Decker's Log John G. Denham, 2012-11-29 I have written three short stories involving characters developed from *The Assistant*, a sea story, my earlier work. The principles Florence and John Decker are not a youthful married couple or are they your typical man and wife. Their backgrounds are as different as day and night but function better than any oyster movement. Captain John Decker spent most of his adult life at sea, a decorated career naval officer and later as a Licensed Master Mariner in command of a modern containership. His gregarious life style and good living was truncated by an unwilling physical plant that had enough bent but not broken. John survived and was offered a job ashore by his employer in a less responsible position with commensurate benefits. Life changed and so did John. Never a brilliant leader or exciting entrepreneur, he is successful because he thinks logically and communicates well. He would be outstanding if he knew what he was doing. He has survived 8 years in a middle management role and at age 65 planned to retire. Now married and relatively settled down, John plans to become a partner with Flo in a fledgling business.

Inquiry Associates Flo, a lawyer, ex-FBI Special Agent, and a state judge, has found her true place as head of IA Inc. Started as a confidential consulting business, it quickly evolved into a problem-solving legal investigation resource for the U.S. Government and related friends. As the brains of the organization, Flo has numerous friends, acquaintances, and people she knows and people that know her on both sides of the law. One word describes her integrity: The Deckers try to live a normal life. They are frequently drawn astray by well-meaning friends and others that need their special help. This compendium relates to only three episodes in the life and struggles of Florence and John Decker of IA Inc. and their daily attempt to normally exist.

BOMB A WEIGH John and Florence Decker try the good life only to be trapped in a national emergency that verges on catastrophe. A small, effective, and efficient team of government and public volunteers react and, with unexpected assistance, battle time to seek solution.

THE FATHERS The Deckers are involved in investigating an international crime threat that if expanded can destroy governments and corrupt nations. A quickly organized response team bypasses procedures and attacks processes head on. The enemy is determined to be more powerful and corrupt than the existing rules can manage; therefore, a unique process and people are involved in the resolution.

THE PRIZE The past catches up with John Decker, and a friend asks for assistance in a delicate matter involving an Asian nation. Each development creates a bigger problem. Political and

international organized forces oppose and interfere at each opportunity The friends of the Deckers respond and short circuit processes and reach out to international leaders for help The Inquiry Associates Inc is in over its head until the U S Government is forced to be involved the tide quickly turns as the professionals act **Excel 2010 for Business Statistics**

Aspects of the Sports Industry ,2001 Giants Among Men Jack Cavanaugh,2017-09-05 From the mid 1950s to the early 1960s when basketball s Boston Celtics were piecing together a run for the ages when Montreal s Canadiens were in the midst of notching a record setting five straight Stanley Cups and when the New York Yankees were the once and future kings of the diamond one team boosted the NFL to national prominence as none other the New York Giants In Giants Among Men Jack Cavanaugh the acclaimed author of Tunney transports us to the NFL s golden age to introduce the close knit and

The Cleveland Rams James C. Sulecki, 2016-10-24 In 2016 the Rams left St Louis for Los Angeles having departed L A for St Louis in 1995 and caused much heartbreak among fans NFL teams are notorious for decamping to more profitable markets and the Rams history of opportunistic moves goes back to 1946 when they left Cleveland their original hometown where fans had cheered them to a championship a month earlier The move to L A from Cleveland shocked the NFL and shook up its power structure It also jolted the all white league into reintegration prepared the way for the Browns and made the Rams the only NFL champs ever to have spent the following season in a different city This is the story of how the Rams went from a home grown Ohio team funded by local businessmen to the first major league franchise on the West Coast and how their departure jumpstarted a chain of events in Cleveland that continues to this day **National Football League Strategies** Frank P. Jozsa Jr., 2014-06-12 This Brief identifies and contrasts the groups of expansion franchises and any teams that relocated from one metropolitan area or city to another within the National Football League NFL during three distinct periods from 1920 to 2013 It discusses historical differences and similarities between the teams markets and

performances before 1933 and then as members of the NFL's divisions and conferences. It measures and compares the emergence, development, and success of the teams by analyzing demographic, economic, and sport-specific data. It also discusses the NFL's mergers with the All American Football Conference (1950) and American Football League (1970), outlining the reasons for and consequences of these mergers as well as their significance for sports fans and markets. The book makes an important, relevant, and useful contribution to the literature regarding professional sports operations and to the NFL's short and long-run business strategies in American culture. Besides numerous sports fans within metropolitan areas and extended markets of these NFL teams, the book's audiences are sports historians and researchers, college and public libraries, and current and potential NFL franchise owners and team executives. The book may also be used as a reference or supplemental text for college and university students enrolled in such applied undergraduate and graduate courses and seminars as sports administration, sports business, and sports management.

Yet a complete understanding of where the NFL is today begins with a five-year period that was the most transformative for the league. From 1957 to 1962, the NFL saw the advent of unionization with a landmark Supreme Court decision, the legendary 1958 title game, the first to go into sudden death overtime, a challenge from the American Football League that would have important consequences for decades, the introduction of computerization and statistical analysis, the first steps towards globalization, and the hiring of legends Vince Lombardi and Tom Landry, who both contributed to the league's growing mythology. This book describes in detail the key events that helped shape the modern NFL and why this

period was so momentous to the league and its fans **A Big Mess in Texas** David Fleming, 2025-10-14 The incredible untold true story of the 1952 Dallas Texans the most dysfunctional team in the craziest season in NFL history Rattlesnakes on the practice field barroom brawls between teammates bounced checks paternity suits house bombings by the Ku Klux Klan stadium fields covered in circus elephant dung one legged trainers humiliating defeats miraculous wins All Pro quarterbacks getting drunk at halftime strip poker with groupies and even a future Hall of Fame coach stealing a cab Nearly lost to history this singular season in the most football mad region of the world is a kaleidoscope of every larger than life fictionalized Texas football folktale ever written or filmed with one incredible twist it s all true Over a fascinating ten month rollercoaster ride in 1952 in the waning Wild West days of the NFL before television turned the game into a corporation the forgotten Dallas Texans would go down in history as one of the worst and wildest teams of all time and the last NFL team to fail But not before defying the Jim Crow South pulling off a Thanksgiving Day miracle against George Halas s famed Chicago Bears and then celebrating with an even more infamous bender that would make Jimmy Johnson s Dallas Cowboys blush A year later the NFL buried all traces of the most loveable dysfunctional entertaining team in history by secretly rebranding the train wreck Texans as the wholesome all American Baltimore Colts the team that would go on to save pro football A Big Mess in Texas tells the Texans tale with all the humor drama game action colorful characters villains world class athletes civil rights trailblazers and incredible plot twists of that legendary season *Farewell to Football* Jerry Kramer, 1969
