An Introduction to Operations Management Ajay Das, 2015-12-22 An Introduction to Operations Management The Joy of Operations covers the core topics of operations management including product and service design processes capacity planning forecasting inventory quality supply chain management and project management Das provides a clear connected and current view of operations management and how it relates to a firm's strategic goals Students will benefit from the real world scenarios that foster an understanding of operations management tasks Without relying heavily on statistics and mathematical derivations the book offers applied models and a simple predictable chapter format to make it easy to navigate Students of introductory operations management courses will love this practical textbook A companion website features an instructor's manual with test questions as well as additional exercises and examples for in class use *Trampled by Unicorns* Maelle Gavet, 2020-10-06 A Wall Street Journal Bestseller An insider's revealing and in depth examination of Big Tech's failure to keep its foundational promises and the steps the industry can take to course correct in order to make a positive impact on the world Trampled by Unicorns Big Tech's Empathy Problem and How to Fix It explores how technology has progressed humanity's most noble pursuits while also grappling with the origins of the industry's destructive empathy deficit and the practical measures Big Tech can take to self regulate and make it right again Author Maelle Gavet examines the tendency for many of Big Tech's stars to stray from their user first ideals and make products that actually profoundly damage their customers and ultimately society Offering an account of the world of tech startups in the United States and Europe from Amazon Google and Facebook to Twitter Airbnb and Uber to name a few Trampled by Unicorns argues that the causes and consequences of Big Tech's failures originate from four main sources the Valley's cultural insularity the hyper growth business model the sector's stunning lack of diversity and a dangerous self sustaining ecosystem However the book is not just an account of how an industry came off the rails but also a passionate call to action on how to get it back on track Gavet a leading technology executive and former CEO of Ozon an executive vice president at Priceline Group and chief operating officer of Compass formulates a clear call to action for industry leaders board members employees and consumers users to drive the change necessary to create better more sustainable businesses and the steps Western governments are likely to take should tech leaders fail to do so Steps that include reformed tax codes reclassification of platforms as information companies new labor laws and algorithmic transparency and oversight Trampled by Unicorns exploration of the promise and dangers of technology is perfect for anyone with an interest in entrepreneurship tech and global commerce and a hope of technology's all empowering prospect An illuminating book full of insights Trampled by Unicorns describes a realistic path forward even as it uncovers and explains the errors of the past As Gavet puts it we don't need less tech we need more empathetic tech And how that crucial distinction can be achieved by the tech companies themselves driving change as governments actively pave the road ahead Fast Founder Eric Lam, 2023-07-15 This book is written for both the new

entrepreneur and the seasoned C level executive who wants to spin off a new business and change the competition in 36 months or less It is filled with practical strategies and postures to adopt when conceptualising a business idea raising money at the right time and scaling it for an exit It puts together the lessons that the author has learned from conversations with some of the most successful investors and business leaders in the region backed by over 20 years of running and exiting successful businesses to help business champions navigate the fragmented market of Asia Pacific It is the quintessential playbook for anyone who wants to start a new venture within an organisation or as a start up

The Success Myth Emma Gannon,2023-05-18 Highly comforting Alain de Botton Founder of The School of Life This book changed how I think Annie Macmanus author of The Mess We re In You will not be able to put this book down The Independent OUR OBSESSION WITH ACHIEVEMENT IS A TRAP THIS IS HOW TO BREAK FREE Emma Gannon was thriving in her portfolio career enjoying a happy personal life and to anyone looking in she was undoubtedly a success She was also burned out and confused at why she felt unhappy yet was still striving for more After taking a deep look at her own journey and interviewing many other successful people on her podcast Ctrl Alt Delete she realised that our overly celebrated and traditional version of success is making us lonely unfulfilled and dispirited Now she has worked out a way to do things differently and here Emma shares her hard won lessons including how to set goals that are ambitious but not overwhelming why the tick box moments in life often feel anticlimactic and how to break free from comparison and the endless pursuit of more A manifesto to craft work and life on your own terms The Success Myth will give you the belief and tools to walk away from having it all uncovering your individual path to fulfilment

The Small Business Perseverance Guide Manny Skevofilax,2025-11-19 Small businesses are the largest contributors to net new jobs in America They drive innovation generate employment and promote community development in a constantly changing environment These vital enterprises fuel our economy and strengthen the social fabric of our communities Yet they often face steep challenges that test their fortitude flexibility and ultimately their perseverance For small business owners navigating the turbulent waters of entrepreneurship this book is a strategic guide It was written with the clear understanding that owning and growing a small business is not for the faint of heart Each day brings new hurdles whether it s adapting to shifting market trends managing unpredictable cash flow staying ahead of technology or weathering global disruptions like pandemics and economic downturns Through all of this the pressure to make the right decisions never lets up and the margin for error can be incredibly small This book is the result of the author s direct experiences working alongside small business owners across a wide range of industries It distills years of insight into the practical realities of running a business when the stakes are high and resources are limited The advice contained within is not theoretical it is grounded in real life situations and tailored to help small businesses survive adapt and thrive You ll find proven frameworks margin focused strategies and examples that illustrate the path from chaos to clarity At the heart of this guide is the belief that perseverance coupled with a strategic mindset can turn even the toughest challenges into stepping

stones for growth It s about thinking critically making intentional choices and understanding the numbers behind your decisions Strategy isn t just for big corporations it s the key to small business resilience The small business journey is unpredictable but it is also incredibly rewarding This book will help you unlock that potential by teaching you how to strengthen your financial foundation identify margin opportunities build systems for scalability and lead with confidence Whether you re trying to stabilize your operations accelerate profitable growth or simply regain control of your business this book is here to serve as a roadmap Success in small business isn t just possible it s within reach Let s get to work

Mojada Keyla Sanders,2023-09-06 As a young girl growing up in a small town in Honduras Keyla Sanders imagined her own version of the American Dream The reality involved dangers suffering and sacrifice during an overland journey through Guatemala and Mexico including arrests deportations and kidnapping For the first time there is a first person account from an undocumented immigrant from the Northern Triangle countries of Central America Keyla tells what inspired her to embark on a dangerous journey what the journey was like and the years of struggle she endured after attempting to navigate the U S immigration system She uses her own experience to demonstrate how this broken system is as reliant on circumstance and luck as any lottery She recounts the struggle of an undocumented immigrant while also dealing with high school young adulthood and eventually having her own children Keyla s story adds the voice of an undocumented immigrant to the conversation demonstrating that the hardships expended in achieving one s American Dream are what unite all those striving for a better life regardless of where they were born or how they got here
