wreckage of her missteps and mistakes as she sobered up and searched for a better path Along the way she met women from all walks of life who were all struggling through the same upside down world of corrections As the days ticked by Keri came to understand how broken the justice system is and who that brokenness hurts the most After she walked out of her cell for the last time Keri became a reporter dedicated to exposing our flawed prisons as only an insider

could Written with searing intensity unflinching honesty and shocks of humor Corrections in Ink uncovers that dark brutal system that affects us all Not just a story about getting out and getting off drugs this galvanizing memoir is about the power of second chances about who our society throws away and who we allow to reach for redemption and how they reach for it
