H. Tang, 2011 This brilliant amalgam of law history social analysis and some Confucian philosophy argues for a distinctive Chinese approach to copyright and the public interest aligning not only the Western commitment to individual creativity but also supporting public access to and use of works without the consent of the copyright holder The argument involves fascinating analysis not only of evolving Chinese attitudes to education libraries archives and censorship but also of the profound significance of the Internet in China today Hector MacQueen University of Edinburgh UK Guan Hong Tang s book offers a fresh insightful and scholarly treatment of the relationship between the law of copyright and the public interest in China Copyright legislation in China is a novelty dating from 1990 and Dr Tang provides a vivid overview of the historical and cultural tensions between traditional Chinese Confucianism and the very concept of copyright tensions which more recent legislation and case law seek to address Gillian Davies Hogarth Chambers UK Guan Hong Tang expertly highlights how the multidimensional concept of public interest has influenced the development and limitations of Chinese copyright Since 1990 China has awarded copyright individual rights but also provides for public non criminal enforcement The author reveals that pressures of development globalisation and participation in a world economy have hastened the loss of public interest from copyright However for a socialist country placing the common ahead of the individual interest the public interest also constitutes a phenomenological tool with which to limit copyright The author also discusses how the rise
