[Survival of the High Maintenance](#) Conrad Riker, Why Are Modern Women Programmed to Drain Your Wallet and Willpower Ever felt like a human ATM to the women you date Confused why nice guys finish last while bad boys thrive Tired of legal traps that punish you for simply being a man Expose the biological code behind her endless demands Unlock why hypergamy drives women to trade up not settle Arm yourself against financial and emotional vampirism Decode feminism's role in inflating female entitlement Spot

Dark Triad tactics before she drains your savings Rebuild purpose with stoic discipline and crypto escapes Navigate courts rigged to strip men of wealth and dignity Transform from beta simp to unshackled alpha sovereign If you want to outsmart the system reclaim your power and escape the marriage plantation buy this book today before she takes the dog and the Tesla

The Autonomous Revolution William H. Davidow, Michael S. Malone, 2020-02-18 The bestselling authors of The Virtual Corporation describe how the rise of AI and virtual environments are ushering in an epic cultural transformation We are at the dawn of the Autonomous Revolution a turning point in human history as decisive as the Agricultural and Industrial Revolutions More and more AI based machines are replacing human beings and online environments are gathering our data and using it to manipulate us This loss of human autonomy amounts to nothing less than a societal phase change a fundamental paradigm shift The same institutions will remain schools banks churches and corporations but they will radically change form obey new rules and use new tools William H Davidow and Michael S Malone go deeply into the enormous implications of these developments They show why increases in productivity no longer translate into increases in the GDP and how zero cost one to many communications have been turned into tools for cybercrime and propaganda Many of the book's recommendations such as using taxes to control irresponsible internet behavior and enabling people to put their data into what are essentially virtual personal information safety deposit boxes are bold and visionary but we must figure out how we will deal with these emerging challenges now before the Autonomous Revolution overcomes us Lots of books talk about what's happening This book talks about the why behind the what It will transform your view of the future Geoffrey Moore bestselling author of Crossing the Chasm A provocative work combining historical inquiry present day technology crises and possible future solutions Library Journal

Accounting Information Systems Arline A. Savage, Danielle Brannock, Alicja Foksinska, 2024 *Accounting Information Systems* presents a modern professional perspective that develops the necessary skills students need to be the accountants of the future Through high quality assessment and a tool agnostic approach students learn course concepts more efficiently and understand how course concepts are applied in the workplace through real world application To help students to be the accountants of the future the authors incorporate their own industry experience and help showcase how AIS concepts are used through tools spotlighting real accounting professionals and job opportunities This international edition provides new and expanded coverage of topics including components of AIS database forms and reports and software tools for graphical documentation The edition also includes new cases from across the world in the In the Real World feature in select chapters showing how the concepts in the chapter apply to a real world company or business Every chapter now includes new Concept Review questions at the end of each section focusing on key points students need to remember

Moby Dyke Krista Burton, 2024-06-04 A former Rookie contributor and creator of the popular blog *Effing Dykes* investigates the disappearance of America's lesbian bars by visiting the last few in existence Lesbian bars have always been treasured safe spaces for their customers providing not only a good time but a shelter from societal alienation and outright persecution In 1987 there were 206 of them in America Today only a couple dozen remain How and why did this happen What has been lost or possibly gained by such a decline What transpires when marginalized communities become more accepted and mainstream In *Moby Dyke* Krista Burton attempts to answer these questions firsthand venturing on an epic cross country pilgrimage to the last few remaining dyke bars Her pilgrimage includes taking in her first drag show since the onset of the pandemic at The Back Door in Bloomington Indiana competing in

dildo races at Houston's Pearl Bar and despite her deep seated hatred of karaoke joining a group serenade at Nashville's Lipstick Lounge and enjoying the dreaded pastime for the first time in her life While Burton sets out on the excursion to assess the current state of lesbian bars she also winds up examining her own personal journey from coming out to her Mormon parents to recently marrying her husband a trans man whose presence on the trip underscores the important conversation about who precisely is welcome in certain queer spaces and how they and their occupants continue to evolve Moby Dyke is an insightful and hilarious travelogue that celebrates the kind of community that can only be found in windowless rooms soundtracked by Britney Spears heavy playlists and illuminated by overhead holiday lights no matter the time of year
