Marketing in Latin America and the Caribbean Joseann Knight,Fabrizio Noboa S.,Barney G. Pacheco,2022-03-17 Latin America and the

Caribbean are often placed in the same geographical and economic grouping. However, too little is known in either region about the other's business cultures and marketplaces. *Marketing in Latin America and the Caribbean* is a casebook that analyses the marketing histories, challenges, strategies, and vision of small, medium, and large indigenous businesses from South America, Central America, Mexico, and the Caribbean. The book is divided into three core sections: Marketing Tactics (including product development, pricing, and digital marketing), Marketing Strategy (which considers brand development, targeting, and positioning, and competitive advantage), and Global and Regional Marketing (considering strategic alliances, global expansion, and supply chain management). The work also captures the competitive strategies used by indigenous firms to drive regional and global expansion in the face of sometimes turbulent marketing environments. Several of the cases in the book encourage student readers to assess the impact of the COVID-19 pandemic on the strategies and futures of Latin American and Caribbean firms. Filling a gap in the literature by focusing on this understudied region and its indigenous firms, this text is essential and recommended reading for advanced undergraduate and postgraduate students studying International Marketing, Marketing Management, and Strategy. It will also be of use to academic faculty seeking classroom material that captures authentic Latin American and Caribbean marketing realities. The work is supplemented by detailed Teaching Notes for each chapter, available online for instructors.

I Saw the Signs, I Just Ignored Them Marilyn L. Hart, 2019-12-16. Mary, Cindy, Ariel, and Gloria were inseparable growing up. They promised each other at their high school graduation they would always stay in touch. But life happened as they moved to different states, got married, and raised their families. Thirty years later they meet again at their high school reunion. That day they decided in two years when they all turned fifty they were going to take an All Girls vacation cruise in Europe. Not only would this cruise be their birthday celebrations, but it would also be Cindy's bachelorette party. Being the guest of honor, she convinced her friends it would be fun to play their childhood movie game and called it the Bachelorettes Sleuths. As soon as they got onboard the cruise ship, Mary saw the signs something was not right. What was supposed to be a game was becoming too real to life. She tried warning her friends, but they kept telling her it was her overactive writer's imagination. She knew differently this time she was not going to ignore the signs and hoped she wasn't too late.

See America First Marguerite Shaffer, 2013-08-06. In *See America First*, Marguerite Shaffer chronicles the birth of modern American tourism between 1880 and 1940, linking tourism to the simultaneous growth of national transportation systems, print media, a national market, and a middle class with money and time to spend on leisure. Focusing on the *See America First* slogan and idea employed at different times by railroads, guidebook publishers, Western boosters, and Good Roads advocates, she describes both the modern marketing strategies used to promote tourism and the messages of patriotism and loyalty embedded in the tourist experience. She shows how tourists as consumers participated in the search for a national identity that could assuage their anxieties about American society and culture. Generously illustrated with images from advertisements, guidebooks, and travelogues, *See America First*
