Tiktok This Month Returns:

Return of the Junta Oliver Slow, 2023-01-26 On the first day of February 2021 Myanmar's military grabbed power in a coup d'état ending a decade of reforms that were supposed to break the shackles of military rule in Myanmar. Protests across the country were met with a brutal crackdown that shocked the world but were a familiar response from an institution that has ruled the country with violence and terror for decades. *Return of the Junta* is a detailed account of the ways that Myanmar's military the Tatmadaw has maintained control over its people despite a decade of supposed reform. In this detailed account drawing on first-hand accounts from activists, journalists, and politicians, Oliver Slow explores the measures the military has used to keep hold of power and the motivations of those now rising up against its rule. The book asks the question: what needs to be done to remove the military from power in Myanmar once and for all? ***Musicking TikTok*** Juan Bermúdez, 2024-12-12 This ethnographic work about TikTok's musicking in a global Austrian context complements and builds upon ethnomusicological assumptions, theories, and methods for the study of musical practices in digital spaces. An overview of elements that make up TikTok's interface as well as the technical performative possibilities that it allows, this book introduces a general categorization of existing performance types and how TikTokkers appropriate the platform to make their music. It illustrates how some TikTokkers became aware of and began using TikTok and it reviews some of the different strategies TikTokkers apply to learn how to use the application and successfully develop their performances. Bermúdez explores how performers move from being ordinary users to becoming TikTokkers, developing and performing an identity he calls TikTok Persona. Moreover, he discusses how some TikTok practices can and have occurred across multiple interconnected platforms and he examines how localities are articulated and negotiated in these contexts. Bermúdez argues for an understanding of musicking as a multimedia practice that different actors create and experience individually in everyday synchronous and asynchronous physical and digital situations. The so-called TikTokkers create a sense of identity and community through their performances. This study suggests that a digital performance can be, aside from a representation of reality, an integral part of it, serving as a fundamental space for constructing and performing identity. ***Under Assault*** Dennis Molinaro, 2025-11-18 **FOREWORD BY CHERIE WONG** National security expert Dennis Molinaro reveals the shocking details of Beijing's five decades-long effort to influence and interfere in Canadian political life. From cultivating future political leaders at the end of the Cultural Revolution to the foreign interference scandals that have shaken present-day Ottawa, this definitive book addresses one of the most urgent issues of our time. Amidst heightened tensions between Western nations and China, Canadians have found themselves astonished by hostage crises, cyberattacks, harassment of members of our government, and theft of intellectual property worth untold billions of dollars. Guided by Molinaro's experience as a historian and China specialist, *Under Assault* focuses on the actions of the People's Republic of China's government and its governing party, the Chinese Communist Party, against Canada during the past fifty years. From Prime Minister Pierre Elliott

Trudeau's earliest journeys through the Middle Kingdom prior to his election to Parliament in the 1960s the communist government of the PRC has perceived Canada as a staging ground for spying on and pressuring its ultimate target the United States When Canada's first tech giant Nortel was plundered of intellectual property by digital spies while Canada was manipulated into advocating against the independence of Taiwan and as Chinese Canadians were targeted in the country where they thought they'd escaped Mao's terrors Canada's leaders have too often seen only what they want to see in China an emerging market of inestimable value and fertile soil for democratic change for a long tyrannized people Generations of Communist leadership have gladly allowed Canada's government to labour under these misapprehensions even when the evidence of China's spying theft and harassment of Canadian citizens has been happening right before its eyes Canada has rarely allowed itself to believe what the rest of the world has long understood Informed by numerous interviews with generations of Canadian politicians diplomats and bureaucrats members of diaspora communities targeted by China who have endured this harassment for too long as well as by new revelations from recently declassified CSIS documents Under Assault is a timely eye opening account of a country compromised by its own illusions in a time of rising global conflict and a burgeoning new world order

WHEN GIANTS RETURN: The 7 Battles Every Believer Must Win Dr. Mishael Carson, 2025-11-08

THE GIANTS ARE BACK They Never Really Left They Just Got Smarter The terror at Kadesh Barnea wasn't about physical size When the spies reported We saw the Nephilim there we seemed like grasshoppers in our own eyes and we looked the same to them Numbers 13:33 they weren't just describing giants outside the walls They were confessing the giants that had already conquered their hearts That confession cost an entire generation their destiny Forty years of wandering Forty years of watching promises turn to dust in the desert wind Forty years of knowing they could have been living in milk and honey but chose to believe in giants instead Here's the truth bomb The giants blocking your promised land aren't just out there they're inside you Fear Compromise Pride Lust Strife Deception Depression Seven ancient enemies that occupied Canaan are back and they're occupying YOU And they're winning The Pattern Repeats History doesn't just rhyme it roars The same enemies that kept Israel out of Canaan for forty years are keeping believers out of their spiritual inheritance today Different names same spirits Different weapons same war Look around How many Christians do you know who are living in the fullness of God's promises How many are walking in genuine freedom unshakeable peace and transformative power Now count how many are stuck in cycles the same battles the same defeats the same wilderness wanderings their parents and grandparents faced The giants didn't disappear They adapted They traded iron spears for invisible chains They swapped city walls for mental strongholds They exchanged physical intimidation for psychological warfare And they're more effective than ever because most of us don't even know we're in a fight Why This Matters Right Now You're at a Jordan River moment God has promises with your name on them purpose calling freedom breakthrough impact Divine appointments waiting Kingdom assignments prepared A spiritual inheritance purchased by the blood of Christ and guaranteed by His resurrection But between you and that promised land Giants Big ones Mean ones And they're not moving without a fight They've been squatting on your territory for years maybe decades They've convinced you their presence is normal that their voice is yours that their limitations are just reality They've redecorated your prison cell so comfortably you've forgotten you're in captivity The bad news These giants are real powerful and strategic They know your weaknesses better than you do They've studied your family line learned your triggers and perfected their attacks over generations The good news They're not invincible Israel conquered them David conquered them And Christ already crushed them at Calvary The even better news You're about to learn their weaknesses their tactics and exactly how to take them down The Ancient Blueprint When God commanded Israel to drive out the seven nations of Canaan He wasn't just giving military orders He was revealing a spiritual pattern that would echo through every generation Paul understood this when he
