ACC Basketball J. Samuel Walker, 2011 Since the inception of the Atlantic Coast Conference, intense rivalries, legendary coaches, gifted players, and fervent fans have come to define the league's basketball history. In *ACC Basketball*, J. Samuel Walker traces the traditions and the drama. **Podium** Ben Oakley, 2014-07-19 What does it really take to make the podium? Which of the biological, environmental, and psychological factors really shape a champion's route to the top? To answer these questions, Ben Oakley has taken the original step of combining existing research with a study of leading athletes' autobiographies. Looking at the early histories and initial challenges of serial champions in their own words, *Podium* sheds new light on their commonalities. A similar focus in training, similar influences around them, and above all, similar mental attributes are revealed, and tales of individual brilliance are given a fresh twist. From Ian Thorpe, Usain Bolt, and Chrissie Wellington to Victoria Pendleton, Lionel Messi, and Roger Federer, all we see is a smooth progression to glory, but each is a rocky path punctuated by critical episodes, and it is the response to these events that can transform talented people into winners. *Podium* is fascinating reading for anyone interested in the big names at the peak of their respective sports and essential for coaches or parents of the next budding star. This enthralling read will enrich your interpretation of champions' lives and provide a map of the complex paths through sport to the podium.

The Kings of Casino Park Thomas Aiello, 2011-08-07 In the 1930s, Monroe, Louisiana, was a town of twenty-six thousand in the northeastern corner of the state, an area described by the *New Orleans Item* as the lynch-law center of Louisiana. Race relations were bad, and the Depression was pitiless for most, especially for the working class, a great many of whom had no work at all or seasonal work at best. Yet for a few years in the early 1930s, this unlikely spot was home to the Monarchs, a

national caliber Negro League baseball team Crowds of black and white fans eagerly filled their segregated grandstand seats to see the players who would become the only World Series team Louisiana would ever generate and the first from the American South By 1932 the team had as good a claim to the national baseball championship of black America as any other Partisans claim with merit that league officials awarded the National Championship to the Chicago American Giants in flagrant violation of the league s own rules times were hard and more people would pay to see a Chicago team than an outfit from the Louisiana back country Black newspapers in the South rallied to support Monroe s cause railing against the league and the bias of black newspapers in the North but the decision unfair though it may have been was also the only financially feasible option for the league s besieged leadership who were struggling to maintain a black baseball league in the midst of the Great Depression Aiello addresses long held misunderstandings and misinterpretations of the Monarchs 1932 season He tells the almost unknown story of the team its time its fortunes its hometown and positions black baseball in the context of American racial discrimination He illuminates the culture changing power of a baseball team and the importance of sport in cultural and social history

Le Football Russ Crawford, 2016-08 There are two kinds of football in France American football was first played in France in 1909 during the cruise of the Great White Fleet Then during World War I the American military shipped footballs helmets and shoulder pads alongside rifles and ammunition to the western front A 1938 tour of two teams lead by Jim Crowley of Fordham University maintained the game until World War II when the arrival of millions of young Americans in France motivated the U S military to sponsor several bowl games During the 1950s and 1960s when the United States occupied bases in France during the Cold War American soldiers sailors and airmen played more than a thousand football games When France withdrew from NATO however American bases were forced to close leaving American football without a natural home on Gallic shores In the 1970s American college and semi pro teams tried once more to generate interest in the game among French nationals through a series of tours but until a French physical education instructor vacationed in Colorado and brought equipment back to France there was little local enthusiasm for the sport On the back of that vacation and from one team in Paris organized American football in France grew to more than 215 teams with more than 22 000 active players today Le Football tackles the struggles and successes of American football in France and discusses how unlike baseball and basketball football has never been an overt instrument of American cultural influence

Russ Crawford keeps the chains moving as he shows how the modern homegrown sport developed largely independent of American encouragement into a small but successful culture
