Smart Home Review:

Building Smart Home Automation Solutions with Home Assistant Marco Carvalho, 2023-09-15 A step by step guide to building cost effective and complete home automation DIY projects using tools such as Home Assistant Raspberry Pi IoT devices the Tasmota sensor ESP32 and Grafana Key Features Learn by doing using real life practical examples to build your own home automation system Create hack and configure IoT devices through hands on projects to be used with or without Home Assistant Customize your home automation system using Home Assistant Node RED InfluxDB and Grafana Purchase of the print or Kindle book includes a free PDF eBook Book Description Picture a home where you can adjust the lighting based on the time of day or when movement is detected In this same home you can also detect when a door is unexpectedly opened or an alarm is triggered in response to any suspicious activity Such automated devices form part of a smart home and the exciting part is that this book teaches you how to create and manage these devices all by yourself This book helps you create your own ecosystem to automate your home using Home Assistant software You ll begin by understanding the components of a home automation system and learn how to create hack and configure them to operate seamlessly Then you ll set up Home Assistant on a Raspberry Pi to work as a home automation server build your own IoT sensors based on ESP32 ESP8266 and set up real life automation use cases using hands on examples and projects The chapters will also guide you in using software tools such as Node RED InfluxDB and Grafana to manage present and use data collected from your Home Automation devices Finally you ll gain insights into new technologies and trends in the home automation space to help you continue with your learning journey By the end of this book you ll be able to build your own creative IoT based home automation system using different hardware and software technologies What you will learn Understand the fundamental concepts of home automation systems Set up a home automation system using Home Assistant and Raspberry Pi Create and configure ESP8266 based sensors to work with Home Assistant Hack a commercial actuator to work with Home Assistant using Tasmota Create automations customize and use applications with Home Assistant Leverage IoT software tools to take your home automation to the next level Work on hands on projects including LED strip lights and an ESP32 five zone temperature logger Explore home automation FAQs emerging technologies and trends Who this book is for The book is for engineers developers students makers and enthusiasts who re working on or interested in working with electronics and IoT devices embedded systems systems integration computer software and coding to develop their own smart home automation systems Technicians teachers and other professionals who want to learn home automation related technologies will also find this book useful Prior experience of working with Raspberry Pi creating hardware prototypes and software programming will be beneficial

Anwendungen der Medizinischen Psychologie Uwe Koch, Jürgen Bengel, 2017-02-20 Band 2 der Enzyklopädie dieser Medizinischen Psychologie stellt unter Anwendungsaspekten aktuelle Befunde aus der Psychologie die in der Medizin und in der Gesundheitsversorgung von Relevanz sind vor Die Autorinnen und Autoren behandeln in den verschiedenen Beiträgen

aus psychologischer Sicht und die Arzt-Patient-Beziehung, interprofessionelle Kooperation und rechtliche Gesprächsführung. Weitere Kapitel befassen sich mit medizinpsychologischen Interventionen wie Patientenschulungen, Psychoedukation und Interventionen bei Angehörigen, Arbeitsfelder mit besonderer medizinisch-psychologischer Relevanz wie medizinische Eingriffe, Reproduktionsmedizin, Krebs und Diabeteserkrankungen sowie ausländische Patienten werden ebenso diskutiert wie Qualitätssicherung und Evaluation. Das Buch vermittelt Ärzten, Vertretern der Pflegeberufe sowie anderen im Gesundheitswesen tätigen Personen medizinpsychologisches Wissen und Hinweise für den praktischen Umgang im medizinischen Alltag.

Distributed, Ambient and Pervasive Interactions Norbert Streitz, Shin'ichi Konomi, 2019-07-10. This book constitutes the refereed proceedings of the 7th International Conference on Distributed Ambient and Pervasive Interactions DAPI 2019 held as part of the 21st International Conference on Human Computer Interaction HCII 2019 in Orlando, Florida, USA, in July 2019. A total of 1274 papers and 209 posters have been accepted for publication in the HCII 2019 proceedings from a total of 5029 submissions. The 36 papers included in this volume were organized in topical sections on IoT and big data, smart cities and built environments, perception and emotion in DAPI, and DAPI for health and learning.

Internet of Things Vulnerabilities and Recovery Strategies Faheem Syeed Masoodi, Alwi Bamhdi, Majid Ahmad Charoo, Zubair Masoodi, Arif Lattoo, Gousiya Hussain, 2024-07-26. The Internet of Things (IoT) is a widely distributed and networked system of interrelated and interacting computing devices and objects. Because of IoT's broad scope, it presents unique security problems ranging from unsecure devices to users vulnerable to hackers. Presenting cutting-edge research to meet these challenges, *Internet of Things Vulnerabilities and Recovery Strategies* presents models of attack on IoT systems and solutions to prevent such attacks. Examining the requirements to secure IoT systems, the book offers recovery strategies and addresses security concerns related to Data Routing, Data Integrity, Device Supervision, IoT Integration, Information Storage, IoT Performance. The book takes a holistic approach that encompasses visibility, segmentation, and protection. In addition to visual approaches and policy-driven measures, the book looks at developing secure and fault-tolerant IoT devices. It examines how to locate faults and presents mitigation strategies as well as security models to prevent and thwart hacking. The book also examines security issues related to IoT systems and device maintenance.

Malware Dimitris Gritzalis, Kim-Kwang Raymond Choo, Constantinos Patsakis, 2024-11-14. This book provides a holistic overview of the current state of the art and practice in malware research as well as the challenges of malware research from multiple angles. It also provides step-by-step guides in various practical problems such as unpacking real-world malware and dissecting it to collect and perform a forensic analysis. Similarly, it includes a guide on how to apply state-of-the-art Machine Learning methods to classify malware. Acknowledging that the latter is a serious trend in malware, one part of the book is devoted to providing the reader with the state of the art in Machine Learning methods in malware classification, highlighting the different approaches that are used for e.g. mobile malware samples and introducing the reader to the challenges that are faced when shifting from

a lab to production environment Modern malware is fueling a worldwide underground economy The research for this book is backed by theoretical models that simulate how malware propagates and how the spread could be mitigated The necessary mathematical foundations and probabilistic theoretical models are introduced and practical results are demonstrated to showcase the efficacy of such models in detecting and countering malware It presents an outline of the methods that malware authors use to evade detection This book also provides a thorough overview of the ecosystem its dynamics and the geopolitical implications are introduced The latter are complemented by a legal perspective from the African legislative efforts to allow the reader to understand the human and social impact of malware This book is designed mainly for researchers and advanced level computer science students trying to understand the current landscape in malware as well as applying artificial intelligence and machine learning in malware detection and classification Professionals who are searching for a perspective to streamline the challenges that arise when bringing lab solutions into a production environment and how to timely identify ransomware signals at scale will also want to purchase this book Beyond data protection experts who would like to understand how malware siphons private information experts from law enforcement authorities and the judiciary system who want to keep up with the recent developments will find this book valuable as well **Privacy Symposium 2024**

Jaap-Henk Hoepman, Meiko Jensen, Maria Grazia Porcedda, Stefan Schiffner, Sébastien Ziegler, 2025-02-08 This book presents the proceedings of the Privacy Symposium 2024 The book features a collection of high quality research works and professional perspectives on personal data protection and emerging technologies Gathering legal and technology expertise it provides cutting edge perspective on international data protection regulations convergence as well as data protection compliance of emerging technologies such as artificial intelligence e health blockchain edge computing Internet of Things V2X and smart grid Papers encompass various topics including international law and comparative law in data protection and compliance cross border data transfer emerging technologies and data protection compliance data protection by design technology for compliance and data protection data protection good practices across industries and verticals cybersecurity and data protection assessment and certification of data protection compliance and data subject rights implementation

Handbook of Electronic Assistive Technology Ladan Najafi, Donna Cowan, 2018-11-15 Electronic Assistive Technology EAT is a subset of a wider range of products and services known as Assistive Technology AT AT is designed to support and enable people with disabilities either acquired or congenital to participate in activities with greater independence and safety With a global aging population it has an important role to play in enabling and supporting those with disability and their carers Handbook of Electronic Assistive Technology discusses a range of commonly available or emerging electronic assistive technologies It provides historical background advice when assessing for these devices and references different models of provision It includes both medical and engineering aspects of provision It is anticipated that the book will support students trainees and newly qualified Assistive Technology Practitioners to develop their understanding of the field by considering the

variables that could potentially influence the decision making process when assessing for and providing this equipment It also provides a reference point for those already practicing in this field and offers coverage of a broader range of technologies than clinicians may be exposed to in their daily work This is the first reference book to focus on a comprehensive set of electronic assistive technologies and discuss their clinical application Provides comprehensive coverage of electronic assistive devices Gives an overview of physical and cognitive pathologies and approaches for utilizing electronic assistive devices for individuals affected by these pathologies Covers essentials for assistive technology practitioners human factors and technologies

Security, Trust and Privacy Models, and Architectures in IoT Environments Lidia Fotia,Fabrizio Messina,Domenico Rosaci,Giuseppe M.L. Sarné,2023-04-20 This book is dedicated to the issues of security trust and privacy models and architectures in IoT environments The authors aim to capture the latest research and contributions from academy industry and other stakeholders on new security models architectures protocols and standards for ensuring security privacy and trustworthiness to IoT systems The authors discuss the convergence of IoT software agents and edge computing to introduce social features into IoT systems combining trustworthiness and reputation information collected by agents at the edge with security and privacy mechanisms They also cover experimental and simulated campaigns that evaluate strategies to improve the security and privacy of the IoT world and at the same time the ability to prevent and deter deceptive behaviors The book is relevant for researchers professionals academics and students

Ambient Assisted Living Laura Fiorini,Alessandra Sorrentino,Pietro Siciliano,Filippo Cavallo,2024-12-19 This book provides state of the art information on ambient assisted living AAL and focuses on technologies services living spaces policies and interventions to promote health improve quality of life and active aging It includes various research contributions case studies and projects where assistive technologies are successfully applied in the field and it covers a wide range of topics tailoring products and services to the aging society bio data and artificial sensing AAL scenarios cognition and technologies and designing for inclusion and well being The book gathers the refereed proceedings of the 13th Italian Forum on Ambient Assisted Living ForItAAL held in Florence Italy on June 25 28 2024 With its wide ranging contributions to the topic the book inspires the readers and the researchers to continue their exploration of AAL technologies to support the development of products and services that make a real difference in people s daily lives

Sensor Technology for Smart Homes Juan Ye,Michael O'Grady,Oresti Banos,2021-04-21 This Special Issue presents the recent advances in sensor technologies for smart homes including fiber Bragg grating FBG sensors for detecting the presence and number of occupants the Internet of things for monitoring CO2 concentration and designing a novel eye tracking system for monitoring and controlling a smart home and infrared thermal sensors for fall detection Such new explorations are pushing the boundary of sensing technologies and thus will have more profound implications for the future smart home Advanced machine learning and data mining algorithms have been proposed to address sensor failure appliance identification and human activity recognition in a home environment

These results will enable a promising sustainable deployment of sensing technologies A novel multi agent gamification system is proposed for managing tasks between household members and between families which demonstrate another dimension of future smart home application This Special Issue concludes with a review on sensors for human activity recognition This work paves the roadmap for deploying smart home systems in different socioeconomic contexts The whole Special Issue has significantly helped to shape our understanding of the strength implications and barriers of deploying long term sustainable sensor technologies for smart homes

Security in Smart Home Networks Yan Meng,Haojin Zhu,Xuemin (Sherman) Shen,2023-01-17 This book presents the security and privacy challenges of the smart home following the logic of terminal device voice interface application platform For each component the authors provide answers to the three questions 1 In the terminal device layer how to conduct cross layer privacy breach analysis and provide effective countermeasures 2 In the voice interface layer how to design effective and lightweight schemes to defend against voice spoofing 3 In the application layer how to design an effective anomaly detection system without breaching the application platform The authors conduct a thorough analysis of the security threats and challenges in each component of the smart home review the existing state of the art solutions proposed by other researchers and elaborate on proposed countermeasures This book aims to provide both security threats analysis and state of the art countermeasures for the smart home network

Progress in Artificial Intelligence Manuel Filipe Santos,José Machado,Paulo Novais,Paulo Cortez,Pedro Miguel Moreira,2024-11-15 The 3 volume set LNAI 14967 14968 and 14969 constitutes the proceedings of the 23rd EPIA Conference on Artificial Intelligence EPIA 2024 held in Viana do Castelo Portugal during September 3 6 2024 The 94 full papers presented in these proceedings were carefully reviewed and selected from 187 submissions The papers are organized in the following topical sections Volume I AI and Creativity AIC Ambient Intelligence and Affective Environments AmIA Artificial Intelligence and IoT in Agriculture AIoTA Artificial Intelligence and Law AIL and Artificial Intelligence for Industry and Societies AI4IS Volume II Artificial Intelligence in Medicine AIM Artificial Intelligence in Power and Energy Systems AIPES Artificial Intelligence in Transportation Systems AITS Ethics and Responsibility in AI ERAI and General AI GAI Volume III Generative AI Foundations and Applications GenAI Intelligent Robotics IROBOT Knowledge Discovery and Business Intelligence KDBI Natural Language Processing Text Mining and Applications TeMA and Data Centric AI Solutions and Emerging Technologies DCenAI

Current and Future Trends on Intelligent Technology Adoption Mohammed A. Al-Sharafi,Mostafa Al-Emran,Garry Wei-Han Tan,Keng-Boon Ooi,2024-06-12 This book explores current and future trends in adopting intelligent technologies among individuals and organizations The edited book includes empirical and review studies primarily focusing on these issues This focus aids scholars in conducting future research in the domain and identifying possible future developments of emerging technologies The empirical studies in the book utilize recent and advanced analytical techniques for data analysis

Smart Trends in Computing and Communications Yu-Dong Zhang,Tomonobu Senjyu,Chakchai So-In,Amit

Joshi,2021-10-25 This book gathers high quality papers presented at the Fifth International Conference on Smart Trends in Computing and Communications SmartCom 2021 organized by Global Knowledge Research Foundation GR Foundation from March 2 3 2021 It covers the state of the art and emerging topics in information computer communications and effective strategies for their use in engineering and managerial applications It also explores and discusses the latest technological advances in and future directions for information and knowledge computing and its applications Advanced Information Systems Engineering Workshops Jennifer Horkoff,Estefania Serral,Jelena Zdravkovic,2022-05-24 This book constitutes the thoroughly refereed proceedings of the international workshops associated with the 34th International Conference on Advanced Information Systems Engineering CAiSE 2022 which was held in Leuven Belgium during June 6 10 2022 The workshops included in this volume are BC4IS Second International Workshop on Blockchain for Information Systems ISESL Second International Workshop on Information Systems Engineering for Smarter Life KET4DF 4th International Workshop on Key Enabling Technology for Digital Factories They reflect a broad range of topics and trends ranging from blockchain technologies via digital factories ethics and ontologies to the agile methods for business and information systems The 11 full papers and 1 short paper presented in this book were carefully reviewed and selected from 23 submissions

Techno-Anthropology in Health Informatics Pernille Bertelsen,Christian Nohr,2015-08-06 Techno Anthropology is an emerging interdisciplinary research field focusing on human technology interactions and relations and how these can be understood and facilitated in context Techno Anthropology also considers how technological innovation development and implementation can be made in an appropriate and pragmatic way in relation to understanding work practices Techno Anthropology has much to offer the health informatics and eHealth fields and this book presents the work of experienced international researchers who share here how they have applied Techno Anthropology methodologies to their research The book is divided into three sections ethnographic and anthropological perspectives on methodology ethical and sociotechnical approaches and users participation and human factors Topics covered include learning the craft of Techno Anthropology anthropological approaches in studying technology induced errors technology and the ecology of chronic illness in everyday life Techno Anthropologists as agents of change and using rapid ethnography to support the design and implementation of health information technologies as well as many more Of interest to researchers and practitioners within the health informatics field as well as students and scholars the book will inspire researchers and practitioners to examine health informatics from a new perspective **Computational Science and Computational Intelligence** Hamid R.

Arabnia,Leonidas Deligiannidis,Farzan Shenavarmasouleh,Soheyla Amirian,Farid Ghareh Mohammadi,2025-09-15 The CCIS book constitutes selected papers accepted in the Research Track on Artificial Intelligence of the 11th International Conference on Computational Science and Computational Intelligence CSCI 2024 which took place in Las Vegas NV USA during December 11 13 2024 The 25 full papers included in this book were carefully reviewed and selected from a total of

383 submissions They were organized in topical sections on machine learning neural networks knowledge graphs and applications artificial intelligence and novel applications and computational intelligence and applications *Marketing and AI: Shaping the Future Together* Vincent Jeseo,Jasmine Parajuli,2024-12-23 The growing availability of data intelligent computational systems and affordable storage and software has spurred a keen interest among marketers to explore new artificial intelligence AI methods and applications to enhance outcomes However this technological race can lead marketers to hastily implement AI platforms without a clear objective causing organizations to lose focus become disconnected from customers waste resources and blindly follow a never ending trend This book explores the influence of AI on the marketing field Featuring full papers presented at the 2024 Academy of Marketing Science Annual Conference in Coral Gables FL USA this book offers research theories methodologies and case studies on the use of AI by marketers in various areas to better serve customers and satisfy their needs It also explore the role that academics play in supporting marketing scholars students researchers consumers practitioners and stakeholders in understanding and navigating these technological changes Founded in 1971 the Academy of Marketing Science is an international organization dedicated to promoting timely explorations of phenomena related to the science of marketing in theory research and practice Among its services to members and the community at large the Academy offers conferences congresses and symposia that attract delegates from around the world Presentations from these events are published in this Proceedings series which offers a comprehensive archive of volumes reflecting the evolution of the field Volumes deliver cutting edge research and insights complementing the Academy s flagship journals the Journal of the Academy of Marketing Science JAMS and AMS Review Ambient Assisted Living Alessandro Leone,Andrea Caroppo,Gabriele Rescio,Giovanni Diraco,Pietro Siciliano,2019-02-02 This book documents the state of the art in the field of ambient assisted living AAL highlighting the impressive potential of novel methodologies and technologies to enhance well being and promote active ageing The coverage is wide ranging with sections on care models and algorithms enabling technologies and assistive solutions elderly people monitoring home rehabilitation ICT solutions for AAL living with chronic conditions robotic assistance for the elderly sensing technologies for AAL and smart housing The book comprises a selection of the best papers presented at the 9th Italian Forum on Ambient Assisted Living ForitAAL 2018 which was held in Lecce Italy in July 2018 and brought together end users technology teams and policy makers to develop a consensus on how to improve provision for elderly and impaired people Readers will find that the expert contributions offer clear insights into the ways in which the most recent exciting advances may be expected to assist in addressing the needs of the elderly and those with chronic conditions *Mobility Internet of Things 2018* Dagmar Cagáňová,Natália Hornáková,2020-02-03 The scientific monograph Mobility IoT deals with innovative technologies influencing industry and connectivity sectors in the future industrial urban social and sustainable development The mobility and Internet of Things are worldwide phenomena almost in everyday life It is a challenge in many industries not only in car

manufacturing sector but additionally in e mobility smart cities smart factories Industry 4 0 smart logistics social mobility technological innovations sustainability multicultural development Internet of Things sectors etc belonging to the topic of SMART Mobility IoT issue Features practical tested applications in Internet of Things mobility as presented at Mobility IoT 2018 Includes application domains such as urban mobility smart factory social mobility and sustainability Applicable to researchers academics students and professionals

Whispering the Strategies of Language: An Psychological Journey through **Smart Home Review**

In a digitally-driven world where displays reign supreme and instant communication drowns out the subtleties of language, the profound secrets and mental nuances hidden within words usually move unheard. Yet, situated within the pages of **Smart Home Review** a fascinating literary treasure pulsing with natural emotions, lies a fantastic quest waiting to be undertaken. Penned by a skilled wordsmith, that charming opus invites viewers on an introspective journey, delicately unraveling the veiled truths and profound impact resonating within ab muscles fabric of each and every word. Within the emotional depths with this poignant evaluation, we can embark upon a heartfelt exploration of the book is core subjects, dissect its interesting publishing design, and fail to the effective resonance it evokes serious within the recesses of readers hearts.

Smart Home Review Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Smart Home Review free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Smart Home Review free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer

free PDF downloads on a specific topic. While downloading Smart Home Review free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Smart Home Review. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Smart Home Review any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Smart Home Review Books

1. Where can I buy Smart Home Review books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Smart Home Review book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Smart Home Review books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.

7. What are Smart Home Review audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Smart Home Review books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
