Advances in Artificial Intelligence Malek Mouhoub,Philippe Langlais,2017-05-06 This book constitutes the refereed proceedings of the 30th Canadian Conference on Artificial Intelligence Canadian AI 2017 held in Edmonton AB Canada in May 2017 The 19 regular papers and 24 short papers presented together with 6 Graduate Student Symposium papers were carefully reviewed and selected from 62 submissions The focus of the conference was on the following subjects Data Mining and Machine Learning Planning and Combinatorial Optimization AI Applications Natural Language Processing Uncertainty and Preference Reasoning and Agent Systems *Writing and Editing for Digital Media* Brian Carroll,2017-06-26 Writing and Editing for Digital Media teaches students how to write effectively for digital spaces whether writing for an app crafting a story for a website blogging or using social media to expand the conversation The lessons and exercises in each chapter help students build a solid understanding of the ways that digital communication has introduced opportunities for dynamic storytelling and multi directional communication With this accessible guide and accompanying website students learn not only to create content but also to become careful creative managers of that content Updated with contemporary examples and pedagogy including examples from the 2016 presidential election and an expanded look at using social media the third edition broadens its scope helping digital writers and editors in all fields including public relations marketing and social media management Based on Brian Carroll s extensive experience teaching a course of the same name this revised and updated edition pays particular attention to opportunities presented by the growth of social media and mobile media Chapters aim to Assist digital communicators in understanding the socially networked increasingly mobile always on geomapped personalized media ecosystems Teach communicators to approach storytelling from a multimedia multi modal interactive perspective Provide the basic skill sets of the digital writer and editor skill sets that transfer across all media and most communication and media industries and to do so in specifically journalistic and public relations contexts Help communicators to put their audiences first by focusing attention on user experience user behavior and engagement with their user bases Teach best practices in the areas of social media strategy management and use United States Department of Justice United States. Congress. House. Committee on the Judiciary,2013 Power to the Players Rob Smat,2023-11-21 The sea shanties YOLO s and red bandanas aren t even half of the GameStop story Did you know Robinhood didn t initiate their infamous trading halt Did you know why Redditors refer to 2021 as the sneeze rather than the squeeze Did you know that shares in your brokerage account might be counterfeits If not buckle up Witness firsthand the real and utterly ludicrous hivemind that brought Wall Street to its knees in January 2021 and find out why GameStop was only the beginning of an even more unprecedented retail contagion one which will challenge everything you think you know about our markets all over again If the meme mania of 2021 drew blood from Wall Street what follows is the Shakespearean realization that Reddit s blade was in fact poisoned In a digital world of frequently deleted revised and buried information accurately

piecing together events as they occurred is nearly impossible Other authors and journalists have understandably struggled but not author Rob Smat who has been a witness to every part of the GameStop phenomenon having lived it himself Power to the Players is as much an unabridged history of the GameStop sneeze as it is a roadmap of how retail traders regrouped in the months and years that followed when everyone else thought the story had ended in calamity The truest of diamond hands never sold and their power has only grown stronger since Before Redditors were only a nuisance to the status quo Now they

Gaming Democracy Adrienne L. Massanari, 2024-10-29 How play and gaming culture have mainstreamed far right ideology through social media platforms From Gamergate to the ongoing Big Lie the far right has gone mainstream In *Gaming Democracy* Adrienne Massanari tracks the flames of toxicity found in the far right and alt right movements as they increasingly take up oxygen in American and global society In this pathbreaking contribution to the fields of internet studies game studies and gender studies Massanari argues that Silicon Valley's emphasis on meritocracy and free speech absolutism has driven this rightward slide These ideologies have been coded into social media spaces that implicitly silence marginalized communities and subject them to rampant abuse by groups that have learned to game the ecology of platforms algorithms and attention economies While populist movements are not new phenomena such as QAnon parental rights activism and COVID denialism are uniquely of the internet with supporters demonstrating both technical acumen and an ability to use memes and play as a way of both building community and fomenting dissent Massanari explores the ways that the far right uses memetic humor and geek masculinity as tools both to create a sense of community within these leaderless groups and to obfuscate their intentions Using the lens of play and game studies as well as the concept of metagaming *Gaming Democracy* is a novel contribution to our understanding of online platforms and far right political activism *Philosophy of Religion and Art*

Gregory E. Trickett, John R. Gilhooly, 2021-03-01 This volume serves to fill a lacuna in the literature of the analytic philosophy of religion by relating key philosophical themes to broader aspects of the humanities such as visual art literature and pop culture studies The essays here range from discussions of the nature of art and religious experience to the role of art in religious dialogue and the function of narrative in religious discourse as well as cultural media and artistic and phenomenological experience *Focus On: 100 Most Popular Films Based on British Novels*

Steven G. Krantz,2017-11-07 This is the second edition of a book originally published in 1997 Today the internet virtually consumes all of our lives especially the lives of writers As both readers and writers we are all aware of blogs chat rooms and preprint servers There are now electronic only journals and print on demand books Open Access journals and joint research projects such as MathOverflow not to mention a host of other new realities It truly is a brave new world one that can be overwhelming and confusing The truly new feature of this second edition is an extensive discussion of technological developments Similar to the first edition Krantz s frank and straightforward approach makes this book particularly suitable as a textbook for an undergraduate course [JJ Abrams - A Study in Genius](#) Neil Daniels,2015-10-11 J J Abrams is one of the most successful director writer producers working in Hollywood and now that he is being offered the chance to visit a galaxy far far away to direct the long awaited Star Wars sequel his reputation is set to shoot ever higher Much like his hero Steven Spielberg such has been Abrams success that he has himself become something of a brand especially since his popular revitalisation of Star Trek as producer of the 2009 blockbuster as well as its 2013 sequel Star Trek Into Darkness However in the early nineties Abrams began his career writing relatively average movie scripts such as *Regarding Henry* and *Forever Young* before moving into the world of TV with the college based drama *Felicity* It wasn t until the spy series *Alias* that his career truly launched Since the early 2000s Abrams has dominated genre TV with the success of cult shows such as *Lost* and *Fringe* At the same time he found time for the big screen directing *Mission Impossible III* and his personal homage to Spielberg *Super 8* as well as producing the innovative monster movie *Cloverfield* Then not content with distinction in these two fields 2013 saw the release of his first novel *S* with Doug Dorst While Abrams sceptics note that not everything he has been involved with has worked after a number of his TV shows have been cancelled and some of his films have received

mixed reviews there's no question that Abrams is one of Hollywood's most powerful people Set to dominate the world of SF for years to come this is the first biography of the cult legend

Dataclysm Christian Rudder, 2014-09-09 A New York Times Bestseller An audacious irreverent investigation of human behavior and a first look at a revolution in the making Our personal data has been used to spy on us hire and fire us and sell us stuff we don't need In *Dataclysm* Christian Rudder uses it to show us who we truly are For centuries we've relied on polling or small scale lab experiments to study human behavior Today a new approach is possible As we live more of our lives online researchers can finally observe us directly in vast numbers and without filters Data scientists have become the new demographers In this daring and original book Rudder explains how Facebook likes can predict with surprising accuracy a person's sexual orientation and even intelligence how attractive women receive exponentially more interview requests and why you must have haters to be hot He charts the rise and fall of America's most reviled word through Google Search and examines the new dynamics of collaborative rage on Twitter He shows how people express themselves both privately and publicly What is the least Asian thing you can say Do people bathe more in Vermont or New Jersey What do black women think about Simon Garfunkel Hint they don't think about Simon Garfunkel Rudder also traces human migration over time showing how groups of people move from certain small towns to the same big cities across the globe And he grapples with the challenge of maintaining privacy in a world where these explorations are possible Visually arresting and full of wit and insight *Dataclysm* is a new way of seeing ourselves a brilliant alchemy in which math is made human and numbers become the narrative of our time

the Black Guy Die First?) Frederick W. Gooding Jr.,2024 Talking about race does not have to be incredibly awkward In this book Gooding offers twelve clear cogent and concise racial rubrics to help users of mainstream media more readily discern patterns hidden in plain sight The text primarily leverages popular movies as the medium of analysis since they are

unparalleled in their cultural significance but the rubrics apply to other forms of media such as television print and social media Why does the Black guy die first is a well known rhetorical question that challenges disparate treatment of nonwhite characters onscreen This subtle statement about the representation of persons of color within mainstream movies has remained largely unexplored until now Race and Media Literacy Explained provides concrete concepts and a uniform vocabulary with which to recognize and further analyze these formulaic images After participating in this dynamically interactive experience readers will never see media the same way again Book Features Employs an interdisciplinary approach to teaching race drawing on cinema and forms of popular media that most students know Guidance for honing media literacy skills with middle high school and undergraduate college students A HARM Theory Rubric that identifies 6 consistent patterns for depictions of non White characters and 6 consistent patterns for White characters within mainstream movies Questions for Questing sections provide critical questions for further exploration Concrete vocabulary glossary terms to engage with the subject matter more precisely Innovative analysis of depictions of race and ethnicity in the top ten grossing films of all time
