No Filter Sarah Frier, 2020-04-14 Winner of the 2020 Financial Times and McKinsey Business Book of the Year Award Finalist for SABEW S Inaugural Best in Business Book Award In this sequel to The Social Network The New York Times award winning reporter Sarah Frier reveals the never before told story of how Instagram became the most culturally defining app of the decade The most enrapturing book about Silicon Valley drama since Hatching Twitter Fortune No Filter pairs phenomenal in depth reporting with explosive storytelling that gets to the heart of how Instagram has shaped our lives whether you use the app or not The New York Times In 2010 Kevin Systrom and Mike Krieger released a photo sharing app called Instagram with one simple but irresistible feature it would make anything you captured look more beautiful The cofounders cultivated a community of photographers and artisans around the app and it quickly went mainstream In less than two years it caught Facebook s attention Mark Zuckerberg bought the company for a historic 1 billion when Instagram had only thirteen employees That might have been the end of a classic success story But the

cofounders stayed on trying to maintain Instagram's beauty brand and cachet considering their app a separate company within the social networking giant. They urged their employees to make changes only when necessary, resisting Facebook's grow at all costs philosophy in favor of a strategy that highlighted creativity and celebrity. Just as Instagram was about to reach a billion users, Facebook's CEO Mark Zuckerberg, once supportive of the founders' autonomy, began to feel threatened by Instagram's success. Frier draws on unprecedented access from the founders of Instagram as well as employees, executives, and competitors: Anna Wintour of Vogue, Kris Jenner of the Kardashian Jenner empire, and a plethora of influencers worldwide to show how Instagram has fundamentally changed the way we show, eat, travel, and communicate, all while fighting to preserve the values which contributed to the company's success. Deeply reported and beautifully written, Nick Bilton's *Vanity Fair No Filter* examines how Instagram's dominance acts as a lens into our society today, highlighting our fraught relationship with technology, our desire for perfection, and the battle within tech for its most valuable commodity: our attention.

Social Media Marketing by Gerry T. Warner, 2018-03-30. Learn how to leverage the power of Social Media with Social Media Marketing today to help you achieve your business and online marketing goals.
